 PROXY FORM  
 MANAGEMENT REPORT

## PART I.

### INFORMATION REQUIRED IN INFORMATION STATEMENT

#### A. GENERAL INFORMATION

##### **Item 1. Date, Time and Place of Meeting**

The enclosed Information Statement will be used in connection with the annual meeting of the stockholders of Semirara Mining Corporation (the "Corporation") to be held on **May 5, 2014, at 10:00 A.M., Turf Room, Manila Polo Club, Inc., McKinley Rd., Forbes Park, Makati City 1220, Philippines.**

The Definitive Information Statement will be sent to the stockholders of record as of March 21, 2014 (the "Record Date") at least fifteen (15) business days prior to May 5, 2014 or not later than April 8, 2014. The matters to be considered and acted upon at such meeting are referred to in the Notice and are more fully discussed in this statement. The Corporation's complete mailing address is **2<sup>nd</sup> Floor, DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Philippines.**

##### **Item 2. Dissenter's Right of Appraisal**

Pursuant to Section 81 of the Corporation Code of the Philippines, a stockholder has the right to dissent and demand payment of the fair value of his shares in the following instances:

- (a) In case any amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholders or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any shares of any class, or of extending or shortening the term of corporate existence.
- (b) In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets as provided in the Corporation Code;
- (c) In case the corporation decides to invest its funds in another corporation or business outside of its primary purpose; and
- (c) In case of merger or consolidation.

A stockholder must have voted against the proposed corporate action in order to avail himself of the appraisal right. The procedure for the exercise by a dissenting stockholder of his appraisal right is as follows:

- (a) The dissenting stockholder shall make a written demand on the corporation within 30 days after the date on which the vote was taken for payment for the fair value of his shares. The failure of the stockholder to make the demand within 30 day period shall be deemed a waiver on his appraisal right;
- (b) If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of corresponding certificate(s) of stock within 10 days after demanding payment for his shares (Sec. 86), the fair value thereof; and
- (c) Upon payment of the agreed or awarded price, the stockholder shall transfer his share to the corporation.

Appraisal right is not available for any items of the agenda for the May 5, 2014 stockholders' meeting.

##### **Item 3. Interest of Certain Persons in or Opposition to Matters to be acted upon**

Other than election to office, no director, officer, nominee for election as director or associate of any of the foregoing shall have a substantial interest, direct or otherwise, in any matter to be acted upon at the annual stockholders' meeting.

No director has informed the Corporation that he/she intends to oppose any action to be taken up by the Corporation at the annual stockholders' meeting.

**B. CONTROL AND COMPENSATION INFORMATION**

**Item 4. Voting Securities and Principal Holders Thereof**

- (a) As of March 21, 2014 the Corporation has 356,250,000 outstanding common shares.
- (b) The Board of Directors of the Corporation has set March 21, 2014, as the record date (the “Record Date”) to determine the stockholders of the Corporation entitled to notice of and to vote at the annual stockholders’ meeting scheduled on May 5, 2014.
- (c) At the annual stockholders’ meeting to be held on May 5, 2014, the holders of common shares as of the Record Date shall be entitled to vote on the following items, each share of outstanding common stock shall be entitled to one (1) vote: (i) approval of the minutes of the previous meeting of stockholders; (ii) approval of the Management Report; (iii) ratification of the acts of the Board of Directors and Management from the date of the last Annual Stockholder’s meeting up to the date of this meeting; (iv) ratification of the Corporation’s authority to execute securities and corporate guarantee in relation to the procurement of project debt facility by its wholly-owned subsidiary, St. Raphael Power Generation Corporation for its power plant with a capacity of up to 400 MW, as follows: Pledge of 67% of Corporation’s voting shares in St. Raphael Power Generation Corporation, Interim corporate Suretyship and Shareholder’s Support Agreement to fund construction cost overruns via equity or subordinated loans; (v) approval of amendments to the Articles of Incorporation, as follows: change in corporate name to Semirara Mining and Power Corporation, increase in authorized capital stock from ₱1,000,000,000.00 to ₱3,000,000,000.00 and change in principal office address from Metro Manila to 2/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Metro Manila; (vi) approval of amendments to the By-Laws increasing to two-thirds (2/3) the quorum for Board of Directors to transact business; (vii) approval of 200% stock dividends amounting to ₱712,500,000.00, divided into 712,500,000 shares at the par value of ₱1.00 per share, or two (2) common shares for every one common share held, from the unrestricted retained earnings of the Corporation as of December 31, 2013, and to be issued from the increase in the authorized capital stock of the Corporation with delegation to the President of the power to determine the record and payment dates; and (viii) appointment of the independent external auditors.

In the election of directors, every stockholder entitled to vote shall have the right to vote in person or by proxy the number of common shares of stock standing in his name as of Record Date. A stockholder entitled to vote may vote such number of shares for as many persons as there are directors to be elected, or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit. Provided, that the total number of votes cast by him shall not exceed the number of shares owned by him as shown in the books of the Corporation multiplied by the whole number of directors to be elected. No discretionary authority to cumulate votes is being solicited.

- (d) **Security Ownership of Certain Record and Beneficial Owners and Management.** - The following table sets forth as of March 10, 2014, the record or beneficial owners of more than five percent (5%) of the outstanding common shares of the Corporation and the amount of such record or beneficial ownership.

Title of Class	Name, Address of record owner and relationship with Issuer	Name of Beneficial Owner of more than 5% and Relationship with Record Owner	Citizenship	Amount/ Nature of Record/ Beneficial Ownership	Percent of Class
Common	DMCI Holdings, Inc. 3/F Dacon Bldg, 2281 Don Chino Roces Ave.,	See <i>Schedule 1</i>	Filipino	200,647,533	56.32%

	Makati City, stockholder of record <sup>1</sup>				
Common	PCD Nominee Corp., stockholder of record	N.A.	Filipino	48,243,331	13.54%

Common	Sharade E. Padilla	600	90	690	Filipino	0.00%
Aggregate Ownership of all directors and officers as a group		<b>459,442</b>	<b>1,691,122</b>	<b>2,150,564</b>	Filipino	0.60%

The percentages of ownership of the above officers and directors are minimal. There are no arrangements, which may result in a change in control of the registrant.

- (f) **Voting trust holders of five percent (5%) or more.** - There are no voting trust agreements or any other similar agreement which may result in a change in control of the Corporation of which the Corporation has any knowledge.
- (g) **Changes in Control.** - From May 6, 2013 to date, there has been no change in control in the Management of the Corporation.

<sup>1</sup> Messrs. David M. Consunji, Isidro A. Consunji, Herbert M. Consunji and Cesar A. Buenaventura shall exercise the voting rights in behalf of DMCI Holdings, Inc.

<sup>2</sup> Mr. Victor A. Consunji, Jorge A. Consunji and Ms. Ma. Cristina C. Gotianun shall exercise the voting rights in behalf of Dacon Corporation.

<sup>3</sup> Shares are either held by members of the family sharing the same household or by a corporation of which the reporting person is a controlling shareholder.

(h) **Certain Relationship and Related Transactions.** - In 2013, Related Party Transactions are ordinary and normal in the course of business and did not include financial assistance or loans to affiliates or related entities which are not wholly-owned subsidiaries. Note 18 of the attached Audited Consolidated Financial Statements for the period ended December 31, 2013 indicates the Corporation's significant transactions with related parties. Below are the descriptions of said transactions:

1. Due from DMCI Power Corporation (DMCI-PC) pertains to materials issuances, contracted services and various services provided by the Parent Company. All outstanding balances from DMCI-PC are included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.

SCPC engaged DMCI-PC for the management, operation and maintenance of the power plant. The agreement was entered into in 2011 and is effective for a period of 10 years from January 1, 2011 and maybe renewed for another 10 years.

2. Due from DMCI Mining Corporation (DMCI-MC) pertains to the contracted services incurred by DMCI-MC during the year, which are initially paid by the Parent Company. All outstanding balance from DMCI-MC is included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.
3. Due from DMCI Masbate Power Corporation (DMCI-MPC) pertains to the security contracted services incurred during the year, which are initially paid by the Parent Company. The outstanding balance from DMCI-MPC is included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.
4. Dacon Corporation, a shareholder of DMCI-HI, provided maintenance of the Parent Company’s accounting system, Navision, to which related expenses are included in operating expenses under “Office and other expenses” in the consolidated statements of comprehensive income (see Note 21).

All outstanding balances to Dacon Corporation are included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

D.M. Consunji, Inc. (DMCI) had transactions with the Parent Company representing rentals of office, building and equipments and other transactions such as transfer of equipment, hauling and retrofitting services. The related expenses are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income (see Note 20).

The Parent Company engaged the services of DMCI for the construction of its 1 x 15 MW Power Plant located at Semirara Island, to which the related cost are capitalized as part of property, plant and equipment in the consolidated statements of financial position. The Parent Company also engaged the service of DMCI for the construction of various projects in compliance with its Corporate Social Responsibility (CSR) such as the mine rehabilitation, construction of covered tennis courts, track and field, perimeter fence and others to which related expenses are included in cost of sales “Outside services”

in the consolidated statements of comprehensive income (see Note 20). All outstanding balances to DMCI are lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

SCPC engaged DMCI in the ongoing rehabilitation of the power plant. Cost of construction services provided by DMCI is capitalized as part of property, plant and equipment “Equipment in transit and construction in progress” account and outstanding balance are included in the “Trade payable - related parties” account.

SCPC also engaged DMCI for transfer of equipment and hauling services. The said rentals are included in the operating expenses of the consolidated statements of comprehensive income.

SLPGC engaged DMCI in the construction of the 2 x 150 MW coal-fired power plant. Advance payments for construction and retention payable are recorded under “Advances to contractors” and “Other noncurrent liabilities”, respectively. Outstanding balances to DMCI are included under “Trade payable - related parties” account.

5. DMC-Construction Equipment Resources, Inc. (DMC-CERI) had transactions with the Parent Company for services rendered relating to the Parent Company’s coal operations. These include services for the confirmatory drilling for coal reserve and evaluation of identified potential areas, exploratory drilling of other minerals within Semirara Island, dewatering well drilling along cut-off wall of Panian mine and fresh water well drilling for industrial and domestic supply under an agreement. Expenses incurred for said services are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income (see Note 20).

DMC-CERI also provides the Parent Company marine vessels for use in the delivery of coal to its various customers. The coal freight billing is on a per metric ton basis plus demurrage charges for delays in loading and unloading of coal cargoes. Expenses incurred for these services are included in cost of sales under “Hauling and shiploading costs” in the consolidated statements of comprehensive income (see Note 20).

Furthermore, DMC-CERI provides the Parent Company labor services relating to coal operations including those services rendered by consultants. Expenses incurred for said services are included in cost of sales under “Direct labor” in the consolidated statements of comprehensive income (see Note 20).

Labor costs related to manpower services rendered by DMC-CERI represent actual salaries and wages covered by the period when the services were rendered to Parent Company in its coal operations. Under existing arrangements, payments of said salaries and wages are given directly to personnel concerned.

All outstanding balances to DMC-CERI are included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

6. Prominent Fruits, Inc. supplies various office supplies and refreshments to the Parent Company. The outstanding balance to Prominent Fruits, Inc. is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

M&S Company, Inc. (M&S) supplies various supplies and materials to the Parent Company. Outstanding balance is included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

7. Asia Industries Inc. had transactions with the Parent Company for the rental of parking space to which related expenses are included in operating expenses under “Office and other expenses” in the consolidated statements of comprehensive income (see Note 21). The outstanding balance to Asia Industries, Inc. is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

DMC Urban Property Developers, Inc. (DMC-UPDI) had transactions with the Parent Company representing long-term lease on office space and other transactions rendered to the Parent Company necessary for the coal operations. Office rental expenses are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income (see Note 20). The outstanding balance to DMC-UPDI is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

8. Royal Star Aviation Inc. transports the Parent Company’s visitors and employees from Manila to Semirara Island and vice versa and bills the related party for the utilization costs of the aircrafts. The related expenses are included in cost of sales under “Production overhead” in the consolidated statements of comprehensive income (see Note 20). The outstanding balance to Royal Star Aviation, Inc. is lodged in trade and other payables under “Trade payable to related parties” in the consolidated statements of financial position.

## **Item 5. Directors and Executive Officers**

### **(a) Names, ages and citizenship of all Directors, including Independent Directors and Executive Officers and all persons nominated or chosen to become such**

1. **Directors.** - The following incumbent Directors have been nominated to the Board of Directors for the ensuing year and have accepted their nomination:

No.	Board	Names	Citizenship	Age
1.	Chairman	David M. Consunji	Filipino	92
2.	Vice-Chairman	Isidro A. Consunji	Filipino	65
3.	Member	Victor A. Consunji	Filipino	63
4.	Member	Jorge A. Consunji	Filipino	62
5.	Member	Cesar A. Buenaventura	Filipino	84
6.	Member	Ma. Cristina C. Gotianun	Filipino	59
7.	Member	George G. San Pedro	Filipino	74
8.	Member	Ma. Edwina C. Laperal	Filipino	52
9.	Member	Herbert M. Consunji	Filipino	61
10.	Independent	Victor C. Macalincag	Filipino	78
11.	Independent	Federico E. Puno	Filipino	67

Messrs. David M. Consunji, Isidro A. Consunji, Victor A. Consunji, Jorge A. Consunji, Herbert M. Consunji, and Cesar A. Buenaventura were formally nominated to the Nomination and Election Committee (Nomelec) by a shareholder of the Corporation, Ms. Ma. Cristina C. Gotianun on February 28, 2014. Ms. Gotianun is the daughter of Mr. David M. Consunji, sister of Messrs. Isidro A. Consunji, Victor A. Consunji and Jorge A. Consunji, and cousin of Mr. Herbert M. Consunji. She is not related to Mr. Cesar A. Buenaventura. Further, Meses. Ma. Cristina C. Gotianun, Ma. Edwina C. Laperal and Mr. George G. San Pedro were nominated by Mr. Victor A. Consunji on March 3, 2014. Mr. Victor A. Consunji is the brother of Meses. Gotianun and Laperal. He is not related by affinity or consanguinity to Mr. San Pedro. Finally, Messrs. Victor C. Macalincag and Federico E. Puno, both independent directors, were nominated by Mr. Antonio C. Olizon on March 3, 2014. Mr. Olizon is a stockholder of the Corporation and is not related by affinity or consanguinity to the nominees. The deadline for submission of nominees is not later than March 5, 2014 and the validation of proxy is scheduled on April 29, 2014, 4:00 p.m. at the office of the Corporation and shall be conducted by the Special Committee of Inspectors designated by the Board.

The nominees to the Board for election at the annual stockholders' meeting on May 5, 2014, have served the Corporation for at least five years.

The record of attendance of Directors to board meetings for the year 2013 is as follows:

Board	Name	Date of Election	Number of Meeting Held during the Year	Meetings Attended	%
Chairman	David M. Consunji	May 6, 2013	9	8	89

The summary of the qualifications of all incumbent Directors, nominees for directors for election at the annual stockholders' meeting and Executive Officers of Corporation is set forth in **Schedule 2** hereof.

- (b) **Term of Office.** - The term of office of the Directors and Executive Officers is one (1) year from their election as such and until their successors shall have been elected and qualified.
- (c) **Independent Directors.** - Under its Revised Code of Corporate Governance, as amended, submitted to the SEC on March 8, 2011, the Corporation is required to have at least two (2) Independent Directors or such number of Independent Directors as shall constitute at least twenty percent (20%) of the members of the Board of Directors of the Corporation, whichever is lesser. The two (2) nominees for Independent Directors were nominated on March 3, 2014 by a stockholder of the Corporation, Mr. Antonio C. Olizon and selected by the Nomelec in accordance with the guidelines in the Revised Code of Corporate Governance (SEC Memorandum Circular No. 6, Series of 2009) and the Guidelines on the Nomination and Election of Independent Directors (SRC Rule 38).

On December 8, 2008, the SEC approved the amendment to the Corporation's By-Laws to include Art. III thereof on the adoption of SRC Rule 38. The Corporation abides to SRC Rule 38, its By-Laws, and the relevant or subsequent circulars, memoranda or notices of SEC regarding the qualifications, nomination and election, the submission of Certificate of Qualification, and the required number of independent directors. DMCI Holdings, Inc. (DHI) is the majority stockholder of the Corporation and the nominated independent directors are neither stockholders nor directors of DHI.

Further, the independent directors herein nominated are compliant with the term limits pursuant to SEC Memorandum Circular No. 9, Series of 2011, which took effect on January 2, 2012.

(d) **Other Directorship Held in Reporting Companies - Naming each Company. -**

Federico E. Puno	<ul style="list-style-type: none"> <li>▪ Independent Director, Republic Glass Holdings Corp.</li> </ul>

- (e) **Family Relationship.** - Mr. David M. Consunji is the father of Messrs. Isidro A. Consunji, Victor A. Consunji, Jorge A. Consunji, Ma. Cristina C. Gotianun and Ma. Edwina C. Laperal. Mr. Herbert M. Consunji is the nephew of Mr. David M. Consunji and cousin of Messrs. Isidro A. Consunji, Victor A. Consunji, Jorge A. Consunji, Ma. Cristina C. Gotianun and Ma. Edwina C. Laperal.

- (f) **Legal Proceedings.** - None of the directors and officers was involved in the past five (5) years in any bankruptcy proceeding. Neither have they been convicted by final judgment in any criminal proceeding, nor been subject to any order, judgment or decree of competent jurisdiction, permanently enjoining, barring, suspending, or otherwise limiting their involvement in any type of business, securities, commodities or banking activities, nor found in an action by any court or administrative body to have violated a securities or commodities law.

Except for the following, none of the directors, executive officers and nominee for regular director of the Company is subject to any pending criminal cases:

- (1) **Pp. vs. Consunji, et. al., Criminal Case No. Q-02-114052, RTC-QC, Branch 78.** - A complaint for violation of Article 315(2)(a) of the Revised Penal Code, as qualified by Presidential Decree No. 1689 was filed in RTC-QC Branch 78 as Criminal Case No. Q-02-114052 pursuant to a resolution of the Quezon City Prosecutor dated December 3, 2002 in I.S. No. 02-7259 finding probable cause against the directors and officers of Universal Leisure Club (ULC) and its parent company, Universal Rightfield Property Holdings, Inc., including Isidro A. Consunji as former Chairman, Cesar A. Buenaventura and Ma. Edwina C. Laperal as former directors of ULC. Complainants claim to have been induced to buy ULC shares of stock on the representation that ULC shall develop a project known as “a network of 5 world clubs.”

The case was re-raffled to RTC-QC Branch 85 (the “Court”). On January 10, 2003 respondents filed their Motion for Reconsideration on the resolution dated December 3, 2002 recommending the filing of the complaint in court, which was granted on August 18, 2003. Accordingly, a Motion to Withdraw Information was filed in Court. On September 11, 2003, complainants’ sought reconsideration of the resolution withdrawing the information, but was denied by the City Prosecutor. By reason of the denial, Complainants’ filed a Petition for Review with the Department of Justice (DOJ) on August 26, 2005.

Meanwhile, the Court granted the withdrawal of information on June 6, 2005. Complainants filed a Motion for Reconsideration and Urgent Motion for Inhibition, but were both denied by the Court in its Omnibus Order dated November 29, 2005. Thereafter, a Notice of Appeal was filed by the complainants, but was ordered stricken out from records by the Court for being unauthorized and declaring the Omnibus Order final and executory in its Order dated February 22, 2007. The Petition for Review, however, filed by the Complainants with the DOJ on August 26, 2005 is pending to date.

- (2) **Rodolfo V. Cruz, et. al. vs. Isidro A. Consunji, et. al., I.S. Nos. 03-57411-I, 03-57412-I, 03-57413-I, 03-57414-I, 03-57415-I, 03-57446-I and 03-57447-I, Department of Justice, National Prosecution Service.** - These consolidated cases arose out of the same events in the immediately above-mentioned case, which is likewise pending before the DOJ.

In its 1<sup>st</sup> Indorsement dated December 9, 2003, the City Prosecutor for Mandaluyong City, acting on a motion for inhibition filed by complainants, through counsel, recommended that further proceedings be conducted by the DOJ. In an order dated February 3, 2004, the DOJ designated State Prosecutor Geronimo Sy to conduct the preliminary investigation of this case. The last pleading filed is a notice of change of address dated June 27, 2008 filed by complainants’ counsel.

- (g) **Significant Employees.** - Except for the above directors and officers, the Corporation has no other significant employees (as the term is defined under the SRC and its implementing rules and regulations).

## **Item 6. Compensation of Directors and Executive Officers**

- (a) **Compensation of Directors and Executive Officers.** - All executive officers of the Corporation are elected or appointed by the Board of Directors and serve for one year and until their successors are

duly elected and qualified. Set forth below are the names of the CEO and five (5) most highly compensated officers of the Corporation:

Name and Principal Position	Years	Salary	Bonus	Other Annual Compensation
Isidro A. Consunji Vice-Chairman & CEO				
Victor A. Consunji President and COO				
George G. San Pedro VP & Resident Manager				
Jaime B. Garcia VP-Procurement & Logistics				
Junalina S. Tabor Chief Finance Officer				
	2012	10,042,500.00	60,588,235.59	3,165,753.43
	<b>2013</b>	10,649,058.33	71,617,647.35	3,396,451.27
	<b>2014*</b>	10,649,058.33	71,617,647.35	3,396,451.27
	<b>Total</b>	<b>₱31,340,616.66</b>	<b>₱203,823,530.29</b>	<b>₱9,958,655.97</b>
All other Directors and Officers as a group	2012	8,979,750.00	24,745,000.12	4,363,863.01
	<b>2013</b>	9,107,385.09	27,665,058.95	4,657,794.44
	<b>2014*</b>	9,107,385.09	27,665,058.95	4,657,794.44
	<b>Total</b>	<b>₱27,194,520.18</b>	<b>₱80,075,118.02</b>	<b>₱13,679,451.89</b>

*\*Approximate amounts*

The amount reflected as compensation of the named executive officers represents salary approved by the Corporation's Board of Directors. The amounts indicated in relation thereto are restated to conform to the new accounting standards.

All directors of the Corporation receive an annual retainer fee of ₱240,000.00 as approved in the May 2009 Annual Stockholders' Meeting and ₱20,000.00 fixed per diem for every meeting held and attended by each director who serves as Chairman or a member of the Corporation's Board Committees. Aside from executive directors with employment compensation, there are no other directors with arrangements such as consulting contracts.

- (b) **Employment Contracts, Compensatory Plan or Arrangement.** - There is no contract covering their employment with the Corporation and they hold office by virtue of their election and/or appointment to office. The Corporation has no agreements with its named executive officers regarding any bonus, profit sharing, except for benefits for which they may be entitled under the Corporation's retirement plan. On the other hand, members of the Board of Directors may be granted bonuses in accordance with the Corporation's By-laws.
- (c) **Stock Warrants or Options.** - There are no outstanding warrants, options, or right to repurchase any securities held by the directors or executive officers of the Corporation.

#### Item 7. Independent Public Accountant

The accounting firm of SyCip Gorres Velayo & Co. ("SGV") is currently, and for the fiscal year recently completed, the Corporation's independent public accountant, Ms. Cyril Jasmin B. Valencia has been appointed as the partner-in-charge.

Representatives of SGV are expected to be present at the stockholders' meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

There have been no changes in or disagreement with the Corporation's accountants on accounting and financial disclosures.

Pursuant to the General Requirements of SRC Rule 68, paragraph 3 (Qualifications and Reports of Independent Auditors), the Corporation has engaged the services of SGV as external auditor, and Ms. Cyril Jasmin B. Valencia is the Partner-In-Charge for less than five years or starting 2012. There is compliance with SEC Circular No. 8 Series of 2003 and SRC Rule 68(3)(b)(ix) (Rotation of External Auditors).

**C. ISSUANCE AND EXCHANGE OF SECURITIES**

Not applicable for annual stockholders' meeting.

**D. OTHER MATTERS**

**Item 8. Summary of matters to be submitted for Stockholders' approval:**

- (a) **Approval of Minutes of the Previous Meeting of Stockholders held last May 6, 2013.** - Below is the summary of items and/or resolutions approved at the Annual Stockholders' Meeting last May 6, 2013:
- (1) Approval of the Previous Minutes of the Stockholders' Meeting held on May 7, 2012
  - (2) Ratification of the Acts of the Board for the year 2012
  - (3) Approval and/or ratification of the Corporation's Interim Suretyship and Shareholder's Support for construction overruns via equity or subordinated loans, Pledge of Corporation's 67% shares held in Southwest Luzon Power Generation Corporation; and
  - (4) Appointment of the SGV, as the Independent External Auditor for the year 2013.
- (b) **Approval of Management Report.**- The President of the Corporation shall report on the results of operations and financial performance of the Corporation,
- (c) **Ratification of the Acts of the Board of Directors and Officers for the Preceding Year until the Date of the Annual Stockholders Meeting.** - Resolutions, contracts, and acts of the board of directors and management for ratification refer to those passed or undertaken by them during the year and for the day to day operations of the Corporation as contained or reflected in the attached annual report and financial statements. The summary of acts and resolutions of the Board of Directors for the year 2013 is set forth in *Schedule 3*.
- (d) **Ratification of the Corporation's authority to execute securities and corporate guarantees in relation to the procurement of Project Debt Facility by its wholly-owned subsidiary, St. Raphael Power Corporation for its power plant with a capacity of up to 400 MW as follows: (a) Pledge of 67% shares held in St. Raphael Power Generation Corporation; (b) Corporate Interim Suretyship and (c) Shareholder's Support Agreement to fund construction cost overruns via equity or subordinated loans.** - In 2007 the Corporation's stockholders approved the Corporation's venture in power Generation. In August 31, 2011, Southwest Luzon Power Generation Corporation (SLPGC), a wholly-owned subsidiary of the Corporation, was incorporated to own and operate the 2x150 Mega Watt (MW) power plant located in Calaca, Batangas. In May 7, 2012, the Corporation's stockholders approved and ratified the following guarantees for the P11.5 Billion loan secured by SLPGC's to finance its power plant project, to wit: Corporate Interim Suretyship, pledge of 67% of shares held in SLPGC and Shareholder's Support for construction overruns via equity or subordinated loans.

On September 10, 2013, St. Raphael Power Generation Corporation (SRPGC), a wholly-owned subsidiary of the Corporation was incorporated to own and operate a power plant with a capacity of up to 400 MW with an estimated project cost of USD600 million. Said power plant will be located in Calaca, Batangas adjacent the SLPGC's 2x150 MW power plant. Similar to SLPGC, SRPGC shall secure a syndicated term loan of up to USD420 million or its peso equivalent in order to partially finance the engineering, procurement and construction costs, interest during construction, taxes and duties, financing fees and costs, legal and consulting costs, and permanent working capital requirements of the SRPGC's power plant with the same kind of securities and guarantees to be provided by SRPGC's parent company, Semirara Mining Corporation. On March 6, 2014, the Board of Directors of the Corporation approved the extension of said securities and guarantees, and recommends

to the stockholders of the Corporation approval thereof in order to secure the project financing of SRPGC's power plant

**(e) Approval to the Amendments to the Corporation's Articles of Incorporation, as follows:**

- (1) **Amendment to Article I changing the corporate name to Semirara Mining and Power Corporation.** – On March 6, 2014, the Board of Directors of the Corporation approved the proposed change to the corporate name to reflect the forward integration of the Corporation's business as a coal producer or supplier to power generation.
- (2) **Amendment to Article VII increasing the Authorized Capital Stock from ₱1,000,000,000.00 to ₱3,000,000,000.00.** - On March 6, 2014, the Board of Directors of the Corporation approved the proposed amendment on the increase in authorized capital stock. This will address the Corporation's requirements for any business and financial purposes as determined by the Board of Directors from time to time. This shall support future Board recommendations, such as but not limited to raising capital through the sale of common stock; acquiring other companies, businesses, products or services in exchange for shares of common stock, and other transactions and corporate purposes that the Board of Directors deems to be in the Company's best interest.

The Corporation proposes to implement the increase in authorized capital stock from ₱1,000,000,000.00 to ₱3,000,000,000.00, by way of a 200% stock dividends amounting to ₱712,500,000.00 divided into 712,500,000 shares at the par value of ₱1.00 per share, or two (2) common shares for every one common share held from the unrestricted retained earnings of the Corporation as of December 31, 2013

- (3) **Amendment to Article III to indicate the complete principal address of the Corporation to 2/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Metro Manila.** On March 6, 2014, the Board of Directors of the Corporation approved this proposed amendment in compliance with SEC Memorandum Circular No. 6, Series of 2014 requiring amendment of Corporation's Articles of Incorporation on or before December 31, 2014.
- (f) Approval to the Amendment to Section 8, Article II of the Corporation's By-Laws increasing the quorum requirements to conduct business by the Board of Directors from majority to two-thirds (2/3).** – On March 6, 2014, the Board of Directors of the Corporation approved the proposed amendment to the By-laws for the purpose of aligning with global best practices on board performance.
- (g) Approval of 200% stock dividends amounting to ₱712,500,000.00 divided into 712,500,000 shares at the par value of ₱1.00 per share or two (2) common shares for every one common share held from the unrestricted retained earnings of the Corporation as of December 31, 2013 and to be issued from the increase in the authorized capital stock of the Corporation with authority delegated to the President to fix the record and payment dates.** – On March 6, 2014, the Board of Directors of the Corporation approved the increase to the authorized capital stock of the Corporation from ₱1,000,000,000.00 to ₱3,000,000,000.00 by way of declaration of a stock dividend amounting to ₱712,500,000.00, divided into 712,500,000 shares from the unrestricted retained earnings of the Corporation as of December 31, 2013.
- (h) Election of Directors.** - Election of the eleven (11) directors of the Corporation to serve for one (1) year and until their successors are duly elected and qualified.
- (i) Appointment of an Independent External Auditor.** SyCip Gorres Velayo & Co. is recommended by the Board of Directors as the Corporation's Independent External Auditor

**Item 9. Voting Procedures.** - The counting and validation of votes shall be supervised by a committee appointed by the Nomination and Election Committee headed by the Corporate Secretary. The Company appointed SGV & Co. as independent body to count and validate the votes by poll cast by the shareholders during the ASM.

**(a) Approval of Minutes of Previous Meeting of Stockholders**

- (1) Vote required. A majority of the outstanding common stock present constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(b) Approval of Management Report**

- (1) Vote required. A majority of the outstanding common stock present in person or in proxy constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(c) Ratification of the acts of the Board of Directors and Officers for the Preceding Year until the Date of the Annual Stockholders Meeting**

- (1) Vote required. A majority of the outstanding common stock present in person or in proxy provided a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(d) Ratification of the Corporation authority to execute securities and corporate guarantees in relation to the procurement of Project Debt Facility by its wholly-owned subsidiary, St. Raphael Power Corporation for its power plant with a capacity of up to 400 MW as follows: (a) Pledge of 67% shares held in St. Raphael Power Generation Corporation; (b) Corporate Interim Suretyship and (c) Shareholder's Support Agreement to fund construction cost overruns via equity or subordinated loans.**

- (1) Vote required. Two-thirds (2/3) of the outstanding common stock present in person or in proxy constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(e) Amendments to the Corporation's Articles of Incorporation**

- (1) Vote required. Two-thirds (2/3) of the outstanding common stock present in person or in proxy constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(f) Approval to the Amendments to Section 8, Article II of the Corporation's By-laws**

- (1) Vote required. A majority vote of the outstanding common stock present in person or in proxy constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(g) Approval of 200% stock dividends amounting to ₱712,500,000 divided into 712,500,000 shares at the par value of ₱1.00 per share or two (2) common shares for every one common share held from the unrestricted retained earnings of the Corporation as of December 31, 2013 and to be issued from the increase in the authorized capital stock of the Corporation with authority delegated to the President to fix the record and payment dates**

- (1) Vote required. Two-thirds (2/3) of the outstanding common stock present in person or in proxy constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

**(h) Election of Directors**

- (1) Vote Required. The eleven (11) directors receiving the highest number of votes shall be declared elected.
- (2) Cumulative voting applies. Under this method of voting, a stockholder entitled to vote shall have the right to vote in person or by proxy the number of shares of stock standing in his own name on the stock books of the Corporation as of the Record Date and said stockholder may vote such number of shares for as many persons as there are directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit. The votes shall be counted by secret ballot.

The quorum required in the election of directors is majority of the outstanding capital stock entitled to vote. The eleven (11) nominees obtaining the highest number of votes in accordance with Section 24 of the Corporation Code shall be proclaimed directors.

**(i) Appointment of Independent External Auditor**

- (1) Vote required. A majority of the outstanding common stock present constituting a quorum.
- (2) Method by which the vote shall be counted. Each outstanding common share shall be entitled to one (1) vote. The votes shall be counted by secret ballot.

The Corporation's Management does not intend to bring any matter before the meeting other than those set forth in the Notice in the annual meeting of stockholders and does not know of any matters to be brought before the meeting by others.

**Item 10. Market for Registrant's Common Equity and Related Stockholder Matters**

Please refer to Part II, pages 10-12 of the Management Report attached to this Information Statement.

**PART II  
PROXY FORM  
SEMIRARA MINING CORPORATION**

**Item 1. Identification.** This proxy is being solicited by the **MANAGEMENT OF SEMIRARA MINING CORPORATION** (the "**Corporation**"). The Chairman of the Board of Directors or, in his absence, the Vice-Chairman or President of the Corporation will vote the proxies at the Annual Stockholders' Meeting to be held on **May 5, 2014, 10:00 o'clock in the morning, Turf Room, Manila Polo Club, Inc., McKinley Rd., Forbes Park, Makati City 1220, Philippines.**

**Item 2. Instructions.**

- (a) The proxy must be duly accomplished by the stockholder of record as of Record Date, or his duly authorized agent. In case of a stockholder that is a corporation or a partnership, the proxy must be accomplished by the officer or agent that is duly authorized to do so by virtue of an appropriate corporate or partnership resolution.
- (b) Duly accomplished proxies must be delivered to the Corporate Secretary of the Corporation not later than April 24, 2014, 5:30 p.m. at the following address: **SEMIRARA MINING CORPORATION, 2<sup>nd</sup> Floor DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Philippines.**
- (c) In case of a corporate stockholder, the proxy must be accompanied by a corporate secretary's certificate quoting the board resolution authorizing the relevant corporate officer to execute the proxy for the corporate stockholder.
- (d) In case of shares of stock owned jointly by two or more persons, the consent of all co-owners must be necessary for the execution of the proxy. For persons owning shares in an "and/or" capacity, any one of them may execute the proxy.
- (e) Validation of proxies will be done by the Special Committee of Inspectors designated by the Board on April 29, 2014, 4:00 o'clock in the afternoon. at the 2<sup>nd</sup> Floor, DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Philippines. Any dispute which may arise pertaining to the validation

shall be resolved by the Securities and Exchange Commission upon formal complaint filed by the aggrieved party.

- (f) Unless otherwise indicated by the stockholder, a stockholder shall be deemed to have designated the Chairman of the Board of Directors, or in his absence, the President of the Corporation, as his proxy for the annual stockholders meeting to be held on May 5, 2014.
- (g) If the number of shares of stock is left in blank, the proxy shall be deemed to have been issued for all of the stockholder's shares of stock in the Corporation as of Record Date.
- (h) The manner in which this proxy shall be accomplished, as well as the validation hereof shall be governed by the provisions of SRC Rule 20(11)(b).
- (i) The stockholder executing the proxy shall indicate the manner by which he wishes the proxy to vote on the matters in (1), (2), (3), (4), (5), (6), (7), (8), and (9) below by checking the appropriate box. **WHERE THE BOXES (OR ANY OF THEM) ARE UNCHECKED, THE STOCKHOLDER EXECUTING THE PROXY IS DEEMED TO HAVE AUTHORIZED THE PROXY TO VOTE IN FAVOR OF THE ITEMS SPECIFIED HEREUNDER.**

**The Undersigned hereby appoints:**

- (a) **The Chairman of the Board of Directors of the Corporation, or in his absence, the Vice-Chairman or the President of the Corporation, or in their absence,**
- (b) \_\_\_\_\_

as his/her/its Proxy to attend the stockholders' meeting of the Corporation, and any adjournment or postponement thereof, and thereat to vote all shares of stock held by the undersigned as specified below and on any matter that may properly come before said meeting.

1. **Approval of minutes of previous Annual Stockholder's meeting held on May 6, 2013.**

For                       Against                       Abstain

2. **Approval of Management Report**

For                       Against                       Abstain

3. **Ratification of the acts of the Board of Directors and Management from the date of the last Annual Stockholders' Meeting up to the date of this Meeting.**

For                       Against                       Abstain

4. **Ratification of the Corporation authority to execute securities and corporate guarantees in relation to the procurement of Project Debt Facility by its wholly-owned subsidiary, St. Raphael Power Corporation for its power plant with a capacity of up to 400 MW as follows: (a) Pledge of 67% shares held in St. Raphael Power Generation Corporation; (b) Corporate Interim Suretyship and (c) Shareholder's Support Agreement to fund construction cost overruns via equity or subordinated loans**

For                       Against                       Abstain

5. **Approval to the Amendments to the Corporation's Articles of Incorporation:**

- a) Amendment to Article I changing the corporate name to Semirara Mining and Power Corporation

**Turf Room, Manila Polo Club, Inc., McKinley Road, Forbes Park, Makati City**

**RATIONALE FOR EACH AGENDA FOR APPROVAL TO THE STOCKHOLDER, PROFILE OF  
NOMINEES FOR DIRECTORS  
CORPORATION'S DIVIDEND POLICY**

<b>Agenda</b>		<b>Rationale</b>
<b>Item No. 3</b>	Approval of the Minutes of previous meeting held on May 6, 2013	Every Annual Stockholder's Meeting of the Corporation the minutes of previous meetings are presented to the stockholders for their approval.
<b>Item No. 4</b>	Approval Of Management Report	At every Annual Stockholder's Meeting of the Corporation, the Management of the Corporation presents to the stockholders for approval the results of its operations and financial performance of the Corporation for past year.
<b>Item No. 5</b>	Ratification of the acts of the Board of Directors and Management from the date of the last Annual Stockholders' Meeting up to the date of this Meeting	At every Annual Stockholder's Meeting of the Corporation seeks ratification of the acts of the Board of Directors and Management. The resolutions of the Board are enumerated in Schedule 3 of its SEC Form 20-IS.
<b>Item No. 6</b>	Ratification of the Corporation's Authority to Execute Securities And Corporate Guarantees in relation To the procurement of Project Debt Facility by its wholly-owned subsidiary, St. Raphael Power Generation Corporation for its power plant with a capacity of up to 400 MW, as follows: (a) Pledge of 67% of corporation's voting shares in St. Raphael Power Generation Corporation (b) Interim Corporate Suretyship, and (c) Shareholder's Support Agreement to fund construction cost overruns via equity or subordinated loans	St. Raphael Power Generation Corporation's power plant will start of as a merchant plant, i.e. without existing power supply contracts. As such lenders under the Project Debt Facility requires that the parent company, Semirara Mining Corporation to issue securities and guarantees as a condition for loans in favor of St. Raphael Power Generation Corporation.
<b>Item No. 7</b>	Approval of amendments to the Articles of Incorporation:	
	(a) Change in corporate name to Semirara Mining and Power Corporation	The proposed amendment in the corporate name of the Company is sought to reflect the forward integration of the Company's business as a coal supplier or producer to power generation through its wholly-owned subsidiaries.
	(b) Increase In Authorized Capital Stock from ₱1,000,000,000 To ₱3,000,000,000	The Board has determined the Increase in Authorized Capital Stock to be advisable and in the Company's best interest. The additional authorized capital may be used to readily address Company's requirements for business and financial purposes as determined by the Board of Directors from time to time. This shall support

		future Board recommendations, which may include, but not limited to, raising capital through the sale of common stock, acquiring other companies and businesses in exchange for shares of common stock, and other transactions and corporate purposes that the Board of Directors deems to be in the Company's best interest.
	(c) Change in principal office address from "Metro Manila" to "2/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Metro Manila" in Compliance with SEC Memorandum Circular No. 6, Series of 2014	Change in Principal address from Metro Manila as indicated in the Articles is sought in order to comply with the directive of the Securities and Exchange Commission (SEC) under SEC Memorandum Circular No. 6, Series of 2014
<b>Item No. 8</b>	Approval of amendment to the By-Laws- Increase to Quorum for the Board of Directors to transact business from majority to two-thirds (2/3) of the whole number of directors as fixed in the Articles Of Incorporation.	To adopt to align to best practices and enhance Board performance
<b>Item No. 9</b>	Approval Of 200% stock dividends amounting to ₱712,500,000, divided into 712,500,000 shares at the par value of ₱1.00 per share, Or two (2) common shares for every one common share held, from the Unrestricted Retained Earnings of the Corporation as of December 31, 2013, and to be issued from the increase in the Authorized Capital Stock of the Corporation with delegation to the President of the power to determine the Record and Payment dates.	This goes hand-in-hand with the increase in the authorized capital stock of the corporation. The stock dividends shall be taken from the Unrestricted Retained Earnings of the Corporation as of December 31, 2013 and issued from the increase in the authorized capital stock to comply with the minimum paid-up capital required by law.
<b>Item No. 10</b>	Election of Directors for 2014-2015

**PROXY FORM  
SEMIRARA MINING CORPORATION**

**Item 1. Identification.** This proxy is being solicited by the **MANAGEMENT OF SEMIRARA MINING CORPORATION** (the “**Corporation**”). The Chairman of the Board of Directors or in his absence, the Vice-Chairman or President of the Corporation will vote the proxies at the Annual Stockholders’ Meeting to be held on **May 5, 2014, 10:00 o’clock in the morning at the Turf Room, Manila Polo Club, Inc., McKinley Road, Forbes Park, Makati City, Philippines.**

**Item 2. Instructions.**

- (a) The proxy must be duly accomplished by the stockholder of record as of Record Date, or his duly authorized agent. In case of a stockholder that is a corporation or a partnership, the proxy must be accomplished by the officer or agent that is duly authorized to do so by virtue of an appropriate corporate or partnership resolution.
- (b) Duly accomplished proxies must be delivered to the Corporate Secretary of the Corporation not later than April 24, 2014 at the following address: **SEMIRARA MINING CORPORATION, 2<sup>nd</sup> Floor DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City.**
- (c) In case of a corporate stockholder, the proxy must be accompanied by a corporate secretary’s certificate quoting the board resolution authorizing the relevant corporate officer to execute the proxy for the corporate stockholder.
- (d) In case of shares of stock owned jointly by two or more persons, the consent of all co-owners must be necessary for the execution of the proxy. For persons owning shares in an “and/or” capacity, any one of them may execute the proxy.
- (e) Validation of proxies will be done by the Special Committee of Inspectors designated by the Board on April 29, 2014, 4:00 o’clock in the afternoon. at the 2<sup>nd</sup> Floor, DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Philippines. Any dispute which may arise pertaining to the validation shall be resolved by the Securities and Exchange Commission upon formal complaint filed by the aggrieved party.
- (f) Unless otherwise indicated by the stockholder, a stockholder shall be deemed to have designated the Chairman of the Board of Directors, or in his absence, the President of the Corporation, as his proxy for the annual stockholders meeting to be held on May 5, 2014.
- (g) If the number of shares of stock is left in blank, the proxy shall be deemed to have been issued for all of the stockholder’s shares of stock in the Corporation as of Record Date.
- (h) The manner in which this proxy shall be accomplished, as well as the validation hereof shall be governed by the provisions of SRC Rule 20(11)(b).
- (i) The stockholder executing the proxy shall indicate the manner by which he wishes the proxy to vote on the matters in (1), (2), (3), (4), (5), (6), (7), (8) and (9) below by checking the appropriate box. **WHERE THE BOXES (OR ANY OF THEM) ARE UNCHECKED, THE STOCKHOLDER EXECUTING THE PROXY IS DEEMED TO HAVE AUTHORIZED THE PROXY TO VOTE IN FAVOR OF THE ITEMS SPECIFIED HEREUNDER.**

**The Undersigned hereby appoints:**

- (a) **The Chairman of the Board of Directors of the Corporation, or in his absence, the Vice Chairman or the President of the Corporation, or in their absence,**
- (b) \_\_\_\_\_

as his/her/its Proxy to attend the stockholders’ meeting of the Corporation, and any adjournment or postponement thereof, and thereat to vote all shares of stock held by the undersigned as specified below and on any matter that may properly come before said meeting.

**1. Approval of minutes of previous Annual Stockholder’s meeting held on May 6, 2013.**

For                       Against                       Abstain

2. **Approval of Management Report**

For  Against  Abstain

3. **Ratification of the acts of the Board of Directors and Management from the date of the last Annual Stockholders' Meeting up to the date of this Meeting.**

For  Against  Abstain

4. **Ratification of the Corporation to execute securities and corporate guarantees in relation to the procurement of Project Debt Facility by its wholly-owned subsidiary, St. Raphael Power Corporation for its power plant with a capacity of up to 400 MW as follows: (a) Pledge of 67% shares held in St. Raphael Power Generation Corporation; (b) Corporate Interim Suretyship and (c) Shareholder's Support Agreement to fund construction cost overruns via equity or subordinated loans**

For  Against  Abstain

5. **Approval to the Amendments to the Corporation's Articles of Incorporation:**

- a) Amendment to Article I, changing the corporate name to Semirara Mining and Power Corporation

For  Against  Abstain

- b) Amendment to Article VII increasing the Authorized Capital Stock from ₱1,000,000,000.00 to ₱3,000,000,000.00

For  Against  Abstain

- c) Amendment to Article III to indicate complete principal address of the Corporation to 2/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Metro Manila

For  Against  Abstain

6. **Approval to Amendments to the Corporation's By-Laws amending Section 8, Article II of the Corporation's By-Laws increasing the quorum requirements to conduct business by the Board of Directors from majority to two-thirds (2/3)**

For  Against  Abstain

7. **Approval of 200% Stock Dividends amounting to ₱712,500,000 divided into 712,500,000 shares at the par value of ₱1.00 per share or two (2) common shares for every one common share held from the unrestricted retained earnings of the Corporation as of December 31, 2013 and to be issued from the increase in the authorized capital stock of the Corporation with authority delegated to the President to fix the record and payment dates**

For  Against  Abstain

8. **Election of Directors for 2014-2015**

For all the nominees below, except those whose names are stricken out.

**WITHHOLD AUTHORITY TO VOTE FOR ALL NOMINEES LISTED BELOW.**

**(Instructions: TO STRIKE OUT A NAME OR WITHHOLD TO VOTE FOR ANY INDIVIDUAL NOMINEE, DRAW A LINE THROUGH THE NOMINEE’S NAME IN THE LIST BELOW).**

**Nominees:**

- |                          |                             |
|--------------------------|-----------------------------|
| 1. DAVID M. CONSUNJI     | 7. MA. CRISTINA C. GOTIANUN |
| 2. ISIDRO A. CONSUNJI    | 8. MA. EDWINA C. LAPERAL    |
| 3. VICTOR A. CONSUNJI    | 9. GEORGE G. SAN PEDRO      |
| 4. JORGE A. CONSUNJI     | 10. VICTOR C. MACALINCAG*   |
| 5. CESAR A. BUENAVENTURA | 11. FEDERICO E. PUNO*       |
| 6. HERBERT M. CONSUNJI   |                             |

*\*Nominated as Independent Directors*

9. **Appointment of Sycip Gorres Velayo & Co. as Independent External Auditor**

For                       Against                       Abstain

**Item 3. Revocability of Proxy.** – Any stockholder who executes the proxy enclosed with this statement may revoke it at any time before it is exercised. The proxy may be revoked by the stockholder executing the same at any time by submitting to the Corporate Secretary a written notice of revocation not later than the start of the meeting, or by attending the meeting in person and signifying his intention to personally vote his shares. Shares represented by an unrevoked proxy will be voted as authorized by the stockholder.

**Item 4. Persons Making the Solicitation.** – The solicitation is made by the Management of the Corporation. No director of the Corporation has informed the Corporation in writing that he intends to oppose an action intended to be taken up by the Management of the Corporation at the annual meeting. Solicitation of proxies shall be made through the use of mail or personal delivery. The Corporation will shoulder the cost of solicitation involving reproduction and mailing of this proxy in an estimated amount of ₱60,000.00, more or less.

**Item 5. Interest of Certain Persons in Matters to be acted Upon.** – No director, officer, nominee for director, or associate of any of the foregoing, has any substantial interest, direct or indirect, by security holdings or otherwise, on the matter to acted upon at the annual stockholders’ meeting to be held on May 5, 2014.

## PART I- BUSINESS AND GENERAL INFORMATION

Semirara Mining Corporation (the “Corporation”) was incorporated on February 26, 1980 to explore, develop and mine the coal resources in Semirara Island, Caluya, Antique.

Competition is insignificant in so far as domestic coal mine is concerned. The Corporation remains the largest coal producer in the Philippines, contributing 1.515 million metric tons (MT) or 98.4% of total domestic coal production in 2001 while the nominal balance is shared by small-scale mines in Cebu, Bataan Island, and other areas. Nonetheless, domestic coal demand is still anchored heavily on imported coal. In 2002, importation reached 5.930 million MT, representing 79.4% of aggregate supply, much higher than the 1.539 million MT (or 20.6% of aggregate supply) contributed by domestic coal producers. China brought in the bulk of coal in the country, accounting for 49.84% of the total, followed by Indonesia (36.86%), Australia (9.26%) and Vietnam (4.04%). In 2004, domestic producers supplied 27% of the total demand of 9.5 Million MTs increasing further to 32% of the 9.7 Million MTs market in 2005. However, in 2006 domestic producers supplied only 25% of the total demand of 9.5 Million MT’s because of higher imported volume due to demand of higher quality coal which came from other countries. Semirara supplied 22% of the country’s total coal consumption for 2006. The competitiveness of domestic coal producers is threatened by the more superior quality of imported coal as well as the government’s policy on liberalization. This is however compensated by the Department of Energy’s policy to promote indigenous energy resources and lower freight costs of local coal vis-à-vis imports. The Corporation remains to be competitive while it continues to exert efforts to improve the quality of its coal and keep production costs low. The tariff rates of sub-bituminous and other coal now stands at the rate of 3%.

To be competitive, local coal industry must be priced competitively against imported coals, currently from, Indonesia, China & Australia. Pricing of domestic coal is based on import parity inclusive of taxes and duties (at the current rate of taxes and duties). With the inherent quality of Semirara coal, it is estimated that it will be used by approximately 50% of the total Philippine market during this period. The promptness of delivery and quality of coal is required. The power companies are mostly located in Luzon and a few in the Visayas and Mindanao.

In March 2003, NPC tested our coal for its Masinloc plant while deliveries were made to Sual and Pagbilao Power Plants in 2004 and 2005. Both plants (Sual and pagbilao) are being operated by Mirant, Phil., Inc., and are covered by a Coal Supply and Energy Conversion Agreements with NPC. At this time, these plants have potential market of 600,000 to 800,000 Mts of coal per annum for Semirara coal. In December 2, 2009, SEM-Calaca Power Corporation (SCPC), a wholly-owned subsidiary of the Corporation took over the operation of the National Power Corporation’s (NPC) power plants in Calaca and in May 4, 2010 completed its acquisition of said power plants. The Corporation continues to supply coal to the Calaca plants at approximately 900,000 MTs in 2010. The Calaca plants have a potential requirement of approximately 1.5 to 2.0 Million MTs.

Historically, approximately 98% of the Corporation’s revenue streams are from the then NPC Calaca Plants. Prior to its privatization, NPC’s consumption of Semirara Coal steadily increased since the Corporation worked on improving the quality of its coal. Note that the Corporation started washing 25% of its production in mid-1999. Resultantly, its market has widened, to include other power plants, the cement industry and other small industrial plants and in 2007, Semirara coal was tested by the export market. In 2007, NPC’s share in volume and value of the Corporation’s sales went down to 38% and 45%, respectively from 63% and 68% in 2006. In 2008, NPC share in volume and value further dropped to 24% and 40% due to steady increase in total volume sold resulting from increase in domestic sales to other power plants and industries and export sales as well. In 2007, sale to domestic customers (outside NPC) accounted for 39% and 37% respectively in terms of volume and value, and rose to 46% in volume and decreased by 27% in value in 2008. Likewise, in 2007, export sales’ share in volume and value registered at 22% and 18%, respectively and went up to 30% and 22%, in 2008.

On August 31, 2011, Southwest Luzon Power Generation Corporation (SLPGC), a wholly-owned subsidiary of the Corporation was incorporated with an authorized capital stock of ₱10 Billion and paid-up capital of ₱3 Billion. SLPGC was constituted as the project company that will own and operate the 2x150 MW Coal Fired Thermal Power Plant. The project cost of the said power plant is estimated to be approximately ₱19.8 Billion and will be constructed adjacent to the SCPC Power Plant in Calaca, Batangas. On February 1, 2012, the Department of Natural Resources issued to SLPGC its Environmental Compliance Certificate. The Company’s other wholly-owned subsidiaries are SEM-Cal Industrial Park Developers, Inc. (SIPDI), Semirara Claystone

Inc. (SCI), Semirara Energy Utilities Inc. (SEUI), SEM-Balayan Power Generation Corporation (SBPGC), and St. Raphael Power Generation Corporation (SRPGC).

The Corporation has secured permits and licenses from the government as follows: a) Extension of Coal Operating Contract with the DOE from 2012 to 2027; b) Mineral Exploration Permit 99-001-VI issued by the DENR renewable every 2 years; c) Environmental Compliance Certificate No. 9805-009-302 issued by the DENR effective for the duration of the project; d) Business Permit issued by Caluya, Antique and Makati City; e) Aerodrome Rating Certificate No. 218 issued by the ATO-yearly renewable by site; f) Certificate of Registration of Port Facilities No. 149 until December 31, 2014; and g) DENR Special Land Use Permit No. 6-1-SLUP-OLP002-03152017 until March 15, 2017.

The Corporation under its Coal Operating Contract is obligated to pay royalties to the Department of Energy (DOE) – at minimum of 3% based on FOB sales or at 30% of net proceeds (gross revenue less all expenses, excluding royalty and corporate tax) and b) compensation for entry and use of private lands under the provisions of PD 972, as amended by PD 1174, to land owners – ₱0.50/MT for untitled land and ₱1.00/MT for titled land. On November 12, 2009, DOE and the Corporation executed Second Amendment to Coal Operating Contract No. 5. The second amendment amends the coordinates of the contract area to include a land area of 3,000 and 4,200 hectares, more or less located in Caluya Island and Sibay Island, Antique.

On September 10, 2012 the Technical Report on Bobog Coal Deposit was released, which showed a resource estimates of 27.5 million metric tons of measured and 9 million metric tons of indicated in situ coal in Bobog mine. The coal resource is contained in 26 seams but only 19 were considered in the estimate as mineable due to thickness, quality and consistency factors. Of the 19 seams, 12 attained thickness greater than 3 meters and occasionally up to 20 meters. The coal resource has a heating value ranging from 6,930 to 10,149 BTU/lb, with a mass-weighted average of 9,500 BTU/lb. Under the ASTM classification of coal by rank, the seams in Bobog range from Sub-bituminous B to Sub-bituminous A. Eleven (11) major and thirty seven (37) minor coal seams have been interpreted and correlated from the Bobog drillholes. The major coal seams are seams 10, 22, 23, 31, 32, 33, 41, 42, 43, 44, and 45. A coal seam is categorized as major seam if it contains at least one million metric tons of coal resources. Intersected thickness of major seams ranged up to 25 meters. The Bobog database for most of the major seams is highly robust, especially in portions where resource is large. A total of 2,834 rows of data from the Bobog drillholes were reviewed. The major seams have significant data coverage. For minor seams, the database is not as robust because only few drillholes intersected them, and for this reason in-fill drilling is recommended.

The average number of workforce of the Corporation is 2,371 and 2,158 for the years 2013 and 2012 respectively, inclusive of employees based at the Corporation’s head office in Manila. Out of the 2,371 workforce for 2013, 563 are employed by the Corporation while the rest are employed by the Corporation’s contractors, one of which is DMC Construction Equipment Resources, Inc., an affiliate of Dacon Corporation. The Corporation does not anticipate hiring additional employees for the ensuing year except when due to contingencies resulting in separation, resignation, termination of services of existing employees. The breakdown of the Corporation’s employees according to type, are as follows:

Executive	11
Managers	15
Supervisors	66
Rank and File	471
<b>Total</b>	<b><u>563</u></b>

On the other hand, in 2013 the average number of workforce at SCPC’s Calaca Power Plant are 299, 214 are employees of the O&M contractor. In 2012, its workforce were 378. As of February 10, 2014, SLPGC has 40 employees while the Company’s other subsidiaries, namely, SIPDI, SCI, SEUI, SBPGC, and SRPGC are non-operational, hence, no employees were hired.

On December 14, 2006, the CBA between the Corporation and Semirara Mining Corporation Labor Union (SMCLU) was signed effective for another five (5) years. There was a notice of strike which, however, did not materialize due to settlement resulting to the signing of the new CBA. After the expiration of the CBA on

August 31, 2011, no new CBA was executed by SMCLU and the Corporation. Meanwhile, the terms of the CBA continues to be implemented. There are no existing labor unions in the Corporation's subsidiaries.

The Corporation has obtained all necessary government permits for its operations. The Corporation has been implementing the necessary programs to comply with all regulatory requirements, particularly the Corporation's Environmental Compliance Certificate (ECC), which includes Regular Monitoring by the Multi-partite Monitoring Team (MMT) Marine Assessment Studies/Surveys, Social Development Programs, Reforestation Programs, etc. From 2001-2006 the Corporation has spent P23.6 Million for Social and Environmental Programs such as expanded mangrove areas, initiated and supported livelihood projects, implemented reforestation programs on the island, and cultivated fresh water sanctuary.

The Corporation is legally required to fulfill certain obligations as required under its ECC issued by Department of Environment and Natural Resources (DENR) when it abandons depleted mine pits. The Corporation recognizes this liability and set up an "Asset Retirement Obligation" account in its Balance Sheet.

The Corporation's has established an Environmental Monitoring Fund for MMT, which has an initial amount of ₱600,000, determined by the work and financial plan of the Monitoring Team. Also, an Environmental Guarantee Fund was established with a cash component of ₱1.5 Million. This enables the continued mining operations of the Corporation.

Taking an extra mile, the Corporation endeavored to enhance its business processes, such that in 2007, works for ISO certification started. Finally, in 2008, the Corporation had successfully obtained ISO certification on Integrated Management System covering three (3) standards as follows: Quality Management System (ISO 9001:2008), Environmental Management System (ISO 14001:2004), and Occupational Health and Safety Management System (OSHAS 18001:2007).

On the Corporation's existing legal cases, are as follows:

1. **The HGL Case.** Sometime in January 2004, the Corporation received a complaint filed by HGL Development Corporation ("HGL"). The facts are as follows:

On August 28, 1984, HGL entered into a Forest Land Grazing Lease Agreement (FLGLA No. 184) with the Department of Environment and Natural Resources ("DENR") covering a 367-hectare land located at the Barrios of Bobog and Pontod, Semirara, Antique. In its Order dated December 6, 2000, the DENR cancelled FLGLA No. 184 explaining that the subject area is within the coverage of Proclamation No. 649, which set apart the island of Semirara in the Province of Antique as coal mining reservations.

HGL filed a letter requesting a reconsideration of the Order but the request was denied in the DENR's letter-Order dated December 9, 2002.

**The Caloocan Case:**

On November 17, 2003, HGL filed a complaint against the DENR for specific performance and damages in Branch 121, Regional Trial Court of Caloocan City (RTC-Caloocan). HGL prayed that DENR should perform its obligations under FLGLA No. 184 and pay HGL for moral and exemplary damages and attorneys' fees.

On March 2, 2004, the Corporation filed a Motion for Intervention because the Order canceling FLGLA No. 184 sought to be reconsidered by HGL covers property located in the island of Semirara, Antique, which was granted by RTC-Caloocan. Subsequently, the Corporation filed a Motion to Dismiss on the ground of lack of cause of action/jurisdiction and forum shopping. The Corporation's prayer for dismissal and its subsequent Motion for Reconsideration having been both denied, the Corporation filed its Petition for Review with the Court of Appeals (CA) on November 28, 2005 on the premise that RTC-Caloocan has no jurisdiction over the case.

On January 16, 2007, the CA reversed RTC-Caloocan's decision and finding grave abuse of discretion on the part of the presiding judge for failing to dismiss the case for lack of jurisdiction. The CA ruled that the DENR Order canceling HGL's FLGLA No. 184 had long been final and executory on account of its failure

to appeal said Order to the Office of the President. Eventually, HGL's Motion for Reconsideration was denied and the CA accordingly dismissed the case.

Due to CA's denial of HGL's Motion for Reconsideration, a Petition for Certiorari (SC G.R. No. 177844, 2<sup>nd</sup> Division) was filed by HGL before the Supreme Court (SC) on November 14, 2007, which was denied by the SC for failure of HGL to sufficiently show any reversible error on the assailed CA decision and further denies HGL's motion for leave and first and second motions of time to file a reply to the Corporation's comments on the petition. HGL's Motion for Reconsideration was denied with finality by the SC on July 2, 2008.

Meanwhile, in a case docketed as SC G.R. No. 180401, 1<sup>st</sup> Division (*DENR vs. HGL*), DENR's Petition for Certiorari was denied by the SC on February 4, 2008. DENR then filed its Motion for Reconsideration on March 25, 2009, which later denied by the SC with finality.

Citing as basis the dismissal of the Culasi Case (SMC vs. HGL) on the ground of forum shopping, SMC filed a Motion to Dismiss with RTC-Caloocan (Civil Case No. C-20675). However, RTC-Caloocan denied the motion on December 24, 2008 and cited SC decision on G.R. No. 180401 (*DENR vs. HGL*) to sustain its decision to retain jurisdiction over the case. With the denial of its MR on June 24, 2009, the Corporation filed a Petition for Certiorari with the CA on September 14, 2009 (CA-G.R. SP No. 110460). On October 3, 2013 the CA dismissed the Corporation's petition to which a Motion for Reconsideration was filed on November 22, 2013. The case is pending to date.

#### **The Culasi Case:**

HGL also filed a separate case against the Corporation on November 17, 2003 in Branch 13 of the Regional Trial Court of Culasi, Antique (RTC-Culasi) for the recovery of their alleged possession of a 367-hectare land located at the Barrios of Bobog and Pontod, Semirara, Antique. HGL prayed for (i) the issuance of a preliminary mandatory injunction in order to secure immediate possession of the property pending litigation, and (ii) actual, moral and exemplary damages and attorney's fees in the total amount of P10 million. The Corporation received the summons on January 15, 2004.

On February 6, 2004, the Corporation filed its Answer and prayed for the outright dismissal of the case for being baseless and unfounded as the Order canceling FLGLA No. 184 had long been final and executory and can no longer be disturbed. The Corporation claims exemplary and moral damages and attorneys' fees.

On September 16, 2004, the RTC-Culasi granted HGL's prayer for preliminary mandatory injunction, which order was affirmed by the CA-Cebu. The Corporation elevated the case to the SC by way of Certiorari with prayer for Temporary Restraining Order (TRO) and/or Injunction to be issued against HGL, the CA-Cebu and RTC-Culasi. The SC initially granted the TRO on March 2, 2005, but on December 06, 2006, the SC promulgated its decision, which denied the Corporation's Petition for Certiorari and lifted the TRO. On January 18, 2007, the Corporation filed its Motion for Reconsideration and later on January 25, 2007 due to the ruling by the CA in the Caloocan case filed a Supplemental Motion for Reconsideration. On February 14, 2007, the SC denied with finality the Corporation's Motion for Reconsideration and its supplement to the aforesaid motion for lack of merit.

Meanwhile, on July 16, 2007, the RTC-Culasi dismissed the main case, as the two (2) cases filed by HGL was a deliberate violation of the rule on forum shopping. RTC-Culasi further stated in its decision that in both cases, HGL's cause of action rests on the validity of its FLGLA No. 184. HGL filed its Motion for Reconsideration, but on November 20, 2007, RTC-Culasi ruled against HGL. No appeal was taken by HGL.

Thereafter, on February 5, 2008, HGL filed before the SC a Petition for Indirect Contempt docketed as "*HGL Development Corporation, represented by its President, Henry G. Lim, Petitioner vs. Hon. Rafael L. Penuela, in his capacity as Presiding Judge of RTC-Culasi, Antique, Branch 13, and Semirara Coal Corporation (now Semirara Mining Corporation), Respondents, SC G.R. No. 181353*". HGL alleged, among others, that the dismissal of the Culasi case constitutes indirect contempt as HGL was not able to implement the SC's decision dated December 6, 2006 (affirming the earlier order of RTC-Culasi granting

HGL's prayer for preliminary mandatory injunction) and resolution dated February 14, 2007, as RTC-Culasi dismissed the main case or the Culasi case on the ground of forum shopping. The Corporation filed its Comments/Opposition to the Petition. Subsequently, the SC required the parties to submit their respective Memoranda. The case is pending to date.

2. **Tax Refund/Credit Case.** The Corporation filed several cases against the Commissioner of Internal Revenue before the Court of Tax Appeals (CTA) for tax credit/refund due to erroneously withheld and remitted VAT on coal sales by National Power Corporation (NPC) in the total amount of ₱190,500,981.23.

2.1 *CTA Case No. 7717 (For ₱11,847,055.07).* – On October 15, 2009, the CTA granted the Corporation's petition in the amount of ₱11,847,055.07 for VAT withheld for the month of December 2005. The CIR moved for reconsideration. After the Corporation filed its comment on November 21, 2009, the CTA on August 10, 2010 issued a Writ of Execution on its decision dated October 15, 2009. The Writ of Execution was served to BIR on August 13, 2010. Notwithstanding this, the Corporation's tax credit certificate remains pending with BIR.

2.2. *Commissioner of Internal Revenue vs. Semirara Mining Corporation, G.R. No. 202534 (CTA EB No. 752 [For ₱15,292,054.93]).* – On January 4, 2011, the CTA granted the Corporation's petition in the amount of ₱15,292,054.91 for VAT withheld for the month of January 2007. CIR's Motion for Reconsideration was denied on March 18, 2011. CIR appealed the case to CTA *En Banc* (CTA EB No. 752) but the CTA *En Banc* dismissed the CIR's petition for lack of merit. The CIR again moved to reconsider the *En Banc* decision, but was denied on June 28, 2012. Thereafter, the CIR filed a petition for review on certiorari with the Supreme Court, to which the Corporation filed a comment. The petition remains pending to date.

2.3. *Commissioner of Internal Revenue vs. Semirara Mining Corporation, G.R. No. 203621 (CTA EB No. 772 [For ₱86,108,626.19]).* – On February 10, 2011, the CTA granted the Corporation's petitions in the amount of ₱86,108,626.10 for VAT withheld for the period covering January 1, 2006 to June 30, 2006. On February 22, 2011, as CIR's Motion for Reconsideration was denied, it elevated the case to CTA *En Banc* (CTA EB No. 772), but was denied by the CTA *En Banc* on June 22, 2012. The CIR filed its Motion for Reconsideration but was again denied by CTA on September 17, 2012. The CIR filed with the Supreme Court (SC) a Petition for Review on November 5, 2012, but was denied in a minute resolution dated January 30, 2013. On October 10, 2013 an Entry of Judgment was issued. The Corporation filed its Motion for Issuance of a Writ of Execution with the CTA which was granted on January 21, 2014. The court has yet to issue the actual writ.

2.4. *Commissioner of Internal Revenue vs. Semirara Mining Corporation, G.R. No. 202922 (CTA EB No. 793 [For ₱77,253,245.39]).* - On March 28, 2011, the CTA granted SMC's petition in the amount of ₱77,253,245.39 for the period covering July 1, 2006 to December 31, 2006. On April 12, 2011, as Respondent CIR's Motion for Reconsideration was denied on June 3, 2011, the CIR elevated the case to CTA *En Banc* (CTA EB No. 793), but the latter, on April 23, 2012 dismiss the petition for lack of merit. As the CIR's Motion for Reconsideration was likewise denied on May 29, 2012, it filed a Petition for Review with the Supreme Court. The Corporation filed a Comment on December 28, 2012 to the CIR's Petition. On October 25, 2013, the SC issued a notice granting the CIR's Motion to Admit Reply and a copy of the Reply. The case remains pending to date.

3. **Business Tax Case.** On February 26, 2007, SMC filed a complaint (*SMC vs. Municipality of Calaca, RTC-142, Makati City, Civil Case No. 07-180*) to seek the reversal and cancellation of the tax assessment by the Municipality of Calaca for unpaid business tax for the CY 2003, 2004 and 2005 in the amount of ₱66,685,189.00. The basis of the claim is that since coal is delivered to the port of Calaca and Corporation is doing business there as shown by the existence of an office, the situs of taxation is in Calaca. The Corporation maintains that it does not maintain an office in the Municipality of Calaca, despite delivery to NPC-Calaca, hence, the proper situs of taxation is not in Calaca but its principal office. The Corporation presented all its witnesses and submitted its formal offer of documentary exhibits. Subsequent hearings will be for presentation of defendant's evidence.

4. **Real Property Tax Case.** On February 19, 2008, the Municipality of Caluya, Antique filed a case against the Corporation (*Municipality of Caluya, Antique vs. SMC, Civil Case No. C-051, RTC-Culasi, Branch 13*) for enforcement of the compromise agreement -submitted to the RTC on November 17, 2003 involving the balance of ₱82,979,702.24 in real property taxes for lots located in Semirara Island. The Corporation maintains that the Motion for Execution has no legal basis and is premature due to a clause in the compromise agreement requiring that the parties first determine the correctness of the tax assessments which shall be subject to the verification of the parties. On October 11, 2012, the parties submitted a Compromise Agreement dated July 2, 2012 to the Court for its approval. To date the Court has yet to issue an order on the Compromise Agreement.
5. **Specific Performance Case.** – The complaint docketed as *Power & Synergy, Inc. vs. SMC, et. al, Civil Case No. Q-10-66936, RTC-QC, Branch 97* alleges fraudulent acts against the Corporation and its directors and officers, and prayed that defendants jointly and severally perform and comply with the terms and conditions under the Consultancy Agreement. PSI is in effect claiming a success fee of ₱1.3 billion (due to increase in coal volume sold to NPC) by the end of 2010. On June 2, 2010, SMC moved for the dismissal for lack of jurisdiction and improper venue in so far as other individual defendants are concerned, and the complaint states no cause of action. The RTC required PSI to pay the correct docket fees, but PSI moved for reconsideration. To date, the Court is yet to rule on both motions of the Corporation and PSI.
6. **Forcible Entry Case.** – The complaint docketed as *Gabinete, et. al. vs. SMC, et. al, Civil Case No. 210-C, MCTC-Pandan, Antique* hinges from the alleged entry of the Corporation to a portion of plaintiffs’ properties located in Barangay Alegria, Caluya, Antique. The occupation of the Corporation was based on the authority of the new owner of the property. Plaintiffs’ prayed to the Court to order defendants to vacate the properties and pay damages and attorney fees. On March 10, 2014 the Corporation submitted its affidavits and position paper as required by the the Court.
7. **Annulment of Deeds of Sale Case.** – The complaint docketed as *Gabinete, et. al. vs. SMC, et. al., Civil Case No. C-260, RTC-Culasi, Antique, Branch 13* seeks the annulment of deeds of sale plaintiff executed with the defendant George G. San Pedro covering parcels of land located in Brgy. Alegria, Caluya, Antique due to alleged unsound mind of the plaintiff at the time of execution. After defendants filed their answer, the RTC scheduled the pre-trial conference on February 10, 2014.
8. **Illegal Dismissal Case.** – This is an illegal dismissal case filed by Engr. Bornea docketed as *Bornea, Jr., vs. SMC, et. al., NLRC Case No. RAB-IX-11-00663-11* with the Arbitration Branch of Davao seeking for his reinstatement as the Foreman Supervisor of the Corporation’s mining facility in Caluya, Antique. Bornea alleged that there was no justifiable ground for dismissal and due process was not observed. On April 24, 2012, the Labor Arbiter resolved to dismiss the complaint for lack of merit. Complainant appealed the case, but the NLRC-Cagayan de Oro City dismissed the appeal for lack of merit in its Decision dated December 28, 2012. On February 19, 2013, Bornea moved to reconsider the NLRC decision, but the NLRC in its Resolution dated March 27, 2013 dismissed the motion for lack of merit. Despite this, Bornea filed with the CA a Petition for Certiorari under Rule 65. The same remains pending to date.
9. **Declaratory Relief with Injunction Case.** – This is a case filed by the Corporation against the BIR, Bureau of Customs & Department of Finance under Civil Case No. 13-1171, RTC Makati Br. 146. On May 21, 2013 SMC was granted a Certificate of Qualification for Tax Exemption under PD 972 by the DOE for its 36,000,000 liters of diesoline. SMC made 1<sup>st</sup> partial shipment of 6,16,367 liters. BIR assessed VAT and excise tax on said shipment in the amount of P25 M which was paid under protest. As a result SMC filed a petition for Declaratory Relief with the RTC on October 3, 2013 seeking to enjoin BIR, BOC from implementing BIR RR No. 2-2012 by imposing advance payment of VAT on SMC importation of diesel fuel for its own use and consumption. BIR rationalizes its issuance of RR No. 2-2012 for the purpose of curtailing smuggling. While under said regulations payment of VAT is subject to right of refund by SMC (effectively 0% rated) being exempted from VAT under its COC and PD 972, SMC contested the application of said regulation as it effectively diminishes its exemption granted by law and impairs the rights under its COC pursuant to the non-impairment clause of the Constitution.

On October 30, 2013, SMC secured a 20-day TRO and on November 21, 2013 the court issued a preliminary injunction against the BIR, BOC and DOF in so far as the implementation of said regulation specifically against the Corporation. To date the case remains pending.

10. **Environmental Case (Writ of Kalikasan).** – The case docketed as *Fajardo vs. Semirara Mining Corp., et. al., Civil Case No. C-271, RTC-Culasi, Antique, Branch 13* was filed pursuant to Supreme Court A.M. 09-6-8-SC on Rules of Procedures for Environmental Cases (Rules). Complainant prayed for Temporary Environmental Protection Order (TEPO) for 72 hours from receipt of the complaint for the alleged irresponsible coal mining, serious destruction of the island, pollution of marine and coral reefs, damage to marine life, among others. Defendants filed their respective answer. No TEPO has been issued by the RTC.

Except for the foregoing cases, the Corporation or its subsidiaries is not a party to any pending material legal proceedings. It is not involved in any pending legal proceedings with respect to any of its properties. Apart from the foregoing, therefore, it is not involved in any claims or lawsuits involving damages, which may materially affect it or its subsidiaries.

## PART II – SECURITIES OF THE REGISTRANT

### A. MARKET PRICE OF AND DIVIDENDS ON REGISTRANT’S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

(1) **Market Information. -**

- (a) Principal market where the registrant’s common equity is traded. The Corporation is listed in the Philippine Stock Exchange (PSE). There has been no substantial trading since 1983 or 17 years. DMCI Holdings, Inc. (DHI) however in 2004 increased its shareholdings from 74.36% to 94.51%. The National Development Company (NDC) shares were decreased from 21.27% to 4.55% shares and the others from 4.3% to 0.94% shares. None of them sold their shares hence, no substantial trading occurred. These changes in the percentage of holdings resulted from the Equity Restructuring of the Corporation’s authorized capital stock and the subscription of DMCI-HI to 19,120,581 additional shares in 2004.

In February 2005, new additional 46,875,000 shares were sold to the public by the Corporation in its international offer. Also in the same public offering, DHI as selling shareholder sold 58,171,000 reducing its shareholdings from 94.51% to 60%.

On April 8, 2010 the Corporation sold through PSE its treasury shares equivalent to 19,302,200 at ₱67.00 per share. In June 2010, by way of Stock Rights Offering, the Corporation offered for subscription 59,375,000 common shares to eligible existing stockholders at the ratio of 1:5 shares as of record date, July 1, 2010.

- (b) The Corporation’s security was traded at PSE at a price of ₱0.40/share on December 23, 2002. There was no trading of the Corporation’s securities in 2003 and 2004. The highs and lows (in Pesos) of trading during the past three (3) years are as follows:

	<b>High</b>	<b>Low</b>	<b>Close</b>
<b>2011</b>			
Jan-Mar	244.00	180.00	226.80
Apr-Jun	237.00	187.00	213.40

(3) **Dividends.** – On April 30, 2013, the Board of Directors approved the declaration of cash dividend at ₱12.00 per share payable on May 29, 2013 to stockholders as of record date, May 17, 2013.

(4) **Recent Sales of Unregistered or Exempt Securities.** - No unregistered or exempt securities were sold in 2013, 2012 and 2011.

### PART III-FINANCIAL INFORMATION

#### A. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (YEARS 2010-2013)

<sup>3</sup> Shares are either held by members of the family sharing the same household or by a corporation of which the reporting person is a controlling shareholder.

## Full Years 2012-2013

### I. PRODUCTION AND OPERATIONS

#### Coal

On 13 Feb 2013, at around 11:55 PM, a section of the west wall of Panian pit where the Company was concluding its mine operation gave way, affecting 13 personnel. Three have been rescued, five were confirmed dead, and five are still missing. Management immediately voluntarily stopped all mining activities in the site even before the receipt of notice from the Department of Energy (DOE) for stop operations.

On 5 March 2013, DOE issued clearance to the Company to do preparatory activities, excluding coal extraction, for the new area, the North Panian, after it has reviewed and evaluated the work program for the site.

Subsequently, on 19 April 2013, the Company received full clearance from DOE to proceed with the coal production activity. Since then, all mining operations have returned to normal.

The incident at the mine caused a temporary slump in coal mining operations. However, mining activities were able to catch up, such that total materials moved increased 7% YoY at 82.15 million bank cubic meters (bcm) from 77.07 million bcm last year. Strip ratio increased by 20% YoY at 9.73:1 from 8.66:1 last year. The increase is mainly due to the spike in strip ratio to 18.79:1 in Q1 after the Company stopped producing coal, but continued waste stripping. Run-of-mine (ROM) coal dropped by 5% YoY at 7.86 million metric tons (MTs) from 8.24 million MTs in 2012. A significant 45% drop YoY in washable coal at 727 thousand MTs from 1.31 million MTs last year was recorded as a result of improved coal quality. Net total product coal was almost the same at 7.62 million MTs and 7.63 million MTs in 2013 and 2012, respectively.

Total volume sold increased by 1% YoY at 7.63 million MTs from 7.18 million MTs last year. Coal shipments recorded an improvement in average heating value from 9,510 btu/lbs in 2012 to 9,676 btu/lbs. Coal ending inventory dropped by 8% YoY, closing at 1.28 million MTs from 1.38 million MTs last year as a result of higher sales volume.

The table below shows the comparative quarterly production data for 2013 and 2012.

<b>COMPARATIVE PRODUCTION DATA</b>

#### Power

Total energy generation posted a record high in 2013 at 3,638 GWh, the highest in the history of the Calaca Coal Fired Thermal Power plants, posting a 48% YoY from 2,463 GWh in 2012.

Lower maintenance outage offset high forced outage of Unit 1, raising total operating hours at 7,292, 83% YoY from 2,697 hours in 2012. Moreover, raised capacity of Unit 1 offset the lower dependable capacity of Unit 2, bringing average capacity to 501 MW from 446 MW last year.

### Unit One

There is a notable improvement in 2013 as compared to previous year's performance. Average load of 229 MW is 16% above 2012's average load of 197 MW. This is primarily due to an increase in capacity ranging between 230 to 245 as a result of the use of Nalco Soot Remove 9F.

With higher operating hours at 7,292 hours, total generation is 1,667 Gwh, recording a 214% increase YoY compared to 2012's gross generation of 531 Gwh .

Capacity factor of 64% posted a significant 215% increase YoY from only 20% in 2012 as preventive maintenance of the plant drove availability down to 31% or operating hours of only 2,697.

Forced outage was high at 21% due to a leak in the condenser in Q2 and Q4 of 2013 caused by clogging in some of the tubes raising the temperature to increase beyond manageable level resulting to pin hole leaks .

To ensure that the sea water intake is free from any debris which may potentially cause another tube clogging incident, a preventive multi-layered net at sea and took on an active role in educating the neighboring communities on waste management.

### Unit Two

The planned maintenance shutdown in December 2012 included six critical items, of which only five were executed. Replacement of Heaters 7 and 8 was deferred due to technical issue.

As a result, load was limited to 272 MW out of the rated capacity of 300 MW. This is however 9% higher than average capacity of 249 MW in 2012.

Despite the above limitation, gross generation posted a 2% increase YoY at 1,971 Gwh from 1,932 GWh in 2012.

Availability was however lower at 83% as against 88% in 2012.

The table below shows the comparative production data in 2013 and 2012.

COMPARATIVE PLANT PERFORMANCE DATA FY2013 VS FY2012

## II. MARKETING

### Coal

Higher sales to power plants and exports offset drop in sales to cement plants and other industries. Total coal sales volume increased by 6% YoY at 7.63 million MTs from 7.18 million MTs last year.

The table below shows the comparative quarterly sales volume data for 2013 and 2012.

COMPARATIVE SALES VOLUME DATA													
<i>(in '000 MTs)</i>													
CUSTOMER	Q1 '13	Q2 '13	Q3 '13	Q4 '13	YTD '13	%	Q1 '12	Q2 '12	Q3 '12	Q4 '12	YTD '12	%	% Inc (Dec)

Sales to SCPC increased by 43% YoY at 2.13 million MTs from 1.49 million MTs last year as a result of increased capacity and availability of both power units after rehabilitation.

On the contrary, sales to other power plants dropped by 24% YoY at 790 thousand MTs from 1.04 million MTs last year. Drop in global coal prices encouraged some customers to import cheap coal from offshore market. Moreover, a customer has an outstanding shipping contract that it must utilize to transport coal from Indonesia.

Sales to cement plants likewise dropped 7% YoY at 980 thousand MTs from 1.05 million MTs due to decrease in offtake by a few customers this year.

Despite tapping two new customers this year, sales to other industries also dropped by 24% YoY at 328 thousand MTs from 430 thousand MTs. Some old customers decreased their offtake.

Strong export sales in the last quarter drove export share to 45% of the total pie this year. Total export sales of 3.40 million MTs is 7% higher than last year's 3.17 million MTs. Mining operations are concentrated in the area where coal quality is better, commanding higher export prices.

The 10% YoY decrease in composite average FOB price per MT at PHP2,185 from PHP2,454 last year reflected the drop in global coal prices.

## POWER

Sales volume increased by 46% YoY at 3,460GWh from 2,365GWh in 2012. This is attributed to the higher energy generation of the newly rehabilitated power plants.

Of the total energy sold, 96% or 3,313 GWh were sold to bilateral contracts, while the remaining 4% were sold in the spot market.

Sales to bilateral contracts increased by 65% YoY at 3,313 GWh from 2,007 GWh in 2012. The improvement is due to increase of contract quantities for MERALCO from the initial 210 MW to 420 MW starting 31 January 2013, and the additional 30 MW non-firm contract capacity for TRANS-ASIA. The non-firm additional contract capacity arrangement with Trans-Asia which is effective starting 16 February 2013, enables SCPC to sell its excess capacity at any given time.

MERALCO maintained to be the biggest customer of SCPC comprising 87% share of the total energy sales for SCPC's bilateral contracts, followed by Trans-Asia and Batelec I at 7% and 5% shares, respectively.

Spot market sales volume is lower at 148GWh in 2013 against 358 GWh in 2012. However Spot Sales Revenue in pesos is higher by 30% in 2013 vs 2012 due to the increase in the spot market prices in Q4.

Of the total energy sold, 99% was sourced from own generation and only 1% was purchased from the spot market. SCPC procured power from the spot market during hour intervals where power units were down, or were running at a derated capacity, in order to supply committed capacity to some of its customers. Contracts with some of its customer still cover the supply of replacement power under a "pass-thru" cost arrangement.

SCPC bilateral contracts yielded lower prices at an average price of PHP3.79 per KWh in 2013 compared to the PHP3.97 per KWh in 2012. This is due to lower prices of pass-thru coal fuel being indexed to the lower Newcastle prices in 2013.

On the other hand, average spot sales increased by 215% YoY at PHP14.98 per KWh from PHP4.75 per KWh in 2012. High spot prices in November and December pulled up price per KWh.

The table below shows the comparative sales volume data in 2013 and 2012.

COMPARATIVE SALES VOLUME DATA											
<i>(in GWh)</i>											
CUSTOMER	Q1 '13	Q2 '13	Q3 '13	Q4 '13	FY'13	Q1 '12	Q2'12	Q3'12	Q4'12	FY'12	% Inc (Dec)

### III. FINANCE

#### A. Sales and Profitability

Consolidated Revenues, net of eliminating entries, grew by 13% YoY at PHP27.33 billion as against PHP24.15 billion in 2012. Coal Revenues, before elimination, dropped by 5% YoY at PHP16.68 billion from PHP17.63 billion in 2012 due to lower coal prices this year. On the other hand, energy Revenues increased by 52% YoY at PHP14.76 billion from PHP9.7 billion last year as a result of the 46% increase in energy sales volume and 4% increase in average price per KWh.

Consolidated Cost of Sales decreased by 4% YoY at PHP14.11 billion from PHP14.64 billion last year.

Coal Cost of Sales before elimination declined by 5% YoY at PHP11.73 billion from PHP12.33 billion last year. Strip ratio normalized as at the end of the period from a historical high in Q1 as a result of the accident at the pit that temporarily halted coal extraction. Moreover, the Company implemented some cost-saving measures to counter the drop in coal prices, mining strategy only required shorter hauling distance in North Panian while in-pit dumping allows the mine to decrease number of equipment while maintaining the same excavating capacity, thus 29 units of mining were put on stand-by. Net of elimination, Cost of Coal Sold also dropped by 12% YoY at PHP8.66 billion from PHP9.83 billion last year. Cost of Coal Sold per MT decreased by 10% YoY at PHP1,537 versus PHP1,716 last year.

Power Cost of Sales before elimination increased by 17% YoY at PHP6.51 billion from PHP5.55 billion; and 18% after elimination at PHP4.42 billion from PHP3.75 billion last year. Increase in volume sold accounted for the increase in total cost. Notably, Cost of Sales per KWh decreased by 25% at PHP1.88 from PHP2.35 last year due to minimal spot purchases for replacement power and lower coal fuel average cost this year.

The resulting consolidated Gross Profit in 2013 increased by 39% YoY at PHP13.22 billion with the coal and power segments each contributing PHP3.91 billion and PHP9.31 billion, respectively. Consolidated Gross Profit in 2012 stood at PHP9.51 billion, PHP4.63 billion from coal and PHP4.88 billion from power. Consolidated Gross profit margin improved at 48% from 39% last year.

Consolidated Operating Expenses increased by 55% YoY at PHP5.26 billion from P3.40 billion in 2012. Net of eliminating entries, the coal segment's Operating Expenses decreased by 17% YoY at PHP1.7 billion from last year's PHP2.0 billion. Lower coal Revenues decreased Government Share by 16% at PHP1.30 billion from PHP1.56 billion last year. Meanwhile, the power segment's Operating Expenses after elimination increased by 155% YoY at PHP3.5 billion from PHP1.4 billion last year due to acceleration of depreciation on certain equipment/components of Unit 2 whose repair are in-progress during the 90-day scheduled maintenance

shutdown of Unit 2 which commenced last week of December 2013. These are to be replaced with new ones. Hence, the the carrying value of the affected equipment/components amounting to Php1.2 billion as of December 31, 2013 was fully provided with depreciation to reflect its true value in the books.

The pre-operating Southwest Luzon Power Generation Corp. (SLPGC), a wholly-owned subsidiary of the Company incorporated to expand its power capacity with the construction of 2 x 150 MW power plants, incurred PHP39.33 million pre-operating expenses, representing salaries and other administrative expenses incurred during the period. Other subsidiaries, Semirara Energy Utilities, Inc. (SEU), Semirara Claystone, Inc. (SCI) and Sem-Cal Industrial Park Developers, Inc (SCIPDI) also incurred Pre-operating Expenses of PHP100.5 thousand, PHP69.17 thousand PHP30.80 thousand for the period, respectively. Two new companies were incorporated during the period as vehicles for additional power expansion projects, they are San Rafael Power Generation Corp. (SRPGC) and Sem-Balayan Power Generation Corp. (SBPGC). Both companies incurred pre-operating expenses of PHP114.89 thousand and PHP194.62 thousand, respectively.

Consolidated Income from Operations increased by 30% YoY at PHP7.96 billion from PHP6.11 billion in 2012. The coal and power segments contributed PHP2.19 billion and PHP5.80, respectively this year, as against PHP3.30 billion and PHP2.27 billion in 2012. The other pre-operating companies, SLPGC, SEU, SCI, SCIPDI, SRPGC, SBPGC incurred losses of PHP39.33 million, PHP100.50 thousand, PHP69.17 thousand, PHP30.80 thousand, PHP114.89 thousand and PHP194.62 thousand, respectively.

As the USD strengthened against the PHP this year, the Company registered consolidated Forex Losses of PHP481.18 million as against Gains of PHP391.00 million last year. Since most of its loans are USD-denominated, bulk of the current period's Forex Losses is incurred by the coal segment which recorded PHP463.94 million losses versus last year's gains of PHP387.83 million. Of this amount, PHP305.93 million are unrealized losses. Meanwhile, with minimal Forex exposure, the power segment incurred Forex Losses of PHP15.49 million as against Gains of PHP3.17 million last year. SLPGC also recorded loss of PHP1.75 million on its foreign exchange transactions

Lower placement interest rates and lower free cash resulted to the decrease in consolidated Finance Income by 67% YoY at PHP26.80 million from PHP82.14 million last year. The coal segment's investible funds reduced after using most of its cash for equity of SLPGC and to pay off debts toward the end of 2012, thus its Finance Income decreased by 67% at PHP26.80 million from PHP82.14 million last year. The power segment's Finance Income likewise decreased by 41% at PHP24.58 million from PHP41.53 million last year after using its cash to pay dividends of PHP2.5 billion during the the period. SLPGC recorded Finance Income of PHP217.06 thousand from short-term placements.

Consolidated Finance Costs decreased by 24% YoY at PHP381.23 million from PHP501.28 million. The coal segment's interest-bearing loans increased by 31% YoY, closing at PHP6.45 billion from PHP4.91 billion, increasing coal Finance Costs by 24% YoY at PHP152.63 million from PHP122.61 million. Meanwhile, the power segment's long-term loan balance dropped by 23% YoY to PHP5.34 billion from PHP6.91 billion last year thus bringing down power Finance Cost by 41% YoY at PHP221.61 million from PHP376.37 million last year. SLPGC incurred Finance Cost of PHP6.99 million for its project financing.

Consolidated Other Income dropped by 12% YoY at PHP281.21 million from PHP318.45 million. Bulk of last year's Other Income came from gain on sale of retired assets of the coal segment. Notably, the power segment's Other Income increased by 55% YoY at PHP203.18 million from PHP131.26 million last year. Power Unit 2 used more unwashed coal this year, producing more fly ash which is sold to a cement company at a higher price after renegotiating the supply contract on February 2012.

The resulting consolidated Net Income Before Tax (NIBT) increased by 16% YoY at PHP7.40 billion from PHP6.40 billion. SCPC accounted for 78% of the 2013's NIBT, at PHP5.79 billion after elimination. Meanwhile, net of eliminating entries, the coal segment generated NIBT of PHP1.66 billion, while the pre-operating SLPGC, SCI, and SEU, SCIPDI, SBPGC, and SRPGC incurred losses of PHP47.86 million, PHP64.45 thousand, PHP94.73 thousand, PHP32.26 thousand, PHP191.97 thousand, and PHP112.24 thousand, respectively. Before eliminations, power and coal recorded NIBT of PHP4.73 billion and PHP5.19 billion, respectively.

Both operating business units enjoy Income Tax Holidays (ITH) as Board of Investments-registered companies. As a result, the Company accounted for consolidated benefit from deferred income taxes of PHP117.84 million, net of final income taxes and income taxes for unregistered activities of PHP5.01 million and PHP11.69 million respectively. Last year's provision totaled to PHP39.60 million.

Consolidated Net Income After Tax (NIAT) increased by 18% YoY at PHP7.53 billion from PHP6.34 billion last year. Before eliminations, coal and power recorded NIAT of PHP5.34 billion, including PHP2.5 billion dividend income from power segment, and PHP4.71 billion, respectively. Meanwhile, after eliminations, the coal and power segments generated NIAT of PHP 1.80 billion, and PHP5.78 billion, respectively. SCI and SCIPDI also recorded a minimal income of PHP45.90 thousand and PHP19.65 thousand, respectively. On the other hand, SLPGC, ,SEU, SBPGC, and SRPGC incurred start-up costs of PHP47.90 million, PHP63.64 thousand, PHP192.5 thousand, and PHP112.77 thousand, respectively. Earnings per Share (EPS) correspondingly increased by 18% YoY at PHP21.11 from PHP17.85 last year.

### **B. Solvency and Liquidity**

Consolidated net cash provided by operating activities in 2013 amounted to PHP12.65 billion. Consolidated loan availments amounted to PHP15.52 billion, inclusive of SLPGC's second and third loan drawdowns totalling to PHP6.99 billion. Meanwhile, sale of assets during the year generated PHP135.07 thousand. Net increase in other noncurrent liabilities generated PHP665.41 million, while Acquisition of a subsidiary – net of cash acquired recorded positive cashflow of PHP1.25 billion. With beginning Cash of PHP534.39 million, total consolidated Cash available the period stood at PHP28.84 billion.

Of the available cash, PHP2.45 billion was used to fund major CAPEX, PHP1.59 billion for coal segment, and PHP858 million for the power segment.

Meanwhile, loan repayments amounted to PHP10.75 billion, PHP6.38 billion and PHP 4.37 billion for coal and power, respectively.

The Company declared and paid cash dividends amounting to PHP4.28 billion in 2013.

Additions to Property, Plant and Equipment amounted to PHP8.90 billion, which is mainly composed of the construction-in progress of the 2 x 150MW CFB power plant in Calaca, Batangas and 1 x 15MW power plant for the mine operation at Semirara Island and other mining equipment and some capitalized repairs of the existing 2x300MW Calaca Power Plant during the year. Other investing activities during the period also utilized cash, namely, other CAPEX amounting to PHP4.94 million, additions to sinking fund of PHP10.81 million, and additions to exploration and evaluation assets amounting to PHP298.73 million.

After recording positive Effect of Exchange Rate Changes on Cash and Cash Equivalents of PHP9.64 million, Consolidated net cash generated during the period amounted to PHP4.28 billion. With a beginning balance of PHP534.39 million, consolidated Ending Cash closed at PHP4.82 billion, increasing by 802% YoY. The significant increase is attributed to strong cash generation of operations and the availment of scheduled loan drawdown of SLPGC which is not yet fully spent.

As a result of strong cash generation, current ratio improved at 1.48x from 0.96x in 2012.

### **C. Financial Condition**

Consolidated Total Assets stood at PHP44.73 billion, increasing by 24% from beginning balance of PHP36.20 billion. After eliminations, the coal and power segments' Total Assets closed at PHP11.36 billion and PHP21.51 billion, respectively. SLPGC, SCI, SEU, SCIPDI, SBGP, SRPGC recorded Total Assets of PHP11.80 billion, PHP40.61 million, PHP3.16 million, PHP2.62 million, PHP3.13 million, and PHP3.13 million, respectively.

Consolidated Current Assets closed at PHP14.80 billion, 26% higher than beginning balance of PHP11.71 billion. Coal, power, SLPGC, SCI, SEU, SCIPDI, SBPGC, and SRPGC accounted for PHP7.29 billion, PHP6.12 billion, PHP1.37 billion, PHP2.65 million, PHP 3.13 million, PHP2.62 million, PHP 3.13 million, and PHP 3.13 million, respectively.

Consolidated Cash and Cash Equivalents increased by 802% YoY at PHP4.82 billion from PHP534.39 million. The increase in Cash is mainly attributed to loan drawdown by SLPGC and cash generation from operations of the power segment.

Consolidated net Receivables also increased by 13% YoY at PHP4.03 billion from PHP3.58 billion, primarily due to high Trade Receivables of power as a result of uncollected spot revenues in November and December bringing total Trade Receivables of power to PHP3.32 billion. On the other hand Power also booked Allowance for Doubtful Accounts amounting to PHP467.43, bulk of which is the provision set up related to Spot Revenue for Nov and Dec 2013 billing affected by the TRO issued by the Supreme Court. Further, on March 11, 2014, Energy Regulatory Commission's (ERC) Order dated March 3, 2014 in ERC Case No. 2014-021 MC entitled "In the Matter of the Prices in the Wholesale Electricity Spot Market (WESM) for the Supply Months of November and December 2013, was released. Said ERC order affects SEM-Calaca Power Corporation's financial statement as well as the Corporation's Consolidated Financial Statements. However, only additional disclosure was made in the notes to financial statements considering that the Corporation is currently not able to reasonably determine with certainty the effects of the ERC order on its financial statement.

Total Receivables of power stood at PHP2.91 billion. The coal segment's Receivables of PHP1.12 billion are mainly trade related.

Consolidated Net Inventories decreased by 18% YoY at PHP4.63 billion from PHP5.66 billion in 2012. The coal segment's ending Inventory of PHP3.60 billion is mainly comprised of cost of ending coal inventory and materials, fuel and other supplies, while the power segment's Inventory of PHP1.02 billion is mainly comprised of spareparts inventory for its corrective, preventive and predictive maintenance program.

Consolidated Other Current Assets decreased by 32% YoY at PHP1.32 billion from PHP1.94 billion. The coal and power segments' Other Current Assets of PHP853.74 million and PHP436.07 million, respectively, are mainly comprised of creditable withholding taxes and advances to suppliers. SLPGC recorded Other Current Assets of PHP29.89 million mainly for Prepaid Tax.

Consolidated Non-Current Assets increased by 22% YoY at PHP29.93 billion from PHP24.48 billion. Coal, power, SLPGC, SCI and SEU accounted for PHP4.07 billion, PHP15.39 billion, PHP10.43 billion, PHP37.97 billion and PHP30.15 thousand, respectively.

Consolidated net PPE increased by 20% YoY at PHP27.29 billion from PHP22.72 billion as at end of 2012. The increase is due to new acquisitions, particularly of SLPGC, partially offset by depreciation. The equipment involved in the incident at Panian west wall were all fully depreciated. Coal, power, and SLPGC accounted for net PPE of PHP3.39 billion, PHP14.72 billion, and PHP9.18 billion, respectively.

Sinking Fund of the power segment increased by 2% YoY at PHP517.60 million from PHP508.04 million. This represents interest income earned for the equivalent of one quarter repayment posted in the debt service reserve account which is restricted in nature and placed overnight as provided for in the loan agreement covering the long-term loan of the power segment.

Exploration and Evaluation Asset of PHP348.15 is newly set-up by the coal segment accounting for pre-stripping and mine development for Bobog mine.

Consolidated Deferred Tax Assets increased 1,202% at PHP139.96 million from PHP10.75 million. This is mainly accounted by the coal segment amounting to PHP135.18 million. Power recorded PHP4.74 million covering additional provision related to pension expense, while SCI had PHP2.37 thousand NOLCO. SEU also recorded Deferred Tax Assets of PHP30.15 thousand.

Consolidated Other Non-Current Assets increased by 32% YoY at PHP1.64 billion from PHP1.24 billion as at end of in 2012. This is mainly comprised of input VAT withheld on acquisition of capital goods and services of PHP974.90 million, input VAT withheld of Php164.53 million net of impairment allowance, advances for long-term construction contracts and prepaid rent of Php448.66 million, capitalized research and development costs of Php37.96 million and other miscellaneous non-current assets amounting to Php13.70 million. Coal, power,

and SLPGC accounted for Other Non-Current Assets of PHP191.53 million, PHP147.89 million, and PHP1.26 billion, respectively.

Consolidated Total Liabilities increased by 27% YoY at PHP24.60 billion from PHP19.32 billion. Coal, power, SLPGC, SCI, SEU, SCIPDI, SBPGC, and SRPGC accounted for PHP10.95 billion, PHP7.12 billion, PHP6.63 billion, PHP44.00 thousand, PHP37.57 thousand, PHP64.76 thousand, PHP27.50 thousand, and PHP27.50 thousand, respectively.

Consolidated Total Current Liabilities decreased by 18% YoY at PHP9.99 billion from PHP12.17. Coal, power, SLPGC, SCI, SEU, SCIPDI, SBPGC and SRPGC accounted for PHP6.58 billion, PHP3.18 billion, PHP234.87 million, PHP44 thousand, PHP37.57 thousand, PHP64.76 thousand, PHP27.50 thousand and PHP27.50 thousand, respectively.

Consolidated Trade and Other Payables dropped by 9% YoY at PHP6.18 billion from PHP6.81 billion beginning balance. The decrease is mainly attributed to settlements of trade payables. Coal, power, SLPGC, SCI, SEU, SCIPDI, SBPGC and SRPGC accounted for PHP4.29 billion, PHP1.66 billion, PHP234.87 million, PHP44 million, PHP37.57 million, PHP64.76 million, PHP27.5 million and PHP27.5 million, respectively.

Short-term loans increased by 842% YoY at PHP1.66 billion from PHP175.65 million beginning balance due to availment by the coal segment of short-term working capital loans during the period.

Consolidated Current Portion of Long-Term Debt dropped by 58% YoY at PHP2.15 billion from PHP5.18 billion due to debt service of maturing loan amortization and refinancing of coal segment's USD loans to take advantage of low interest rates. Coal and power segments accounted for PHP631.52 million and PHP1.52 billion, respectively.

Consolidated Total Non-Current Liabilities increased by 104% YoY at PHP14.61 billion from PHP7.15 billion due to increase in long-term debt net of current portion. Coal, power, and SLPGC accounted for PHP4.16 billion, PHP3.82 billion and PHP5.68 billion, respectively.

Consolidated Long-Term Debt increased by 95% YoY at PHP13.68 billion from PHP7.00 billion. This is primarily due to the drawdown of SLPGC from its project financing facility amounting to PHP6.99 billion, and loan availments of medium-term loans by the coal segment to fund for additional mining equipment, as well as refinancing of maturing loans. Coal, power, and SLPGC accounted for PHP4.16 billion, PHP3.82 billion and PHP5.68 billion, respectively.

Provision for Decommissioning and Site Rehabilitation increased by 215% YoY at PHP196.50 million from PHP62.45 million. This accounted for coal and power provisions of PHP185.89 million and PHP10.62 million, respectively. The increase is mainly due to the coal segment's increase in mine rehabilitation contingency.

Pension Liabilities decreased by 13% YoY at PHP31.65 million from PHP36.55 million. Coal and power recorded Pension Liabilities of PHP22.10 million and PHP9.55 million, respectively. Other non-current liabilities increased by 1148% YoY at PHP723.35 million from PHP57.94 million. The amount accounted for the payable of SLPGC retention payable on long-term contract payments to contractor for the building of the power plants.

After accounting for income generation of PHP7.53 billion and payment of cash dividends of PHP4.28 billion during the period, consolidated Stockholders' Equity increased by 19% YoY at PHP20.13 billion from PHP16.87 billion in 2012.

Additional loan availments increased Debt-to-Equity ratio by 7% YoY at 1.22:1 from 1.15:1 last year.

#### IV. PERFORMANCE INDICATORS:

1. **Earnings per Share** – The continued growth in the Company's profitability is reflected in its increasing EPS. While coal showed strong performance in 2013, power was outstanding, with the reliable operations of both power plants after they have been rehabilitated. Moreover, high spot prices in November and December augmented the power segment's profitability.

2. **Debt-to-Equity Ratio** – Low DE ratio gives the Company more room to take on more debts to finance its expansion activities. Given the favorable borrowing climate, debt remains to be the cheapest funding source.
3. **Business Expansion** – The Company enjoys the unique advantage of operating coal-fired power plants using its own coal for fuel. It's integrated business provides more opportunities for synergistic growth, especially with the current investment climate where funding is cheap and power supply is tight.
4. **Expanded Market** – Higher capacity and availability of the rehabilitated power units increased requirement for Semirara coal. Moreover, new coal-fired power plants designed to use the grade of Semirara coal, including the expansion projects of the Company, are expected to come online. Meanwhile, the power supply contract with Meralco creates a reliable and stable market for the power segment being a base load plant. Moreover, the open access regime for electricity began commercial operation in June. This will provide the power segment alternative distribution outlets, such as the Retail Electricity Suppliers (RES) or large power consumers.
5. **Improved coal quality** – Quality enhancing measures are continuously implemented in the mining operations to improve customer satisfaction and maximize returns. On the other hand, low grade and washable coal are strategically used to feed power Unit 2.

## V. OTHER INFORMATION:

1. There were no known trends, events or uncertainties that have material impact on liquidity.
2. The Corporation provides interim corporate suretyship in favor of the lenders of SCPC for its PHP9.6 billion 7-year loan availed on 26 May 2010. The security may however be suspended within the term of the loan when the conditions set forth in the loan contract are met. SCPC started to amortize the loan in 2011; as at end of the year outstanding balance decreased to PHP5.38 billion. Also, the corporation provides interim corporate suretyship in favor of the lenders of SLPGC for the project debt facility amounting to P11.5 billion to finance the on-going construction of 2x150MW power plant expansion at Calaca, Batangas. As of December 31, 2013, the total amount drawn from said debt facility is P5.7 billion.
3. There are no material off-balance sheet transactions, arrangements, obligations, and other relationships of the Corporation with unconsolidated entities or other persons created during the reporting period.
4. The Corporation has no major purchase commitment of mining equipment, except for the on-going construction of the 1 x 15 MW CFB Power Plant for its mine operation, a replacement of the old unit with estimated cost of P1.2 billion. For the meantime, this project is financed by short-term and medium-term loans for conversion to long-term loan when deemed necessary, and the on-going construction of 2 x150MW power plant expansion at Calaca, Batangas which is financed by project debt facility with 60-40 debt-to equity ratio.
5. For 2013, we expect an increase in the demand for Semirara Coal in the domestic market with the commissioning of new power plants and small boilers that can utilize 100% Semirara coal. This trend is expected to continue in the succeeding years as a result of the competitiveness of Semirara Coal over imported coal.
6. There are no significant elements of income or loss from continuing operations.
7. There were no subsequent events that came to our knowledge, which are material enough to warrant an adjustment in the consolidated financial statements, except for the effect of Energy Regulatory Commission's (ERC) Order dated March 3, 2014 in ERC Case No. 2014-021 MC entitled "In the Matter of the Prices in the Wholesale Electricity Spot Market (WESM) for the Supply Months of November and December 2013, which was released on March 11, 2014. Said ERC order affects SEM-Calaca Power Corporation's financial statement as well as the Corporation's Consolidated Financial Statements. However, only additional disclosure was made in the notes to financial statements considering that the Corporation is currently not able to reasonably determine with certainty the effects of the ERC order on its financial statement.
8. The Group's operation is not cyclical or seasonal in nature. Mining activities is continuous throughout the year as coal production output from period to period can be adjusted through efficient mine planning on both short-term and long-term, mitigating negative impact of the rainy season to mine operations. The power generation business is also operational throughout the year as maintenance shutdown is just part of normal operation of the plant and programmed ahead of time.

## Full Years 2011-2012

### I. PRODUCTION AND OPERATIONS

#### COAL

Total materials moved in 2012 decreased by 9% at 77,072,255 from 85,060,883 bank cubic meters (bcm) last year due to longer hauling cycle and lower operating days. During the year, mining operations were concentrated at the lowest level of the pit, thus resulting to longer hauling cycle. Meanwhile, total rainfall this year of 2,771 mm is 2% lower than last year.

The advance stripping activities in the previous periods benefit the current period's mining operations as activities in 2012 were more focused on coal production rather than overburden stripping. As a result, strip ratio dropped by 15% at 8.66:1 from 10.13:1 last year. This explains the 5% increase in run-of-mine (ROM) coal production at 8,235,875 metric tons (MTs) from 7,840,467 MTs last year, despite the decrease in material movement. Coal recovery improved with the sale of unwashed coal to subsidiary Sem-Calaca Power Generation Corporation (power segment) for the use of its Unit 2. Hence, net total product coal increased by 8% at 7,656,849 MTs from 7,118,460 MTs last year.

Ending inventory increased by 39% at 1,382,607 MTs from beginning inventory of 991,887 MTs also as a result of higher coal recovery.

The table below shows the quarterly comparative production data for 2012 and 2011.

COMPARATIVE PRODUCTION DATA											
<i>(in '000, except Strip Ratio)</i>

#### POWER

##### UNIT 1

When Calaca Power Plant assets were acquired in December 2009, Unit 1 can only generate 160 MW or 53% of its rated capacity using pure Semirara Coal. The rehabilitation of the unit was centered on improving the loading capacity to at least 220 MW or 73% of its rated capacity.

The rehabilitation of the plant started in August 2011 and end in July 2012. It took more than a year of planning to cover all major repair works. The rehab project suffered delays in the commissioning stage to ensure the safe and reliable operation of the plant. The original equipment manufacturers (OEMs), Foster Wheeler for the boiler and Toshiba for the Turbine/Generator, supervised the repair to commissioning of the Unit. Although delayed, the unit can now load 235 MW or 77% of its rated capacity, an improvement of 24% or 75 MW on pure Semirara Coal.

Generation capacity is low at 20% in the five months of running against 27% last year but the average load is significantly higher at 197 MW against 155 MW. In general, the unit is now better in terms of generation capacity and efficiency.

Unit availability was only 2,697 hours or 31% compared to 54% last year since Unit 1 was down for about 7 months during the current period due to the rehabilitation works. Total energy generated was 531 Gwh or 27% down compared to last year.

##### UNIT 2

Unit 2 is on its second year of operation after its rehabilitation in the last quarter of 2010.

The unit performed better this year in all aspects of operation compared to last year. Gross generation has increased by 71% or 1,932 Gwh. Unit availability improved from 60% to 88% and force outage was limited to only 12% from 36% last year. Running hours in 2012 is remarkably higher at 7,761 hours than 2011 48% increase.

Loading capacity is limited to 260 MW due to some leaks on two of its high pressure heaters 7 & 8. The average load capacity during the current period is at 249 MW or 20% more than last year.

The table below shows the quarterly comparative plant performance for 2012 and 2011.

## II. MARKET

### COAL

Total coal sold in 2012 increased by 10% at 7.18 million MTs compared to 6.52 million MTs in 2011. Q1 2012 sales of 1.67 million MTs was 2% higher than 1.64 million MTs sold in Q1 2011, however, Q2 2012 sales volume of 2.06 million MTs was 18% lower as against 2.52 million MTs in Q2 2011, while Q3 sales continued to drop by 15% at 1.25 million MTs this year from 1.46 million MTs in 2011. Q4 sales recovered with an increase of 145% at 2.21 million MTs from 902 thousand MTs last year.

The table below shows the quarterly comparative coal sales volume data for 2012 and 2011.

COMPARATIVE SALES VOLUME DATA													
(in '000 MTs)													
CUSTOMER	Q1 '12	Q2 '12	Q3 '12	Q4 '12	YTD '12	%	Q1 '11	Q2 '11	Q3 '11	Q4 '11	YTD '11	%	% Inc (Dec)

Sale to power plants decreased by 14% this year at 2.53 million MTs from 2.96 million MTs last year. Although Q1 and Q2 off-take of the power segment were lower this year as compared to last year as rehabilitation of Unit 1 was completed only in Q3, coal off-take increased in the second half. As a result, the power segment's total coal purchases increased by 6% at 1.49 million MTs this year from 1.41 million MTs last year. Meanwhile deliveries to other power plants dropped in the second half, resulting to a 33% drop YoY at 1.04 million MTs this year from 1.55 million MTs in 2011.

On the other hand, with three new customers this year, sales to cement plants increased by 59% at 1.05 million MTs from 660 thousand MTs last year.

The 9% drop in sales to other local customers was mainly caused by weaker purchases by some small traders in Q1 and Q4 this year. Deliveries to other industrial plants totaled to 430 thousand MTs from 475 thousand MTs in 2011.

The increase in sales to cement plants helped offset the decrease in deliveries to power plants and other industrial customers, thus softening the drop in total local sales at 2% to 4.01 million MTs this year from 4.09 million MTs in 2011.

On the other hand, export sales rebounded in Q4, bringing total exports to 3.17 million MTs this year or a 31% growth from last year's 2.43 million MTs.

All supply contracts with the Corporation are already priced at market. As a result, the drop in global coal prices brought down composite average FOB price per MT this year to PHP2,453, a 20% decrease from last year's PHP3,078.

### POWER

The power segment's 2012 recorded sales for bilateral contracts increased to 2,007 GWH from 1,553GWh in 2011 or 29% improvement. This mainly came from the contract with MERALCO which was effective since 26 December 2011.

MERALCO is still the single biggest customer of the power segment in 2012, accounting for 80% share of the total energy sales to bilateral contracts. BATELEC I and Trans-Asia accounted for 12% and 6% market share, respectively.

Meanwhile, spot market sales dropped by 26% from 472 GWh in 2011 to 348 GWh in 2012. The decrease in spot sales was due to the increase in contracted power which effectively reduced the excess capacity for sale in the spot market.

Total energy sold in 2012 posted at 2,355 GWh 2012, 85% directly to the customers through bilateral contracts, and 15% to the spot market. Total energy sales increased by 16% from 2,025 GWh recorded in 2011.

Of the total energy sold, 99% was sourced from the generation of the power plants, while 1% was purchased from the spot market.

Spot market prices in 2012 were more volatile compared to 2011. This is due to the abrupt forced outages and scheduled maintenance of major power plants which decreased the supply in the months of May to July 2012. Also, It was observed that the demand increased by an average of 4% in 2012. These two factors caused the increase of spot prices in the market.

In the last quarter of 2012, spot prices escalated due to the planned outages of Ilijan Block A (600 MW) and Sta. Rita Mod 30 (256 MW) amidst the increased demand as business activities stepped up until Christmas Eve. This situation in the market provided Unit 1 an opportunity to generate more Revenues as power generated during the plant's testing were sold to the spot market.

The table below shows the quarterly comparative sales volume data and composite average price for 2012 and 2011.

COMPARATIVE SALES VOLUME DATA

### III. FINANCE

#### A. Sales and Profitability

Consolidated Revenues, net of eliminating entries, dropped by 6% YoY at PHP24.15 billion from PHP24.15 billion last year. Although coal sales volume increased, lower composite average price/MT pulled down coal Revenues before elimination to PHP17.63 billion this year from PHP20.06 billion last year. Net of eliminations, Coal Revenues dropped by 11% YoY at PHP14.45 billion from PHP16.20 billion last year. On the other hand, higher energy generation offset the decrease in average price per kwhr caused by the decrease in international coal price index. As a result, energy sales slightly improved by 1% at PHP9.70 billion from PHP9.61 billion last year.

Consolidated Cost of Sales decreased by 12% at PHP14.64 billion from PHP16.66 billion last year. Before elimination, Cost of Coal Sold dropped by 12% at PHP12.33 billion from PHP14.01 billion last year due to lower cost/MT sold. Net of elimination, Cost of Coal Sold likewise dropped by 12% YoY at PHP9.82 billion from PHP11.10 billion. Cost of Coal Sold per MT dropped by 24% compared to last year due mainly to higher units of production and tightening control on some mine overhead costs. This partially offsets the decline in Revenues due to lower average coal prices.

In the same note, power Cost of Energy Sales before elimination reduced by 14% at PHP5.53 billion from PHP6.40 billion last year. Minimal spot purchases for replacement power and lower coal fuel average cost this year accounted for the decrease in cost.

The resulting consolidated Gross Profit increased by 4% at PHP9.51 billion, with the coal power segments each contributing PHP5.42billion and PHP4.10 billion, respectively. Last year's consolidated Gross Profit stood at PHP9.15 billion last year, PHP5.94 billion from coal and PHP3.21billion from power. Consolidated Gross profit margin improved to 39% from 35% last year.

Consolidated Operating Expenses increased by 19% at PHP3.39 billion from PHP2.86 billion last year. Net of eliminating entries, the coal segment's Operating Expenses increased by 10% at PHP2.03 billion from last year's PHP1.84 billion as lower Cost of Sales increased Government Share by 5% at PHP1.56 billion from PHP1.48 billion last year. The power segment's Operating Expenses after elimination also went up by 32% at PHP1.34 billion from PHP1.02 billion last year due to writedown of net book value of replaced major components and parts relative to the rehabilitation of Unit 1 amounting to PHP341 million. The pre-operating Southwest Luzon Power Generation Corp. (SLPGC), a wholly-owned subsidiary of the Corporation incorporated to expand its power capacity with the construction of 2 x 150 MW power plants, incurred PHP23.86 million pre-operating expenses, representing taxes, licenses and fees incurred during the year. Another subsidiary, Sem-Cal Industrial Park Developers, Inc. (SIPDI) and Semirara Claystone Inc. also incurred Pre-operating Expenses of PHP37 thousand and PHP64 thousand during the period, respectively.

Consolidated Forex Gains posted a remarkable PHP391 million as against losses of PHP38.32 million last year. The PHP continued to strengthen against the USD during the year. Since most of its loans are USD-denominated, bulk of this year's Forex Gains is attributed to the coal segment which recognized PHP387.83 million versus last year's Loss of PHP26.01 million. Meanwhile, with minimal Forex exposure, the power segment's Forex Gains registered at PHP3.17 million as against Losses of PHP12.31 million last year.

Lower cash and lower placement interest rates resulted to the decrease in consolidated Finance Income by 39% at PHP82.15 million from PHP134.88 million last year. The coal segment's investible funds reduced after its additional equity infusion of PHP2.5 billion to SLPGC, thus its Finance Income decreased by 83% at PHP13.12 million from PHP79.45 million last year. On the other hand, the power segment's

Finance Income increased by 24% at PHP68.95 million from PHP55.43 million due to higher short-term placement income from SLPGC in the first half of 2012 with its higher cash level, coming from the proceeds of the initial drawdown from the project loan facility and equity infusion by the parent, parked in short-term placements.

Consolidated Finance Costs slightly increased by 4% at PHP501.28 million from PHP483.29 million last year. The coal segment's interest-bearing loans increased by 6% at PHP4.91 billion from PHP4.62 billion last year. Although interest rates are lower this year, Finance Costs increased by 17% at PHP122.61 million from PHP104.93 million last year as it only started paying off short-term debts toward the end of the year. Meanwhile, the power segment's total ending interest-bearing loans balance dropped to PHP7.35 billion from PHP8.84 billion last year. Of this amount, P550 million reflects the new availment by SLPGC. With the availment of short-term working capital loans during the year, the power segment's Finance Costs slightly increased at PHP378.67 million from PHP378.36 million last year.

Consolidated Other Income increased by 209% at PHP308.90 million from PHP99.91 million generated by the coal segment last year from gain on sale of retired assets. After eliminating the PHP 1.5 billion Dividend Income from the power segment, the coal segment's Other Income this year, increased by 78% at PHP177.63 million from PHP99.91 million last year, included gain on sale of retired assets, sale of electricity and insurance claims. Meanwhile, the power segment's Other Income of PHP131.26 million this year is mainly composed of sale of fly ash.

The resulting consolidated Income Before Tax stood at PHP6.40 billion, with the coal and power segments contributing PHP3.83 billion and PHP2.57 billion, respectively; meanwhile SLPGC registered a loss of 3.56 million. This year's consolidated Income Before Tax posted a 6% growth over last year's PHP6.01 billion.

Both operating business units enjoy Income Tax Holidays (ITH) as Board of Investments (BOI)-registered companies. Moreover, on 20 September 2012, the coal segment received the approval of its BOI registration for Bobog Mine, another mine site to be developed next to the current active Panian mine. The ITH benefit will start upon commercial operation of the new mine. SLPGC's application for BOI registration was also approved during the year. With these tax holidays, consolidated Provision for Income Tax remained minimal at PHP39.45 million this year. In 2011, consolidated Benefit from Income Tax posted at PHP22.17 million. The coal and power segments' tax provision this year stood at PHP1.3 million and PHP28.0 million, respectively.

The resulting consolidated Net Income After Tax posted a 5% growth at PHP6.36 billion from PHP6.031 billion last year. Coal and power segments respectively generated PHP3.82 billion and PHP2.54 billion this year, while SLPGC recorded a net loss of PHP8.0 million. Earnings per Share (EPS) correspondingly increased by 5% at PHP17.85 from PHP16.93 last year.

#### **B. Financial Condition, Solvency and Liquidity**

Consolidated cash provided by operating activities this year amounted to PHP6.40 billion. Consolidated loan availments totaled to PHP4.47 billion. Meanwhile, sale of assets during the year generated PHP127.49 million, while increase in Other Noncurrent Liabilities of PHP57.94 million resulted to a positive impact to the cash flow. With Beginning Cash of PHP5.01 billion, total consolidated Cash available for the period stood at PHP17.27 billion.

Of the available cash, PHP5.37 billion was used to fund major CAPEX; PHP3.99 billion for the power plant expansion under construction in progress, PHP1.15 billion for mining equipment, and PHP237.54 million for the existing power plants.

The Corporation also paid cash dividends of PHP12 per share or a total of PHP4.27 billion. Of this amount, PHP1.5 billion was contributed by the power segment in form of cash dividend paid to the parent company.

Meanwhile, PHP5.30 billion was spent for debt repayments, PHP2.03 billion for the maturing obligations of power, and PHP3.26 for the coal segment.

Other investing activities during the period also utilized cash, namely, additions to investments and advances amounting to PHP 17.25 million which included investment in sinking fund and retirement benefit direct payments of PHP1.93 million.

With this year's intensive expenditures, consolidated Ending Cash closed at PHP534.39 billion, a significant 89% drop from last year's PHP5.01 billion due to investments made in the power segment and long-term debt service.

The consolidated current ratio as of end of the current period went down at 0.97x versus 1.25x in 2011 due to reclassification of long-term debt to current portion and short-term refinancing of long-term debt principally from the coal segment, capitalizing the lower LIBOR rate and spreads for USD short-term borrowings coupled with stronger Philippine peso.

#### **C. Financial Condition**

Consolidated Total Assets stood at PHP36.19 billion, reflecting a 2% increase from beginning balance of PHP35.63 billion due to acquisition of new mining equipment for reflecting of retired units and rehabilitation of Power Unit 1. After eliminations, the coal and power segments' Total Assets closed at PHP11.37 billion and PHP20.83 billion, respectively. SLPGC, SCI and SIPDI recorded Total Assets of PHP3.97 billion, PHP2.5 million and PHP2.6 million, respectively.

Consolidated Current Assets dropped by 9% to PHP11.71 billion from PHP14.12 billion as at end of 2011. Coal, power, SLPGC, SCI and SIPDI accounted for PHP7.88 billion, PHP3.76 billion, PHP64.19 million, PHP2.5 million and PHP2.57 million, respectively.

Consolidated Cash and Cash Equivalents' 89% decrease to PHP534.39 million from PHP5.01 billion beginning balance mainly accounted for the decrease in consolidated Current Assets. The substantial decrease in Cash is attributable to payment of dividends and payment of Trade and Other Payables, particularly the down payment for the 2 x 150MW power plant expansion.

On the other hand, Net Receivables increased by 11% at PHP3.58 billion from PHP3.22 billion last year mainly from increased receivables of electricity sales and coal export sales towards the end of the year. The coal and power segments Receivables of PHP1.28 billion and PHP2.3 billion, respectively, are mainly trade related.

Consolidated Net Inventories likewise increased by 23% at PHP5.66 billion from PHP4.59 billion as at the end of 2011. The coal segment's ending Inventory of PHP4.54 billion is mainly comprised of cost of ending coal inventory and materials and supplies, while the power segment's Inventory of PHP1.16 billion is mainly comprised of coal inventory and spareparts inventory for corrective, preventive and predictive maintenance program.

Consolidated Other Current Assets increased by 48% at PHP1.94 billion from PHP1.31 billion in 2011. The coal segment's Other Current Assets of PHP1.64 billion is mainly comprised of creditable withholding taxes, advances to suppliers, and pre-paid insurance. The power segment's Other Current Assets of PHP262 million mainly accounted for advances to suppliers and pre-paid insurance.

Consolidated Non-Current Assets grew by 14% at PHP24.47 billion from PHP21.50 billion as at end of 2011. Coal, power, and SLPGC accounted for PHP3.49 billion, PHP17.07 billion, and PHP3.9 billion, respectively.

The increase in consolidated non-current assets is largely attributed to the 10% increase in consolidated net PPE of PHP22.72 billion from PHP20.74 billion in 2011. Down payments were made to suppliers for the expansion of power capacity under SLPGC, while the coal segment also purchased replacement mining equipment for its retired assets. Coal, power, and SLPGC accounted for net PPE of PHP3.39 billion and PHP16.46 billion, and PHP2.88 billion, respectively.

Consolidated Investments posted a minimal increase of 4% at PHP508.04 million from PHP490.79 million beginning balance. This accounts for the sinking fund maintained by the power segment.

Consolidated Deferred Tax Assets of PHP1.54 million accounted for the power segment's provision for decommissioning and site rehabilitation of PHP1.52 million and PHP19.36 thousand NOLCO of Semirara Claystone, Inc., another subsidiary of the Corporation. In 2011, consolidated Deferred Tax Assets closed at PHP17.41 million.

Consolidated Other Non-Current Assets increased by 382% to PHP1.24 billion from PHP257.38 million in 2011. This is mainly comprised of advances to contractor, input VAT withheld and pre-paid rent. Coal, power, and SLPGC accounted for Other Non-Current Asset of PHP115 million and PHP94 million, and PHP1.03 billion, respectively.

Consolidated Total Liabilities decreased by 7% at PHP19.29 billion from PHP20.82 billion last year. Coal, power, SLPGC, SCI and SIPDI accounted for PHP9.78 billion, PHP8.31 billion, PHP675 million, PHP44 thousand and PHP67 thousand, respectively.

The drop in Total Liabilities is primarily due to the reduction in Consolidated Total Long-term Liabilities which decreased by 26% at PHP7.12 billion from PHP9.52 billion in 2011. Coal, power, SLPGC accounted for PHP9.8 billion, PHP9.6 billion, PHP675 million, respectively.

After settlement of the balance of the coal segment's government share for prior year of P905.0 million and payment of other trade accounts for both coal and power segments, consolidated Trade and Other Payables decreased by 7% at PHP6.81 billion from PHP7.30 billion beginning balance. Coal, power, SLPGC and SIPDI respectively accounted for PHP4.82 billion, PHP1.93 billion, PHP69.98 million, PHP65 thousand and PHP87 thousand of Trade and Other Payables.

Consolidated Current Portion of Long-Term Debt likewise increased by 73% at PHP5.18 billion from PHP2.99 billion as at end of 2011 since majority of the loans availed for CAPEX will mature next year, which recorded a closing balance of PHP3.37 billion and PHP1.51 billion, respectively.

On the other hand, consolidated Total Non-Current Liabilities decreased by 25% at PHP7.12 billion, from PHP9.52 billion in 2011. Coal, power, and SLPGC accounted for PHP1.16 billion, PHP5.35 billion and PHP605 million, respectively.

Consolidated Long-Term Debt decreased by 12% at PHP7.0 billion from PHP9.47 billion beginning balance, primarily due to reclassification to short-term of maturing CAPEX loans of the coal segment and power segment's debt servicing. This caused the decrease in Total Non-Current Liabilities. Coal, power, and SLPGC accounted for PHP1.12 billion, PHP5.34 billion and PHP547 million, respectively.

Provision for Decommissioning and Site Rehabilitation increased by 31% at PHP62.45 million from PHP47.58 million due to an additional provision made by the coal segment after its contract area was expanded to include portions of Caluya and Sibay islands.

During the year, the Corporation recognized consolidated Pension Liability of PHP5.85 million. After dividend payment of PHP4.28 billion and accounting of income generation of PHP6.36 billion, consolidated Stockholders' Equity increased by 14% at PHP16.89 billion from PHP14.81 billion as at end of 2011.

Debt-to-Equity ratio improved by 18% at 1.15:1 from 1.41:1 as at the start of the year.

## VI. PERFORMANCE INDICATORS:

1. **Earnings per Share** – Despite the drop in global coal prices, the Corporation was able to recognize an increase in profits this year, translating to an improved EPS. Cost management in the coal segment and success in rehabilitating both units of the power segment are factors that paved the way for the Corporation's continued remarkable performance during the year.

2. **Debt-to-Equity Ratio** – The Corporation's healthy balance sheet allowed it to pay off debts. Hence despite incurring an additional PHP 550 million loan for the expansion of the power capacity, DE improved as at the end of the year. The Corporation's strong financial condition enables it to enjoy the best commercial terms for its financing requirements.
3. **Business Expansion** – Taking an extra step in its forward integration to the power business, the Corporation started with its expansion plans to put up another 2 x 150 MW power plants during the year. This will further maximize the value of its coal reserves as these plants are designed to use unwashed coal, thus improving coal recovery.
4. **Expanded Market** – The successful breakthrough in the export market in 2007 paved way for the increased acceptance of Semirara coal amongst local users. The thrust of the Corporation now is to further develop its local market, and slowly displace export sales with domestic deliveries as the latter give better margins.  
Meanwhile, the power segment limited its exposure to the volatility of the spot market by signing bilateral contracts, both firm and non-firm. As base load plants, it is more ideal to have a stable market for the generated electricity.
5. **Improved coal quality** – The consistent implementation of measures to improve or enhance coal quality resulted to increased acceptance both in the export and domestic markets. Meanwhile, to improve coal recovery and cost efficiency, the power plants started to burn unwashed coal during the year. This also provides additional income to the power segment as sale of fly ash dramatically increased.

## VII. OTHER INFORMATION

1. There were no known trends, events or uncertainties that have material impact on liquidity.
2. The Corporation provides interim corporate suretyship in favor of the lenders of SCPC for its PHP9.6 billion 7-year loan availed on 26 May 2010. The security may however be suspended within the term of the loan when the conditions set forth in the loan contract are met. SCPC started to amortize the loan in 2011; as at end of the year outstanding balance decreased to PHP8.75 billion.
3. There are no material off-balance sheet transactions, arrangements, obligations, and other relationships of the Corporation with unconsolidated entities or other persons created during the reporting period.
4. The Corporation has issued purchase orders to suppliers for mining equipment amounting to P180 million for delivery Q1 2012. Additional mining equipment worth USD7.65 million will be purchased in 2012 with various delivery dates falling on the second half 2012. Moreover a 1 x 15 MW CFB Power Plant will be constructed in Semirara Island for its mine operation, a replacement of the old unit with estimated cost of P1.2 billion. The equipment purchases will be financed with medium-term loans that match the life of the assets while the power plant will be financed via long term loan, all to be sourced from local banks.
5. For 2012, we expect an increase in the demand for Semirara Coal in the domestic market with the commissioning of new power plants and small boilers that can utilize 100% Semirara coal. This trend is expected to continue in the next two years as a result of the competitiveness of Semirara Coal over imported coal.
6. There are no significant elements of income or loss from continuing operations.
7. There were no subsequent events that came to our knowledge, which are material enough to warrant an adjustment in the consolidated financial statements.
8. The Group's operation is not cyclical or seasonal in nature. Mining activities is continuous throughout the year as coal production output from period to period can be adjusted through efficient mine planning on both short-term and long-term, mitigating negative impact of the rainy season to mine operations. The power generation business is also operational throughout the year as maintenance shutdown is just part of normal operation of the plant and programmed ahead of time.

## Full Years 2010-2011

### I. PRODUCTION AND OPERATIONS

#### COAL

The acquisition and operation of the 2 x 300 MW power plants in Calaca Batangas gave market security to the coal business segment and the Corporation, as a group, to hold position in the power sector. The imbalance in the power demand and supply of energy in our country drove the Corporation to expand its power plant capacities in the next three years. The thrust of the mine operations in 2011 was anchored on this business decision.

There were more drilling programs implemented, particularly focusing on the eastern part of the island, which indicated positive results. These extensive drilling activities are being done to ensure that the expansion of power plant capacities will be accordingly supported by sufficient mineable coal reserves. The data gathered from the exploration and confirmatory drilling are going to be submitted to a local competent person for verification for certification by a competent person according to Philippine Mineral Resource Code (PMRC) standards and will ultimately be subjected to certification process in accordance with Joint Ore Reserve Code (JORC) standards.

With almost the same equipment complement, operations achieved a new record high of total material movement of 85.06million bank cubic meters (bcm), registering an 8% growth from 2010 material movement of 78.68 million bcm. At a higher strip ratio this year of 10:13:1 from 9:73:1 in 2010, run-of-mine (ROM) coal posted a more modest growth of 4% at 7.84million metric tons (MTs) from 7.54million MTs last year. Despite a higher percentage of washable coal this year, net total product coal recorded a 2% increase at 7.12 million MTs from 6.95 million MTs in 2010.

The fourth (4<sup>th</sup>) loading facility was made operational towards the end of the year. The strategic location of the new loading facility cuts coal transfer time. This improved logistic support necessary for the expanded activities in the island and make coal loading rate faster.

Despite the increased production, marketing efforts were restrained by the impact of the economic woes in Europe and US to the Asia Pacific Region. Exports declined due to high coal inventory in China from Europe which were diverted to Asian market and lower coal demand in Thailand due to flooding. Thus, local orders were given priority and export sales slowed down towards the end of the year. As a result, ending inventory stood at 1.0 million MTs more than double the beginning inventory of only 0.49million MTs.

## **POWER**

### **UNIT 1**

In 2011 Unit 1 was limited to 157 MW average load due to thinned boiler tubes and only one Circulating Water Pump (CWP) in service starting 14 April 2011. Also, the unit was under rehabilitation starting 29 August 2011, hence gross generation reduced by 20% from 2010 level of 915 GWh at 727 GWh this year. Capacity factor, availability, and forced outage rates during the year stood at 28%, 54%, and 4%, respectively. The unit was running for a total of 4,704 hours during the year, and it consumed 477,272 MTs Semcoial.

Unit 1 has been operating for 25 years and issues related to safety, reliability, efficiency, upgrade, obsolescence and environmental consequently arose. The rehabilitation of Unit 1 was undertaken to address these issues that caused the inefficient operations of the plant. It was officially shutdown for rehabilitation last August 29, 2011.

### **UNIT 2**

In 2011 Unit 2 was running at 254MW average load due to extended commissioning and high pressure heater leak. Gross generation for 2011 was 1,132 GWh with 43% capacity factor, 60% availability, and 36% forced outage rates. After the rehabilitation works, generation this year is 57% higher than in 2010 as operating hours improved from 4,230 hours in 2010 to 5,234 hours this year.

The unit experienced 2,976 hours forced outage which is 19% higher than 2010 level due to the increase in load which exposed the plant's weak points leading to de-rating and shutdowns. Fine tuning of boiler was done progressively to correct overheating. Meanwhile, the remaining overheated boiler tubes will be replaced by end 2012, to coincide with the scheduled preventive maintenance shutdown of the plant.

The Distributed Control System (DCS) and the dry bottom ash system will also be installed during the aforementioned scheduled preventive maintenance shutdown. Moreover, all other improvements, correction of deficiencies and modifications will be undertaken during this time. The full rehabilitation program of the plant is expected to be completed and by start of 2013.

## **II. MARKET**

### **COAL**

Demand for Semirara coal, both from the local and export markets, remained strong in 2011. However, with its new objective of resource maximization for its investments in the power, the Corporation strategically cut export sales during the year, such that sales of 6.52million MTs was 9% lower than 2010 sales volume of 7.15million MTs.

The cut in sales volume came from export deliveries which dropped by 41% at 2.43million MTs from 4.10million MTs in 2010. Conversely, local sales increased by 34% at 4.09million MTs from 3.05million MTs in 2010.

With increasing local demand, marketing efforts shifted back to prioritizing the domestic market to fully benefit from its competitive advantages over imported coal. Thus, from a 43% : 57% market share in favor of export sales in 2010, the scale has tipped to 63%: 37% in 2011.

Bulk of the local sales were delivered to the power plants, totaling to 3.27million MTs, increasing by 92% from power plant sales of 1.70million MTs in 2010. SCPC's total deliveries increased by 47% at 1.41million MTs this year from 0.96million MTs in 2010 as first phase of Unit 2 rehabilitation was completed this year, thus increasing the plant's effective capacity and utilization rate. Meanwhile, deliveries to other power plants tripled from 0.74million MTs in 2010 to 1.86million MTs this year. The huge increase mainly came from the increase in off-take of a customer with power plants in the Visayas with a long-term supply agreement with the Corporation. Sales to the power sector accounted for 50% of total sales in 2011.

Sales to local cement plants remained flat at 0.66million MTs in 2011 from 0.66 MTs in 2010. This year, the Corporation has more direct sales to end-users, unlike in the previous years, wherein most of its sales to cement plants were made via local trader. Cement plant's market share inched up slightly at 10% this year from 9% in 2010.

Meanwhile, sales to other industrial plants recorded a significant 77% drop from 0.68 million MTs in 2010 to 0.16million MTs this year. This was caused by lower purchases by a local broker who delivers to small industrial plants. As a result, this industry's market share dropped to 2% from 10% in 2010.

High global coal prices translated to a remarkable 31% increase in composite average price from PHP2,343 in 2010 to PHP3,078 this year. The Corporation already adopted a coal pricing mechanism which is indexed to global coal prices.

### **POWER**

SCPC's recorded sales for bilateral contracts for 2011 increased by 14% to 1,553 GWh from its recorded sales in 2010 of 1,368 GWh. This is attributed to the renewal of contract with one of its previous customers, the Batangas I Electric Cooperative, Inc. (BATELEC I); a new power supply contract with Trans-Asia Oil and Energy Development Corporation, which took effect in April and March 2011, respectively; and an arrangement with the National Power Corporation (NPC) for a non-firm power supply to MERALCO on top of the existing firm power supply to MERALCO under the existing Contract for the Supply of Electric Energy inherited by SCPC from NPC.

MERALCO remained to be the biggest customer of SCPC accounting for 33% share of the total energy sales for SCPC's bilateral contracts.

SCPC's sales from the spot market, however, dropped by 1%, from 476 GWh in 2010 to 472 GWh in 2011. The decrease in sales to spot market was mainly due to the approval of non-firm nominations of Meralco.

Overall, a total energy of 2,025GWh was sold in 2011, 77% directly to the customers through bilateral contracts, and 23% to the spot market. The total energy sales increased by 10% from 1,845 GWh recorded in 2010.

Of the total energy sold, 85% was sourced from the generation of the power plants, while 15% was purchased from the spot market. SCPC secured replacement power from the spot market to meet its supply obligation to MERALCO.

In December 2011, SCPC inked a new power supply contract with Meralco effective December 26, 2011 for a term of seven (7) years with an option to extend for another three (3) years upon mutual agreement. The initial contracted capacity is 210 MW and will be increased to 420MW upon commercial operation of the other unit after rehabilitation or 210MW for each unit.

### III. FINANCE

#### A. Sales and Profitability

High coal prices and increase in energy sales resulted to a 13% growth in consolidated Revenues in 2011 at PHP25.81 billion from PHP22.90 billion in the previous year. Net of eliminating entries, coal and energy Revenues stood at PHP16.20 billion and PHP9.61 billion, respectively.

Consolidated Cost of Sales increased by 5% at PHP9.15 billion from PHP6.99 billion in 2010. After eliminating entries, the coal and power segments accounted for Cost of Sales of PHP10.26 billion and PHP6.40 billion, respectively. Cost of Coal Sold/MT increased by 21% from PHP1,770 in 2010 to PHP2,148 this year due to significant increases in rate of fuel consumption per cycle time and fuel, materials and spare parts prices, along with the increase in stripping ratio. On the other hand, the power segment's Cost of Sales/KWhr registered a slight 1% growth from PHP3.13 in 2010 to PHP3.16 in the current period.

The increase in per unit Cost of Sales was sufficiently covered by the increase in selling prices for both the coal and power segments. Thus, Gross Profit Margin increased from 31% in 2010 to 35% in the current period. As a result, consolidated Gross Profit registered a healthier growth of 31% from PHP6.99 billion in 2010 to PHP9.15 billion this year.

Meanwhile, consolidated Operating Expenses increased by 6% from PHP2.72 billion in 2010 to PHP2.88 billion this year. The coal segment's Operating Expenses of PHP1.86 billion is mainly composed of Government Share of PHP1.48 billion. On the other hand, the power segment incurred PHP999.00 million in Operating Expenses, which comprised mainly of the O&M fee of the plant. In addition, the Corporation invested in two new companies during the year. One is the Southwest Luzon Power Generating Corp. (SLPGC) which will undertake the expansion of the power capacities with the construction of 2 x 150 MW plants adjacent to the existing power plants of SCPC. Pre-operating expenses of PHP20.23 million were incurred during the year. Another corporation was incorporated, the Sem-Cal Industrial Park Developers, Inc. (SIPDI) which aims to develop the Calaca property into an economic zone. In 2011, it incurred Pre-operating Expenses of PHP50 thousand.

Consolidated Financing Cost dropped by 28% from PHP668.44 million in 2010 to PHP483.29 million this year. The decrease was due to the decline in the balance of the SCPC loan, which partly financed the acquisition of the asset, from PHP9.6 billion in 2010 to PHP8.6 as at the end of 2011. Augmented by the drop in interest rates, Financing Cost of the power sector decreased by 19% from PHP490.63 in 2010 to PHP396.78 million this year. Meanwhile, although total loans of the coal segment increased in 2011, due to the decrease in interest rates, its Financing Costs in 2011 of PHP86.51 million decreased by 56% from 2010 level of PHP177.81 million, mainly from dollar denominated loans.

On the contrary, consolidated Finance Income rose by 134% from PHP57.67 million to PHP134.88 million. Short-term placement rates improved in 2011 compared to 2010. Moreover, all business units had healthier cash positions during the year. The coal segment's Finance Income increased by 165% at PHP79.45 million from PHP30.02 in 2010; while the power segment generated PHP55.43 million this year, posting a 100% increase from last year's level of PHP27.65 million. Meanwhile, SLPGC recognized Finance Income of PHP10.54 from its partially paid-up capital placed in short-term time deposit accounts.

Meanwhile, foreign exchange fluctuations resulted to consolidated Forex Losses of PHP38.32 million, the coal and power segments incurred Forex Losses of PHP26.01 million and PHP12.31 million, respectively. In 2010, the fluctuations moved in favor of the Corporation, thus enabling it to recognize consolidated Forex Gains of PHP 199.49 million.

Consolidated Other Income of PHP99.91 was generated by the coal segment mainly from sale of retired mining equipment and proceeds from insurance claims of PHP53.55 million and 35.12 million respectively. This posted a 53% growth from 2010 level of PHP65.43 million.

Consolidated Net Income Before Tax showed an impressive growth of 53% at PHP6.01 billion from PHP3.95 billion last year. Minimal losses from the two pre-operating companies were sufficiently covered by the healthy income generation of the coal and power segments, which stood at PHP4.14 billion and PHP1.87 billion, respectively, net of eliminating entries. Meanwhile, both business segments have Income Tax Holidays as Board of Investments registered companies (as expanding coal producer and as power generator). As a result, consolidated Tax Provision amounted to negative provision of PHP22.17 million consisting of final income taxes amounting to PHP22.76, net of deferred income taxes of PHP44.93 million.

The resulting consolidated Net Income After Tax closed at PHP6.03 billion, the coal and power segments respectively contributed PHP4.17 billion and PHP1.87 billion. Net earnings this year posted a remarkable 51% growth from consolidated Net Income After Tax in 2010 of PHP3.95 billion. Earnings per Share increased by 40% from PHP12.10 last year to PHP16.93 this year, after the number of outstanding shares increased mid-2010 due to a stock rights offering exercise.

#### B. Financial Condition, Solvency and Liquidity

Strong revenues resulted to healthy cash generation for the Corporation. This allowed the Corporation to increase its investments, particularly property, plant and equipment (PPE) which totaled to a consolidated amount of PHP35.63 billion.

The Corporation was also able to afford to pay dividends, which is double of last year's figure amounting to PHP3.56 billion. Although still under rehabilitation, the power segment contributed PHP1.2 billion in dividends.

Total consolidated debt repayment was also sizeable at PHP2.80 billion.

Despite the considerable cash out, consolidated Cash End stood at PHP5.01 billion, posting a 31% growth over beginning balance of PHP3.81 billion.

Consolidated Net Receivables increased slightly by 1% from beginning balance of PHP3.18 billion, closing at PHP3.22 billion. After hitting its target for the year, the coal segment slowed down its coal deliveries toward the end of the year, thus decreasing its receivable level from PHP1.47 billion as at the start of the year to PHP1.07 billion as at year-end. Meanwhile, the power segment's Receivables slightly increased to PHP2.15 billion from PHP1.71 billion from the start of the year, while SLPGC recorded net Receivables of PHP384 thousand.

On the other hand, consolidated Net Inventories increased by 93% from beginning balance of PHP2.35 billion to PHP4.59 billion as at yearend. This is mainly due to increased coal inventory. Coal production was at record high in 2011, but sales volume was controlled in congruence to the Corporation's strategy of maximizing reserves for its own power plants. The coal and power segments' inventories closed at PHP3 billion and PHP1.6 billion, respectively.

Meanwhile, consolidated Other Current Assets increased by 44%, closing at PHP1.31 billion, from a beginning balance of PHP912.76 million. This is mainly comprised of Creditable withholding taxes and Advances to suppliers and other prepayments amounting to PHP418.92 million and PHP891.51 respectively

The resulting consolidated Total Current Assets increased by 38% from beginning balance of PHP10.26 billion, closing at PHP14.12 billion. The coal and power segments contributed PHP8.77 billion and PHP5.4 billion, respectively; power segment is inclusive of the pre-operating power corporation, SLPGC, which accounts for PHP758.44 million current assets. SIPDI contributed PHP2.5 million.

Consolidated Non-Current Assets recorded a more modest 6% growth at PHP21.50 billion as at yearend from beginning balance of PHP20.23 billion.

Net of depreciation, consolidated PPE closed at PHP20.74 billion, increasing by 6% from beginning balance of PHP19.58 billion. More mining equipment were purchased during the year, thus increasing the coal segment's PPE from PHP3.70 billion beginning balance to PHP3.72 billion ending balance; while rehabilitation works at the Calaca power plants increased the value of its PPE from PHP15.88 billion beginning balance to PHP17.07 billion as at yearend.

Investment and Advances increased by 6% from PHP310.23 million beginning balance to PHP490.79 million as at yearend. This accounts for the power segment only.

Meanwhile, consolidated Other Non-Current Assets dropped by 19% from beginning balance of PHP317.59 million to PHP257.38 million. The coal and power segments accounted for PHP158.45 million and PHP98.93 million, respectively. The decrease is due to the recovery of the related assets.

The resulting consolidated Total Assets posted a 17% growth, closing at PHP35.63 billion from PHP30.50 billion in 2010. The coal and power segments respectively accounted for PHP12.61 billion and PHP23 billion inclusive of the assets relating to the pre-operating power companies - SLPGC amounting to PHP765 million. SIPDI contributed PHP2.50 million.

Consolidated Total Liabilities also increased by 15% from beginning balance of PHP18.16 billion, closing at PHP20.82 billion. The coal segment accounted for Total Liabilities of PHP9.38 billion, comprised of PHP6.7 billion and PHP2.68 billion Current and Non-Current portions, respectively. Meanwhile, the power segment's Current and Non-current portions closed at PHP4.60 billion and PHP6.84 billion, respectively, resulting to Total Liabilities of PHP20.82 billion.

Consolidated Current Liabilities increased by 63% from beginning balance of PHP6.93 billion to PHP11.31 billion as at year-end. This is primarily due to the substantial Accounts and Other Payables recognized by the coal and power segments amounting to PHP4.61 billion and PHP2.69 billion, respectively. These liabilities principally arose from purchase of materials, spare parts fuel and services. Consolidated Short-Term Loans likewise increased by 125% from PHP449.85 million as at the start of the year to PHP1.01 billion as both business segments' working capital requirements for the period increased. Finally, Current Portion of Long Term Loans also posted a significant increase of 164% from beginning balance of PHP1.13 billion, closing at PHP2.99 billion. The coal segment has maturing medium term loans, in relation to the financing of its CAPEX, within the next twelve months. On the other hand, the power segment is already amortizing its term loan which partially financed the acquisition of the power plants.

Conversely, consolidated Non-Current Liabilities decreased by 15% from beginning balance of PHP11.22 billion to PHP9.52 billion as at yearend. This is primarily due to the reclassification of the maturing portion of both segments' long-term debts to short-term.

The 20% increase in consolidated Total Stockholders' Equity, from beginning balance of PHP 12.30 billion to close at PHP14.81 billion, came from the growth in Retained Earnings. Despite paying out record high cash dividends during the year, both business segments' robust income generation during the period resulted to a stronger equity level.

Consolidated Current Ratio dropped by 16% from 1.48:1 in 2010 to 1.24:1 as at yearend. This is primarily caused by the increase in Current Liabilities. On the other hand, Debt-to-Equity ratio improved by 4% from 1.47:1 in 2010 to 1.41:1 as at yearend due to reclassification of maturing long-term loans to short-term.

### C. Performance Indicators

1. **Earnings per Share** – Despite a bigger capital base in 2011, the Corporation’s EPS increased by 40%, a testament to its strong absolute earnings during the year. This performance indicator is crucial in determining the Corporation’s ability to declare cash dividends.
2. **Debt-to-Equity Ratio** – Aside from portraying its robust financial health, improving Debt-to-Equity Ratio boosts the Corporation capability to expand its business for capital growth. With a healthy DE ratio, the Corporation’s financing options are likewise broadened, enabling it to enjoy low interests.
3. **Business Expansion** – Its investment in the power sector opened several doors of opportunity for the Corporation. A deeper knowledge in the industry guided the Corporation’s plans of expanding its power plant capacities. The shift in the Corporation’s strategy from expansion in the coal segment to development in the power sector provides a multiplier effect in the value of its finite coal reserves.
4. **Expanded Market** – The increased acceptance by the local customers for Semirara coal allowed the Corporation to refocus its marketing efforts back to the domestic market, thus maximizing its intrinsic competitive advantages over imported coal. Meanwhile, the power segment’s supply contract with MERALCO secures its operating efficiency as base-load power generator.
5. **Improved coal quality** – Ensuring that its coal quality improvement measures are strictly complied with is essential in maintaining the Corporation’s marketing success. The Corporation now takes a step further by creating a market for its lowest quality coal which no existing customer could take. Its expansion in the power sector aims to employ the latest technology that could burn its waste coal.

### IV. OTHER INFORMATION

1. There were no known trends, events or uncertainties that have material impact on liquidity.
2. The Corporation provides interim corporate suretyship in favor of the lenders of SCPC for its PHP9.6 billion 7-year loan availed on 26 May 2010. The security may however be suspended within the term of the loan when the conditions set forth in the loan contract are met. SCPC started to amortize the loan in 2011; as at end of the year outstanding balance decreased to PHP8.75 billion.
3. There are no material off-balance sheet transactions, arrangements, obligations, and other relationships of the Corporation with unconsolidated entities or other persons created during the reporting period.
4. The Corporation has issued purchase orders to suppliers for mining equipment amounting to P180 million for delivery Q1 2012. Additional mining equipment worth USD7.65 million will be purchased in 2012 with various delivery dates falling on the second half 2012. Moreover a 1 x 15 MW CFB Power Plant will be constructed in Semirara Island for its mine operation, a replacement of the old unit with estimated cost of P1.2 billion. The equipment purchases will be financed with medium-term loans that match the life of the assets while the power plant will be financed via long term loan, all to be sourced from local banks.
5. For 2012, we expect an increase in the demand for Semirara Coal in the domestic market with the commissioning of new power plants and small boilers that can utilize 100% Semirara coal. This trend is expected to continue in the next two years as a result of the competitiveness of Semirara Coal over imported coal.
6. There are no significant elements of income or loss from continuing operations.
7. There were no subsequent events that came to our knowledge, which are material enough to warrant an adjustment in the consolidated financial statements.
8. The Group’s operation is not cyclical or seasonal in nature. Mining activities is continuous throughout the year as coal production output from period to period can be adjusted through efficient mine planning on both short-term and long-term, mitigating negative impact of the rainy season to mine operations. The power generation business is also operational throughout the year as maintenance shutdown is just part of normal operation of the plant and programmed ahead of time.

### B. INFORMATION ON INDEPENDENT ACCOUNTANT AND OTHER RELATED MATTERS

The principal accountants and external auditors of the Corporation and its Subsidiaries<sup>4</sup> is the accounting firm SyCip, Gorres, Velayo & Co. (SGV). Pursuant to the General Requirements of SRC Rule 68, paragraph 3 (Qualifications and Reports of Independent Auditors), the Corporation and its Subsidiaries have engaged the services of SGV as external auditor, and Ms. Cyril Jasmin B. Valencia is the Partner-In-Charge starting 2012 or less than five years following the regulatory policy of audit partner rotation every five years.

#### 1. External Audit Fees and Services

- a. **Audit & Audit Related Fees-** The Corporation and its Subsidiaries paid its external auditors the following fees in the past two (2) years:

In Millions Pesos with VAT	
2012	4.0 <sup>5</sup>
2013	4.6 <sup>6</sup>
<b>Total</b>	<b>8.6<sup>7</sup></b>

<sup>4</sup> SCPC and SLPGC were incorporated in November 2009 and August 2011, respectively.

<sup>5</sup> Includes Subsidiary’s audit fee of P1.9 Million.

<sup>6</sup> Includes Subsidiary’s audit fee of P2.4 Million.

- b. **Tax Fees-** There are no fees billed in each of the last fiscal years for professional services rendered by the SGV for tax accounting, compliance, advice, planning and any other form of tax services.
  - c. **All Other Fees-** There are no fees billed in each of the last two fiscal years for products and services provided by SGV other than services reported under item a. above.
2. There have been no changes in or disagreement with the Corporation and its Subsidiaries' accountant on accounting and financial disclosures.
  3. The Corporation's Audit Committee oversees the external audit function on behalf of the Board of Directors (Board). It recommends the appointment, reappointment or replacement of external auditor to the Board. It is charged with the evaluation of the audit work engagements, its scope, fees and terms for approval of the Board. The Audit Committee also reviews non-audit services and taxation advice, if any, by the external auditor. At the conclusion of the annual audit, it discusses with Management and the external auditor significant reporting issues. Lastly, the Audit Committee reviews external audit findings in respect of any significant deficiencies or weaknesses in controls and ensures that Management responds appropriately with timely corrective actions, including audit adjusting entries noted or proposed but passed as immaterial or otherwise.

## **PART IV – DISCUSSION ON COMPLIANCE WITH LEADING PRACTICE ON CORPORATE GOVERNANCE**

### **CORPORATE GOVERNANCE**

The Company's corporate governance framework aims to foster good governance principles of performance, accountability and transparency, to provide effective oversight of its business and to enhance shareholder value. It annually reports its overall compliance to the Securities and Exchange Commission's Revised Code of Corporate Governance and level of adoption of the Philippine Stock Exchange (PSE) Corporate Governance Guidelines for Listed Companies. The Company's comprehensive Annual Corporate Governance Report, Board Committee Charters and good governance policies are disclosed in its website: [www.semiraramining.com](http://www.semiraramining.com).

### **RECOGNITION AND AWARDS**

#### ***2013 PSE Bell Award Finalist***

Semirara Mining Corporation was among the top ten finalists honored by the PSE in its 2013 Bell Awards under the listed companies category. The PSE Bell Awards program gives recognition to PLCs that adhere to the highest corporate governance standards in the country. The Company was evaluated and shortlisted from 254 PLCs based on the PSE's Corporate Governance Guidelines for Listed Companies, which provide for, among others, a sound business strategy, an effective board of directors and policies to protect shareholders rights.

#### ***Top 50 Philippine PLCs 2013 ASEAN Corporate Governance Scorecard (ACGS) Run***

The Company was included in the Top 50 Philippine PLCs for 2013 ACGS Run based on the review conducted by the Institute of Corporate Directors (ICD), which is tasked by the SEC as the ranking body to submit the ACGS scores of PLCs for evaluation. SEC is the official Philippine representative to the ASEAN Capital Markets Forum (ACMF) with other members being Singapore, Thailand, Indonesia, Malaysia and Vietnam. The ACGS is based on the Organization for Economic Co-operation and Development's Principles of Corporate Governance and is adopted by ACMF in preparation for the eventual unified capital market for ASEAN publicly-listed companies (PLCs) in 2015.

#### ***2013 ASEAN Energy Award, Corporate Social Responsibility (CSR) Category, 2<sup>nd</sup> Runner-Up***

The Company's 5Es Program won 2<sup>nd</sup> Runner-Up in the ASEAN Best Practices in Coal Projects under CSR category of the 2013 ASEAN Energy Awards (AEA). The AEA is Southeast Asia's prestigious awards program

---

<sup>7</sup> Audit and audit-related fees only; no fees for other assurance and related services were paid.

that recognizes excellence, creativity and outstanding work in the field of coal and energy by companies from member-countries in the region. The awarding ceremony was held during the 31<sup>st</sup> ASEAN Ministers of Energy Meeting and the Energy Business Forum at Bali, Indonesia. The 5Es Program encompasses Education, Environment Protection, Economic Empowerment, Employment & Livelihood and Electrification is designed towards broad-based sustainable growth of the community and other stakeholders through economic, social and environmental development.

***2013 Finance Asia's Best Philippine Companies, Most Committed to a Strong Dividend Policy***

The Company has been named one of the companies Most Committed to a Strong Dividend Policy in Finance Asia's 13th annual Best Companies in Asia Poll on website.

**VISION and MISSION**

The Board periodically revisits at least once every five years the Company's Vision and Mission Statement, with its last review and approval on October 30, 2012. The Company ensures there is understanding and achievement of its Vision, Mission, corporate core values, goals and objectives through an annual strategic planning process which also includes integration of a strategy map and top-down communication of such by Management in all levels of the organization.

**CORPORATE OBJECTIVES**

The Company's strategies are focused towards optimizing shareholder value and ensuring inclusive sustainable growth of its business. Its corporate objectives are :

- Continuing Growth  
*This is supported by establishing a quality management system in core production and sub-processes to achieve operational excellence and by increasing domestic shipments to strengthen market presence.*
- Value Creation  
*This is supported by expansion activities in the Company's forward integration of its coal to power generation operations and business development of allied products.*
- Value Protection and Sustainability  
*This is supported by capital and asset management through cost optimization, talent development and an environment, health and safety management system, among others.*

Actual operating performance is reported and measured against a Board-approved Budget, key financial and operating performance indicators such as profitability, growth, liquidity, return on equity and production efficiency, among others. Expansion activities and business development programs are regularly reported during Management, Audit Committee and Board meetings.

**THE BOARD OF DIRECTORS**

The Board of Directors (Board) is responsible for the overall governance of the Company. It establishes the vision, mission, strategic objectives, key policies as well as adequate control mechanisms and risk management systems for its effective key oversight function and monitoring of Management's performance covering financial and non-financial aspects. It adopts and approves a strategy map and pro-actively oversees strategy execution. The Board establishes decision authority policies, levels, limits and guidelines for Management according to its risk appetite level and required Board approvals for governance matters such as debt commitment, equity investment or divestment, change in share capital, asset mortgage, among others.

The full Board consists of eleven (11) Directors of whom four (4) are regular executive directors, five (5) are regular non-executive directors and two (2) are non-executive Independent Directors. The number of Independent Directors is in compliance with the Philippine regulatory requirement for boards of publicly-listed companies. The Board represents a mix of highly qualified individuals of such stature and experience in industry, finance, business and operations which enable them to effectively participate in Board deliberations. All Directors were evaluated and nominated by the Nomination and Election Committee as having met the criteria and qualifications in accordance with regulatory requirements and Good Governance Guidelines for the Board of Directors on tenure policy, term limits and service to other boards. All non-executive Directors and executive Directors including the CEO are subject to election or re-election annually at the Annual Shareholders' Meeting.

The number of Board seat memberships held by the Company's Directors are in consonance with global best practices espoused by the ASEAN Corporate Governance Scorecard. One of its non-executive Independent Directors has prior extensive work experience in the coal mining and energy industries. No Director has simultaneously served in more than five (5) boards of PLCs. Moreover, the Company's executive directors do not serve on more than two (2) boards of listed companies outside of its parent DMCI Holdings Inc.'s Group.

The roles of the Chairman and Chief Executive Officer (CEO) are separate to foster an appropriate balance of power, increased accountability and better capacity for independent decision-making by the Board.

#### **Chairman**

The Chairman is a non-executive director who oversees and leads the Board on behalf of the shareholders. His Board duties include, among others, presiding over the meetings of the Directors and shareholders, ensuring that Board meetings are held in accordance with the by-laws or as the Chairman may deem necessary; coordinating the agenda of Board meetings with the Corporate Secretary and proposed inputs of the CEO, Management and Directors; and maintaining qualitative and timely lines of communications between the Board and Management. The current Chairman is not an immediate past CEO of the Company.

#### **CEO**

The CEO implements the key strategies and policies as well as annual targets and objectives set by the Board. He provides leadership, direction and overall management of the Company's business and activities. He leads in the development and implementation of short and long term plans, financial management and annual budget. The Vice Chairman concurrently holds the position of CEO.

#### ***Independent Directors***

An Independent Director is defined as one with no interest or relationship with the Company that may hinder his independence from the Company or its management, or may reasonably be perceived to materially interfere in the exercise of his independent judgment in carrying out the responsibilities expected of a director. The Company's Independent Directors possess the qualifications and none of the disqualifications under existing Philippine regulatory rules and requirements for Independent Directors. They are independent of Management and major shareholders of the Company. More importantly, they bring objectivity and independent mindset during Board deliberations and discussions. The Company's Independent Directors have been elected and re-elected as Independent Directors from May 2005 to date. As such, their cumulative tenure adhere to the ten (10) year-limit for Independent Directors, and their election as such in no more than five (5) companies in each conglomerate, both terms prescribed by SEC effective 2012. They were also elected as such to the Board of the Company's wholly-owned subsidiary, SEM-Calaca Power Corporation since February 2011.

#### ***Good Governance Guidelines for Board Directors***

The Board-approved Good Governance Guidelines for Board Directors serve as the Board's charter with policies regarding tenure, service on other Company boards, conflict of interest, continuing education, among others.

- **Conflict of Interest**  
*Notwithstanding the Annual Disclosure Statement requiring all Directors to submit their financial, business or personal interests or dealings with the Company or its subsidiaries at the end of each financial year, Directors are required to disclose to the Board (and any applicable committee) any financial interest or personal interest in any contract or transaction that is being considered by the Board for approval. The interested Director should abstain from voting on the matter and, in most cases, should leave the meeting while the remaining directors discuss and vote on such matter.*
- **Company Loan**  
*It is the Company's policy not to extend personal loans or credit to Directors unless approved by the Board.*

#### ***Director Remuneration***

Director remuneration consists of an annual retainer fee, per diem, short-term cash incentive and reimbursement of allowances, as appropriate. The shareholders approved in its May 2009 Annual Shareholders' Meeting director compensation at a fixed annual retainer fee of Two Hundred Forty Thousand Pesos (P240,000) per

Board Director per calendar year and a fixed per diem of Twenty Thousand Pesos (P20,000) for each Director serving as a Board Committee Chairman or Committee Member for every Board Committee meeting held and attended. When appropriate, the Board approves, upon recommendation of the Compensation and Remuneration Committee, short-term corporate performance-based bonuses for Board Directors. The Company's Amended By-Laws prescribe a limit on the aggregate amount of Director bonuses which shall not exceed two percent (2%) of the Company's profit before tax during the previous year, while limit to total yearly compensation package, including bonuses granted, of Directors as such directors shall not exceed ten percent (10%) of the Company's net income before tax during the previous year.

In 2013, aggregate amount of cash bonus variable pay related to the preceding year's financial performance received by executive and non-executive Directors, including Independent Directors and the CEO, did not exceed abovementioned limits set by the Company's Amended By-laws. Details of Director compensation are disclosed in relevant sections of the Company's SEC 20-IS Information Statement and 17-A Annual Report.

### **Board Performance**

The Board had nine (9) meetings including its organizational meeting in 2013. All Directors have fully complied with SEC's minimum Board meeting attendance requirement of 50%. Board meetings are open and candid with independent views given due consideration.

The Board members and their meeting performance are summarized below.

<b>BOARD OF DIRECTORS PERFORMANCE 2013</b>			
Directors	Board Appointment	Meeting Performance	
		Board Meetings, incl. Organizational	Annual Shareholders' Meeting
David M. Consunji	Chairman Non-executive Director	8/9	1/1
Isidro A. Consunji	Vice Chairman, Chief Executive Officer	8/9	1/1
Victor A. Consunji	Executive Director, President & Chief Operating Officer	9/9	1/1
George G. San Pedro	Executive Director, VP-Operations & Resident Manager	6/9	1/1
Ma. Cristina C. Gotianun	Executive Director, Executive Vice President	9/9	1/1
Jorge A. Consunji	Non-executive Director	8/9	1/1
Herbert M. Consunji	Non-executive Director	8/9	1/1
Cesar A. Buenaventura	Non-executive Director	9/9	1/1
Ma. Edwina C. Laperal	Non-executive Director	9/9	1/1
Victor C. Macalincag	<i>Independent Director</i>	9/9	1/1
Federico E. Puno	<i>Independent Director</i>	9/9	1/1

At the beginning of each year, the Corporate Secretary advises the schedule of regular Board meetings and Board committee meetings in line with the Company's regulatory reporting dates. Special Board meetings may be called as the need arises. The Corporate Secretary assists the Chairman in setting the Board agenda and informs the Directors of the agenda prior to Board meetings to ensure that they have accurate information and adequate materials to enable them to arrive at informed decisions on matters requiring their approvals. The Corporate Secretary ensures that all Board procedures, rules and regulations are strictly followed by the Directors. He is responsible for the safekeeping and preservation of the integrity of the minutes of Board meetings. The Corporate Secretary and Vice President – Legal, Atty. John R. Sadullo, keeps the Directors updated regarding statutory and regulatory changes.

The Board's annual performance evaluation process covers full Board self-assessment and individual peer director appraisal. Formal questionnaire for the full Board self-assessment covers Board responsibilities, structure, meetings, processes, and management support, while that of individual director performance evaluation areas cover leadership, interpersonal skills, strategic thinking and participation in Board meetings and committee assignments. In 2013, full Board and peer director evaluations were administered and compiled by the Chief Governance Officer who subsequently reported to the Board the overall rating results, highlighted the Board's strengths and areas needing Board attention, and provided private feedback to each Director as assessed by his peers.

#### ***Board and Director Development***

The Company's Board and Director development program aims to raise the quality of its Board operations to a higher level. This includes orientation, training, continuing education, committee assignments and Board evaluations for improvements, among others. Directors are given a formal Board Director performance expectations list which provides a common ground for their individual performance.

Board orientation focuses on knowing the Company's unique aspects such as its history, operations, product, Board policies, etc. Directors are provided with an orientation kit of compiled reading and video materials intended to serve as a useful tool and ready reference resource for the Board's work and duties during the year. They are encouraged to visit the Company's mine sites and subsidiary operating plants to gain a closer understanding of business operations and ongoing Corporate Social Responsibility (CSR) projects.

Board Directors have subjected themselves to formal self-assessments of their skills and expertise, including identification of development areas of interest to enhance their qualifications and effectiveness as Directors. Training varies upon each director's requirements, quality and relevance of the training available. All Directors are to avail themselves of educational opportunities as appropriate and as part of their continuous professional education. They are periodically provided with reference materials on global best practices and governance issues as part of their continuing education. All Directors have undergone corporate governance orientation in compliance with SEC regulations. The Company encourages and supports membership of its Directors and key officers in the Institute of Corporate Directors (ICD), a professional organization committed to the professional practice of corporate directorship. Directors and officers participate in ICD's roundtables, initiatives such as the ACGS working session, forums governance seminars and updates.

#### ***Board Committees***

The Board established three (3) Committees to support in the performance of its fiduciary functions, namely Nomination and Election Committee, Compensation and Remuneration Committee, and Audit Committee. The Committees are guided by Board-approved Charters in the discharge of their roles and oversight responsibilities. These Charters are disclosed at the Company's website: [www.semiraramining.com](http://www.semiraramining.com). Majority membership of Independent Directors in all Board Committee enhances the Board's key oversight function and independence. The Board Committees annually review their respective Charters for effectiveness, and endorse changes, if any, for Board approval. The Corporate Secretary, Chief Governance Officer and Legal department provide full support to the Board and good governance committees.

The Board Committees annually conduct a review of the effectiveness of the Committees' performance using formal self-assessment questionnaires based on their respective Charters and benchmarked against best practices, with results thereof discussed for appropriate disposition.

In 2013, all Chairmen and Members of the Board Committees attended the Annual Shareholders' Meeting (ASM) to address possible queries on matters of the respective Committees.

#### **Nomination and Election Committee**

*Chairman – Isidro A. Consunji*

*Member – Victor C. Macalincag, Independent Director*

*Member – Federico E. Puno, Independent Director*

The Nomination and Election Committee is comprised of three (3) Board Directors, with majority membership of Independent Directors. The Committee's main function is to review, recommend and promulgate guidelines involving the nomination process and criteria for the Board of Directors as

stated in the Amended By-Laws, Revised Code of Corporate Governance and pertinent SEC rules. It reviews each Director's continuation on the Board every year, taking into account meeting attendance, participation and contribution to the Board. The Committee also oversees Board & Director performance and development and succession planning for SMC Group's Board and key officers.

The Committee had three (3) meetings attended by all Members on March 1, 2013, March 20, 2013 and September 26, 2013. During the year, its oversight focused on the following areas:

- **Nomination and selection**  
*Reviewed with the Corporate Secretary the nomination process, criteria, qualifications and final selection of Board nominees for directorship ensuring that they meet the requisite qualifications;*
- **Executive succession planning and leadership**  
*Discussed and reviewed with senior management the organizational development, executive succession planning and leadership needs of SMC group, as well as endorsed for Board approval the promotion and appointment of key officers; and*
- **Board performance and development**  
*Conducted the Board's annual appraisal process, supported continuing education and development needs of the Board and key officers as part of the continual review and improvement of Board effectiveness.*

#### **Compensation and Remuneration Committee**

*Chairman – Ma. Cristina C. Gotianun*

*Member – Victor C. Macalincag, Independent Director*

*Member – Federico E. Puno, Independent Director*

The Compensation and Remuneration Committee is comprised of three (3) Board Directors, with majority membership of Independent Directors. The Committee's main function is to establish a formal and transparent procedure for developing a remuneration policy for Directors, officers and key employees consistent with the Company's culture, strategy and control environment. It annually reviews and recommends for Board approval Director remuneration set within the maximum level by the Company's Amended By-Laws and as approved by the shareholders. It reviews compensation-related disclosures of Directors and Executives in the Company's annual and related reports to be in accordance with regulatory requirements and reporting standards. It also requires Directors and Officers to declare under penalty of perjury all their existing business interests or shareholdings that may directly or indirectly cause conflict of interest in the performance of their duties. The Committee is authorized by its Charter to engage, at the Company's expense, the services of an adviser or consultant to assist or advise the Committee in performing its oversight responsibilities. Rodolfo C. Salazar serves as a consultant of the Committee, and is concurrently a nominee Board Director of the Company's power subsidiary SEM-Calaca Power Corporation.

The Committee had two (2) meetings attended by all Members on March 5, 2013 and November 7, 2013. During the year, it confirms performance of the following duties, among others :

- **Board remuneration**  
*Reviewed and benchmarked SMC's Board and Director remuneration policy, types and levels against latest survey data of a reputable third party to ensure these are at par with current business practices of boards of similar size and type;*
- **Executive remuneration**  
*Reviewed SMC Group's executive compensation and performance management against similar organizations and benchmarked against survey reports of Towers Watson and Mercer to provide a competitive remuneration framework and reward levels calibrated to performance of SMC Group's business objectives and to ensure continued alignment of executive management and shareholder interests; and*

- **CEO and COO performance appraisal**

*Reviewed and recommended reward levels for the CEO and COO based on the results of the Board’s evaluations of their performance in successfully steering SMC Group towards sustained profitability amidst challenging business conditions in 2013.*

**Audit Committee**

*Chairman – Victor C. Macalincag, Independent Director*

*Member – Federico E. Puno, Independent Director*

*Member – Victor A. Consunji*

The Audit Committee is comprised of three (3) Board Directors, with majority membership of Independent Directors. The Committee’s main function is to assist the Board in fulfilling its oversight responsibilities of financial reporting, external audit performance, internal audit function, internal control and risk management processes as well as compliance in reporting, legal and regulatory requirements. It is primarily responsible for the appointment, re-appointment and removal of the external auditor.

The Committee is chaired by an Independent Director who is a Certified Public Accountant. Its Members possess the requisite levels of financial and accounting competencies, experience and other qualification requirements set by the SEC, as well as having an adequate understanding of the Company’s mining business and related industries. Both Independent Directors have prior extensive working experiences and held key positions in accounting, finance and treasury functions of government and government-owned & controlled corporations.

The Audit Committee meeting performance is summarized below.

Audit Committee	MEETING PERFORMANCE 2013								TOTAL
	Mar 5	Mar 19	May 9	June 26	Aug 6	Oct 8	Nov 7	Dec 11	
Victor C. Macalincag Chairman <i>Independent Director</i>	✓	✓	✓	✓	✓	✓	✓	✓	8/8
Federico E. Puno Member <i>Independent Director</i>	✓	✓	✓	X on medical leave	✓	✓	✓	✓	7/8
Victor A. Consunji Member	✓	✓	✓	✓	✓	✓	✓	X on business trip abroad	7/8

Committee Meetings are scheduled at appropriate points to address matters on a timely basis. Written agenda and materials are distributed in advance to allow for meaningful review and full discussion during meetings. Minutes of the Committee meetings are provided to the Board. The Compliance Committee headed by the Compliance Officer and the management team of Finance, Legal, Internal Audit and the Subsidiary are regularly invited to Committee meetings to discuss updates in regulatory developments, financial reporting, tax and compliance matters. The Committee reviewed and discussed the Company’s financial performance, annual budget, strategic issues, equity investments, risk management, conflict-of-interest, related party accounts, tax planning, equity issues and market/industry developments.

**Committee Performance**

In 2013, the Committee assisted the Board effective oversight of the following functions :

- **Financial reporting process and the financial statements**

*Reviewed, approved and endorsed for Board approval the quarterly unaudited and annual audited consolidated financial statements; ensured that financial statements are in accordance with the required accounting and reporting standards; and reviewed the adequacy of financial reporting*

disclosures, including significant related party transactions to provide a transparent and fair view that meet shareholder needs.

- **External audit**  
*Discussed and approved the external audit work engagement, scope, fees and terms; discussed with SGV & Co. and Management significant financial reporting issues, audit observations, and overall quality of the financial reporting process as well as regulatory updates in financial and tax reporting; and recommended to the Board the reappointment of SGV & Co. as external auditor in 2014 based on SGV's performance, independence, qualifications and with due regard of Management's feedback;*
- **Internal audit**  
*Reviewed and approved Internal Audit's annual plan based on a risk-based approach and ensured Management provided adequate resources to support the function and maintain its independence; and met in executive sessions to review and discuss Internal Audit's assurance and advisory work during the year;*
- **Internal control**  
*Reviewed and discussed with Management, SGV & Co., Internal Audit and Compliance Committee the results of assurance reviews on controls and compliance issues and ensured Management responded appropriately for the continuous improvement of controls and processes;*
- **Risk management**  
*Discussed with Management and Internal Audit the results of risk reviews and identified key risks to the Company's mission and strategic objectives, ensuring the adequacy of the Company's Enterprisewide Risk Management framework, risk management processes, systems, mitigation measures, monitoring and reporting;*
- **Compliance with regulatory and legal requirements**  
*Discussed and reviewed with the Compliance Committee significant updates and actions on SEC, PSE, legal, tax, claims, litigations, environmental, safety and other regulatory matters.*

#### **Related Party Transactions Oversight**

Per Board-approved Related Party Transaction (RPT) Policy, the Audit Committee shall assist the Board in its review of RPTs. The Committee may establish guidelines to manage and monitor conflict of interest of Management, Board Directors and shareholders, including misuse of corporate assets and abuse in RPTs. The Committee's quarterly review of the financial statements included related party accounts and considered such factors as fairness, materiality, commercial reasonableness of the terms and extent of conflict of interest, actual or apparent, of the related party, as defined by the policy, participating in the transaction. In 2013, the Committee ensured that such RPTs are ordinary and normal in the course of the Company's business and did not include financial assistance or loans to affiliates or related entities which are not wholly-owned subsidiaries.

#### **Committee Performance Assessment**

Per Audit Committee Charter, the Committee shall annually conduct a self-assessment of its own performance using a formal questionnaire with defined quantitative rating and corresponding qualitative description for such rating. In 2013, the Committee conducted, and reported to SEC, the results of its self-assessment and rating of its performance which indicated an overall compliance level in consonance with abovementioned SEC guidelines on effectiveness of Audit Committee performance.

### **INTERNAL AUDIT (IA)**

#### ***IA Structure***

The IA functionally reports directly to the Audit Committee. It is guided by a Board-approved Internal Audit Charter and adopts a risk-based audit approach aligned with the professional auditing standards as mandated by SEC's 2009 Revised Code of Corporate Governance and as set by The Institute of Internal Auditors (IIA). The IA provides the Audit Committee and Management with independent and objective assurance and advisory services on the Company's business processes, controls, and risk management practices and through regular reporting of their audit activities in relation to its annual audit plan, including the significant results of the audit. IA annually attests to the Board that a robust internal audit, control and compliance system is in place and

working effectively. In 2013, the IA amended its Charter and updated the IA Policies and Procedures to enhance provisions reflective of the IIA guidelines.

The Audit Committee's oversight of the IA function includes appointment, performance evaluation and replacement of the IA management. IA Managers, Karmine Andrea B. San Juan and Carla T. Levina, lead and manage the IA function of SMC & its Subsidiaries.

#### ***IA Performance***

IA's Quality Assurance and Improvement Program (QAIP) aims to provide assurance on the audit quality and value-added services to its stakeholders as well as to ensure operating efficiency and effectiveness of its organization and resources. Formal IA policies and procedures ensure adherence to IIA Standards. IA conducts an assessment of its performance against its IA Charter and the IIA Standards, the results of which are reported annually to the Audit Committee. Audit client feedback is obtained through a formal survey upon completion of an individual engagement to assess IA's effectiveness in meeting the needs of its audit clients and to identify opportunities for improvement.

In 2013, the Audit Committee reviewed IA's overall performance based on IA's primary mandate of reassurance and value protection and also in providing added value through advisory services and business risk insights. The assessment aims to seek continual improvement of the function's strategic role, independence and effectiveness using a formal questionnaire covering areas on IA's responsibilities and accountability, charter, organization structure, skills, experience, communication and quality performance.

#### ***IA Professional Development***

The Company supports IA's continuous professional training and career development through memberships in professional organizations such as IIA, Information Systems and Control Association (ISACA), Philippine Institute of Certified Public Accountants (PICPA), and through participation in external and in-house trainings and seminars.

### **INTERNAL CONTROL**

The Audit Committee's oversight of the internal control environment includes assurance reviews on the adequacy of controls, systems and procedures by the IA and external audit functions both of which report to the Audit Committee and the Board. Based on such reviews, discussions and annual attestation by the Internal Audit to the Board, the Company's Board concludes that a sound internal audit, control and compliance system is in place and working effectively.

### **COMPLIANCE**

Nena D. Arenas, Chief Governance Officer and Vice President, is appointed by the Board as Compliance Officer designated to ensure adherence to corporate governance principles and best practices, as well as compliance to the Company's Revised Code of Corporate Governance.

The Compliance Committee shares in the responsibility of assurance reporting on the Company's regulatory requirements. The Committee has three (3) other Members who are executive officers tasked with ensuring compliance covering SEC, PSE, legal, accounting and reporting standards, environmental, health and safety matters that are aligned to their functional scope of work responsibilities. The Compliance Committee regularly reports to the Audit Committee for continuous monitoring and updates of legal, regulatory developments and compliance matters, thus assuring the Board of their effective management and strategic sustainability.

#### ***SEC and PSE***

The Company fully complies with the disclosure and reportorial requirements of the Securities and Exchange Commission (SEC) and Philippine Stock Exchange (PSE), such as certifications on compliance with its Revised Code of Corporate Governance and Board attendance, structured reports, as well as timely disclosure of significant and material information, events or developments and reporting of transactions involving trading of the Company's shares by its Directors within the prescribed reporting period.

#### ***Environment***

Environmental stewardship and social responsibility are core values of the Company. The Philippine coal industry is subject to stringent regulations of the Philippine government's Department of Environment and

Natural Resources (DENR). The Company is compliant with the conditionalities of its Environmental Compliance Certificate (ECC) issued by the DENR relative to the development and opening of the Panian coal mine, and the closing and rehabilitation of its old mine. A Multi-Partite Monitoring Team (MMT) comprised of representatives of the government and various stakeholder groups oversees and evaluates the Company's compliance with such ECC conditions, applicable laws, rules and regulations on a quarterly basis. The MMT conducted on-site monitoring activities which included validation of Air, Water, Operation and Administration reports and Environment Management Plan.

The Company's Environmental Unit (EU) together with concerned groups regularly assess its environmental programs for effectiveness and improvement. Air and water quality, noise level and hazardous-regulated materials are regularly tested, measured and monitored against standards and baseline data. Regular and surveillance audits are conducted by internal auditors, external parties and local regulators to assess the Company's continuing compliance with corporate policies, government regulations, industry guidelines and internationally recognized standards. In December 2013, the Company's coal mining operation and support activities have been recertified in its fifth consecutive year by the Governing Board of Certification International Philippines, Inc. as being in conformance to International Organization for Standardization ISO 14001:2004 on Environmental Management System.

### ***Safety***

Safety is a core value of the Company and defines its culture as a responsible mining and energy company. The Company adopts the Australian standards and best practices in open-pit coal mining operation with safe production as its most important objective. It ranks loss of life or unacceptable threat to human safety as its most significant interruption impact factor. The Company's workplace safety objective is to eliminate or reduce to the lowest level any risk that may result in fatality, personal injury, illness, property or environment damage.

Safety risks are addressed with focus on prevention and zero tolerance for fatality. Safety procedures are strictly enforced, including measures on slope stability and rebuilding, installation of dewatering pumps to control water intrusion or seepage and crack monitoring teams to continuously monitor ground displacements.

In 2013, the Company enhanced its Safety programs through escalated crack monitoring activities, safety personnel and the acquisition of a Robotic Total Station with thirty-three prisms strategically located around the pit for 24/7 monitoring wall movement. It engaged a third party consultant having expertise on slope stability to evaluate the mine design, extraction plan and physical stability of Panian mine to prevent potential landslide on the slope of similar nature to the February 2013 incident.

Road and safety driving rules are strictly observed by equipment operators to ensure non-vehicular collision due to poor visibility from dust, a common risk to coal mining activity. All mobile equipment and vehicles are required to maintain safe driving distance of at least thirty (30) meters uphill and downhill, and to turn all headlights on at all times during the day. Reinforced education and training of workers and equipment operators for the proper use, repairs and maintenance of mining equipment have reduced accidents and injury events in the workplace. Job hazards, work instructions and guidelines are established and communicated to the workforce to ensure that such are carried out under controlled condition. Sufficient training and information are undertaken to promote a safety culture and safety behavior expected from everyone. The Company's suppliers and contractors working on the Company's premises as well as customers and other visitors are required to comply with the Company's health and safety procedures.

The Company is compliant with the regulatory and reporting requirements of various Philippine government agencies tasked to oversee health and safety, among others. In December 2013, the Company's coal mining operation and support activities is recertified in its fifth consecutive year by the Governing Board of Certification International Philippines, Inc. as being in conformance to International Organization for Standardization ISO 18001:2007 on Occupational Health and Safety Management System.

## **ENTERPRISE RISK MANAGEMENT**

### ***Risk Governance***

The Board sets the tone and establishes the risk appetite level for the Company's Enterprise Risk Management (ERM) to be applied across the organization and to provide reasonable assurance that risks are identified, assessed, managed, monitored and communicated in a timely manner, and aligned to the Company's strategic

and business objectives. The Audit Committee per its Board-approved Charter assists the Board in risk management oversight that risk management practices are aligned with strategic business objectives, policies are followed, limits are respected and controls are established. Management supports, implements and reports ERM processes and policies in the day to day business activities.

Risk Self-Assessment (RSA) process is conducted during the Company's annual strategic planning while Risk and Control Self-Assessment (RCSA) process is done at the tactical level to identify, assess and monitor the key risks, controls and related action plans for those with significant risks. The Internal Audit's roles in ERM include evaluation of the adequacy and effectiveness of the Company's risk management processes.

Business units drive implementation of risk management processes embedded in performance management measures, annual planning and budgeting. Risk related practices include continual review and enhancement of business processes and mitigation measures, updating of control procedures and financial reporting system, among others. Functional unit heads conduct annual risk reviews and identify both inherent and residual risks in terms of probability, exposure and control strengths of their respective business functions. Appropriate risk responses and action plans are aligned with the Board's risk appetite. Results of unit risk reviews are reported by Internal Audit to the Audit Committee for assurance reporting that significant risks are effectively managed or mitigated.

The Company's framework recognizes not only existing operations, financial and compliance risks but also external developments and emerging risks. The Chief Executive Officer as Chief Risk Officer meets regularly with the Management Committee to focus on the most critical enterprise-wide level risks and ensure integrated responses to such risks. Likewise, opportunities with identified risks are managed for strategic advantage.

#### ***ERM Policy***

SMC Group's policy is to maximize strategic and business opportunities and minimize adverse outcomes thereby optimizing shareholder value and ensuring sustainable growth through an effective balance of risks and rewards.

#### ***Risk Appetite***

SMC Group operates within an overall Low risk range in the pursuit of its objectives, with the lowest risk appetite for risks related to operations and regulatory compliance and a zero tolerance level for risks related to employee safety.

#### ***Strategic Risk Profile***

The Company considers operations risks as its topmost strategic risks. The Board and Management has ranked the following strategic risk categories as critical and significant to the attainment of the Company's objectives and sustainability:

- Operations risk – refers to coal quality and consistency, supply chain disruption, natural calamities (e.g. earthquake, tsunami), environment (typhoon, storm surge, flooding, landslide), slope stability, loss of core personnel;
- Market risk – refers to subsidiary and/or customer dependence, pricing, competition and macroeconomic shift on demand;
- Investment risk – refers to capital allocation, equity investment and guarantees in subsidiaries; and
- Reputation and compliance risk – refers to environment, workplace health & safety, regulatory compliance, community relations, loss of confidence or reputational damage, contractual obligations, fraud, corruption, among others.

#### ***Integrated Management System***

To manage the key risk areas for coal mining and mining-related activities, the Company has adopted the quality systems and principles of the International Organization for Standardization (ISO) since 2008. The Governing Board of Certification International Philippines, Inc. has recertified the Company's Integrated Management System covering the coal mining operations and its support activities as conforming to the Standards on ISO 9001:2008 Quality Management System, ISO 14001:2004 Environmental Management System and OHSAS 18001:2007 Occupational Health and Safety Management System. These management

systems ensure continuous improvement of policies to guide operations in the areas of health and safety, environment and community relations.

#### ***Emergency Preparedness and Response Program***

The Company has identified potential accidents and emergency situations and established appropriate preparedness and response procedures, including preventive actions and where appropriate, how to mitigate the environmental impacts and/or risk that may be associated with unplanned events, accidents and emergency situations. Building evacuation, landslide, fire and earthquake drills are conducted at least annually and evaluated by the designated government agency to test the effectiveness of these exercises. Emergency preparedness and response procedures are tested periodically to ensure full understanding and observance of all employees and regularly reviewed for improvement.

#### ***Business Continuity Management System***

The Company's Business Continuity Management System (BCMS) aims to ensure early business recovery and continuity of critical services in the event of a disruption, whether anticipated or unplanned, that might be, or could lead to a business loss, emergency or crisis. Its holistic framework is set in accordance with ISO 22301:2012 Societal Security – BCMS – Requirements, including business impact analysis, risk assessment and risk treatment action plans. Its crisis management and business continuity processes are focused toward building organizational resilience with the capability for an effective response to safeguard the interests of the various stakeholders. Business impact assessment workshops and awareness trainings have been conducted. The Company appointed George G. San Pedro, VP – Operations and Jaime B. Garcia, VP - Procurement and Logistics as Business Continuity Planning (BCP) Directors for Mine Site and Makati Office, respectively, and John R. Sadullo, VP-Legal as Communications Coordinator to lead the BCP team responsible for the activation, implementation and maintenance of the BCMS.

#### ***Information Technology Risk Management***

The Company established its Information Technology (IT) Disaster Recovery Plan (DRP) to ensure early restoration of critical IT and communication services and systems with the most up-to-date data available for the Company's business continuity. The DRP includes detailed back-up and recovery procedures, responsibilities of a Disaster Recovery Team and emergency procurement, among others. The Company maintains two (2) back-up servers at a designated Disaster Recovery "Cold Site".

#### ***Financial Risk Management***

The Company's financial risk management objectives and policies to effectively manage its financial assets and liabilities are discussed in detail in Note 29 to Consolidated Financial Statements.

#### ***Risk Cover***

Risk treatment for risks relating to the Company's mining equipment and fixed assets also involves risk transfer through Industrial All-Risk, Floater, Fire, Marine Hull and Aircraft Hull insurance covers.

### **GOOD GOVERNANCE PROGRAM**

Semirara Mining Corporation believes that good corporate governance creates and adds shareholder value over the long-term and ensures sustainability of the Company. Its good governance policies and control activities are geared toward a culture of ethical conduct, higher standards of performance, transparency and accountability throughout the organization and its subsidiary operations. It fosters partnership with and membership of its Directors/Officers in the Institute of Corporate Directors (ICD), a professional organization committed to the professional practice of corporate directorship, and participates in ICD's governance initiatives.

#### ***Alternative Dispute Resolution Policy***

The Company promotes the use of alternative dispute resolution (ADR) options and processes in the settlement of corporate governance related disputes or differences with shareholders and key stakeholders. The policy aims to encourage fair, efficient and equitable resolution through possible use of ADR processes at the earliest stage of a conflict as possible while avoiding or discouraging recourse to unnecessary litigation.

#### ***Anti-Corruption and Ethics Program***

The program consists of ethics-related policies, soft controls and audit procedures aimed to promote the highest standards of openness, probity and accountability. Corruption and fraud risks are annually assessed by risk

levels during the Risk Control Self-Assessment process. The results of such risk reviews are evaluated and considered by the IA in its annual audit plan. The IA team has adequate fraud training to conduct related assurance work. Ethics is a core competency required and expected of all employees in the performance of their job responsibilities and a performance measure in their evaluation.

#### ***Conflict of Interest Policy***

The Company's Codes of Conduct explicitly provide guidelines for all Directors, Officers and employees, including their immediate family members within a degree of affinity or consanguinity, on anti-corrupt practices involving conflict of interest, business gifts and entertainment, among others. Conflict of interest situations also refer to ownership of a part of another company or business having interests adverse to the Company and accepting commissions or share in profits from any supplier, customer or creditor. The Company does not seek competitive advantages through illegal, unethical or unfair dealing practices. Improper communications with competitors or suppliers regarding bids for contracts are reported to the senior management, Chairman of the Board or the Audit Committee, as appropriate.

To monitor compliance with the Conflict of Interest policy, the Company requires early submission by a Director, Officer and employee of a "single transaction" disclosure statement, and due before potential conflict of interest arises, of his direct or indirect financial interest in a specific contract or purchase proposed to be entered into by the Company, subsidiaries or its affiliates with or from a particular contractor or supplier. Failure to make proper disclosure as required may result in disciplinary action.

#### ***Gift and Entertainment Policy***

The Company's Gift and Entertainment policy and guidelines explicitly disallow employees from any interest in or benefit from any supplier that could reasonably be interpreted as inducing favoritism towards a particular supplier over others. Such guidelines enumerate conditions on the propriety of accepting a gift or invitation to meals and entertainment such as it is unsolicited, part of a business meeting or discussion, not being given to influence business judgment or action, does not violate any laws, and a promotional item or token of nominal value of not more than Two Thousand Pesos (P2,000) under the client's, supplier's or customer's relations program. The Company communicates a reminder of policy expectations to suppliers and business partners usually during the Christmas holiday season.

#### ***Fraud and Ethics Response Policy***

This Policy sets out the procedures and ways in which employees or other stakeholders can voice their concerns or complaints about suspected fraud or corruption. It also outlines how the Company will deal with such complaints and determine its course of action depending on their nature.

#### ***CEO and COO Performance Evaluation***

The Board annually conducts reviews of the CEO's and COO's performance based on key result areas consisting of Board-approved financial performance metrics relating to the Company's business and operating objectives, and non-financial metrics covering strategic objectives, governance, internal processes, business development and corporate social responsibility. The Good Governance Officer administers the performance evaluation process, tabulates the rating results and summarizes evaluation comments. Evaluation results are submitted to and/or discussed with the CEO, COO, Nomination & Election Committee and Compensation & Remuneration Committee for proper disposition or action. In 2013, the Board evaluated the performance of the CEO and COO for the preceding year.

#### ***Code of Conduct***

Semirara Mining Corporation has adopted Codes of Conduct for Directors & Executive Officers, and Employees (Codes) to affirm the Company's standards of professional and ethical business conduct, workplace safety and environmental responsibilities. The Codes reflect the Company's core values of teamwork, excellence, loyalty, integrity, commitment and professionalism. They provide policies and guidelines on observance of law, respect of environment, safety, insider trading, fair dealings, confidentiality of information, accounting and financial reporting integrity, corporate and charitable giving, among others. The Audit Committee administers the Code of Conduct for Directors and Executive Officers, while the Human Resources

Management has the primary responsibility for implementing and administering compliance to the Employee Code of Conduct. The Company shall at all times observe due process and procedures in the implementation of the provisions of the Codes.

The Company conducts orientation or reorientation training sessions of the Codes to new and existing employees and full-time service providers as part of culture-building of core values and ethical conduct. The Codes are available for ease of access on the Company intranet and own website. Directors, Officers and Employees are required to annually certify compliance to the Codes and submit an Annual Disclosure Statement of any financial, business or personal interests or dealings with the Company or its subsidiaries. Principal contractors and consultants are likewise expected to adhere to the provisions of the Codes in the course of performance of their services to the Company.

#### ***Corporate Governance Training***

The Board Directors, management and key Legal staff have participated in trainings and seminar updates on Corporate Governance and compliance-related topics. The Company encourages and supports participation of its Directors and officers in governance courses and programs such as the Professional Directorship Program of ICD and Strategic Business and Economics Program of the University of Asia and the Pacific.

#### ***Executive Succession Plan Policy***

This Policy is a statement of commitment involving assessment of leadership needs and preparation for an eventual permanent leadership change to ensure the stability and accountability of the Company to its stakeholders. It also outlines succession procedures for the CEO including the process of appointment and time frame in case of an interim leadership, time frame for appointing a board transition committee and its roles – e.g. communicating to key stakeholders. The Company shall develop a pool of candidates while at the same time encouraging the professional development and advancement of current employees. Succession procedures are to be similarly applied for changes in key officers.

#### ***Whistleblowing***

The Company's Hotline reporting mechanism as an additional and secure reporting venue for employees, customers, suppliers and other stakeholders to raise complaints and confidential concerns on fraud, questionable and unethical transactions in good faith. Hotline reporting procedures include the use of a Hotline reporting form to guide the reporter in providing adequate information and basis to enable the Company to effectively investigate, evaluate and resolve the reported matter. The reporter may choose to report a concern anonymously, however there must be adequate information provided for the Company to have sufficient basis to investigate and have an informed judgment to assess the genuineness of an anonymous complaint or concern. Reporting of the concern or complaint raised is treated with due care and confidentiality. The Company expressly prohibits retaliation, intimidation, harassment or adverse employment consequences against a reporter who raises a concern or complaint. It shall investigate and address promptly any concern of reprisal and harassment brought to its attention. The Hotline reporting is accessible at the Corporate Governance section of the Company's website: [www.semiraramining.com](http://www.semiraramining.com) or through a dedicated email address at: [hotline@semiraraminingmkti.net](mailto:hotline@semiraraminingmkti.net).

#### ***Insider Trading Policy***

Directors, Officers and employees are required to abide by the Company's prescribed restrictions and no-trading periods of its shares of stock in the market. The Company's amended policy requires requires its Directors and key officers to report their trades within three (3) business days to Legal Department for eventual reporting to PSE and SEC.

#### ***Related Party Transaction Policy***

It is the Company's policy that related party transactions (RPT) are arms-length and at reasonable terms generally available to an unaffiliated third party under the same or similar circumstances. There must be a compelling business reason to enter into such a RPT, taking into account such factors as expertise of related party, cost efficiency, among others. The Board-approved Policy sets out the guidelines, categories and thresholds requiring review, disclosure and prior approval by the Board of Directors or Shareholders of such transactions. It also defines RPTs deemed to be pre-approved by the Board in accordance with the Company's Board-approved Table of Authorities. It provides guidelines on the identification, review and approval of RPTs. All RPTs shall be disclosed to the Audit Committee and any material RPT shall be disclosed to the Board.

### ***Subsidiary Good Governance Program***

The Company's operating Subsidiary, SEM-Calaca Power Corporation mirrors the overall corporate governance framework of the Parent's through its Board-approved Code of Corporate Governance. It appointed its Parent's two (2) Independent Directors also as such and established good governance committees, specifically, Audit, Compensation & Remuneration and Nomination & Election Committees, to assist in the Board's oversight functions. The Committees are guided by Board-approved respective Committee Charters. The Subsidiary adopted good governance initiatives such as Code of Conduct and Business Ethics, Business Interest Disclosure, Related Party Transaction Policy and ERM Policy, among others.

### **STAKEHOLDERS**

The Company recognizes the rights and interests of its key stakeholders, specifically shareholders, employees, customers, suppliers, creditors, government, host communities and environment. The Company's whistleblowing mechanism's email address [hotline@semiraraminingmkti.net](mailto:hotline@semiraraminingmkti.net) and dedicated email address [investor\\_relations@semiraraminingmkti.net](mailto:investor_relations@semiraraminingmkti.net) provide stakeholders reporting venues to raise any valid concern or query about the Company.

#### ***Shareholders***

The Company is committed to creating and enhancing shareholder value through asset protection and sustainability of the Company's business. It promotes a culture of transparency with protection and equal respect of shareholder/investor rights embodied in its Revised Code of Corporate Governance.

#### ***Rights***

The Company maintains a share structure that gives all shares equal voting rights. Shareholder rights include their participation in decisions concerning fundamental corporate changes such as amendments to the Company's constitution, authorization of additional shares and transfer or sale of all or substantially all of the Company's assets, sale of a business unit or subsidiary that accounts for a majority portion of the Company's assets. The Company respects other shareholder rights as provided for in the Corporation Code, specifically, to inspect corporate books and records, to information, to dividends and appraisal right. As part of its director nomination process, the Company provides non-controlling shareholders the right to nominate candidates for Board Directors. The Company discloses to PSE and subsequently in its website the nominations and due dates for submission of such nominations. The Company provides adequate information and the rationale for agenda items requiring shareholders' approval prior to the holding of annual shareholders' meetings in its Definitive Information Statement.

#### ***Dividend Policy***

The Company is committed to providing reasonable economic returns to its investors. It has been consistently paying out cash dividends more than its dividend policy of 20% of preceding year's Net Income After Tax (NIAT) since its domestic and international shares offering in 2005. On April 30, 2013, the Board approved and declared cash dividends of P 12.00 per share or P4.28 billion representing 81% of 2012's NIAT which were fully paid on May 29, 2013 or within thirty (30) days from declaration date.

#### ***Annual Shareholders' Meeting***

The Company holds the Annual Shareholders' Meeting (ASM) every first Monday of May each year to report to its shareholders as well as give them the opportunity to ask the Board updates or issues for clarification. The Company allows voting in absentia via proxy thus, giving a shareholder who is unable to attend such meeting the opportunity to participate and vote on the shareholder's behalf. The Company makes publicly available by the next working day the result of shareholder votes taken during the annual shareholders meeting for all resolutions.

On May 6, 2013, the Company held its ASM at the Manila Golf & Country Club, Forbes Park, Makati City, a meeting location accessible to the shareholders. The Chairman of the Board, Chairman of the Audit Committee, Chairman of the Compensation and Remuneration Committee and Chairman of the Nomination and Election Committee, other Board Directors, CEO, Chief Operating Officer, Chief Finance Officer, Corporate Secretary, other key officers and SGV & Co as external auditor attended the meeting to answer potential questions from shareholders. The Company appointed SGV & Co. as

an independent body to count and validate the votes cast by the shareholders during the ASM for items stated in the agenda requiring approval and/or for ratification.

The meeting was conducted by following the agenda items as indicated and disclosed in the Company's Notice of ASM. The Corporate Secretary discussed and explained the rationale of agenda items requiring shareholders' approval. After discussion of the Management Report, the Vice Chairman and CEO gave the shareholders and other attendees the opportunity to raise any question and/or clarification. No such question or clarification was raised and duly minuted. There was also no added agenda item or amendment to material information without prior shareholder notice in compliance to regulatory rules. The list of Board Directors who attended the 2013 ASM are reported and disclosed in a certification of attendance to PSE and SEC. This certification and the minutes of the 2013 ASM are disclosed in the Company's website.

### ***Investor Relations***

The Company's Investor Relations unit which is under the Office of the Chief Finance Officer, implements its investor relations program aimed to provide knowledge, understanding and transparency of the Company's business, operating and financial condition to the investing public. To sustain investor confidence, the Company maintains a policy of open and constant communication and disclosure of its activities, subject to insider information guidelines. It maintains continuing dialogue with local and international institutional investors by engaging in conference calls, and meeting with institutional and prospective investors, investment analysts, fund managers and the financial community through participation in analyst-media briefings, reverse roadshows and investor conferences in the region. It also arranges visits to the Mine site and subsidiary power plant operations for institutional investors. Corporate information is communicated to shareholders by timely and adequate disclosures to SEC, PSE and in the Company's website.

### ***Employees***

The Company recognizes that its greatest resources are its employees. Its policies and programs are implemented to meet its obligations toward its employees and support its mission of empowering employees in a climate of integrity and excellence. It understands the value of high-performing talent to the alignment of the Company's business needs and sustainability. The Company's compensation reward policy sets remuneration at levels having regard to industry and market standards for similar work responsibilities and positions and gives performance-based cash incentives, with appropriate financial performance of the Company, to affirm or encourage performers. Its competency-based performance management system evaluates employee performance using a Balanced Scorecard that considers technical and behavioral competencies as well as employee support or compliance to the Company's Code of Conduct, good governance program and Environmental, Health and Safety (EHS) policies.

The Company's employee development program includes trainings, seminars and workshops such as skills upgrade, leadership, short management courses, ISO quality management principles, EHS, risk awareness, among others. Working safely as a condition to employment is reinforced by training sessions on basic occupational health and safety, and conducting regular drills on emergency preparedness such as fire and earthquake.

Employee well-being is promoted through its health care program covering annual physical examination, physical fitness and sports activities to encourage and maintain a proactive healthy lifestyle, recreational activities to foster camaraderie and team building, and spiritual activities to foster one's personal values, among others.

Benefits provided to full-time employees that are not provided to temporary or part-time employees cover health care, accident and life insurance, vacation leaves, sick leaves, retirement benefits, disability and death benefits. The Company has a funded, noncontributory defined benefit plan. Additional benefits are provided to Mine site employees such as free housing, power & water utilities, and education for their dependents, among others. The Company provides free primary medical services to Mine site employees and workforce including their dependents at a Company-owned hospital. The hospital's pharmacy offers more reliable supply and discounted cost of medicines. Employee health and well-being are further discussed in the Company's Corporate Social Responsibility Annual Report.

### ***Customers***

The Company's mission is to supply its customers with quality coal that meets their stringent specification. It measures the characteristics of coal to ensure that customer requirements are determined and understood with notification to the customer of significant changes communicated in a timely manner before effecting any change. Tests are conducted and results recorded to evidence conformity with the requirements. Coal shall not be loaded and shipped until all the tests are conducted and all results passed the customer's specification. Client feedback mechanism is implemented to measure client perception in meeting customer requirements and complaints, if any, are resolved through corrective action and after-sales settlement guidelines. The Company's continuing recertification as being in conformance to ISO 9001:2008 on Quality Management System affirms its commitment to achieve and enhance customer satisfaction through continual improvement of processes. The Codes of Conduct promote fair dealings with customers and confidentiality of business information such as customer data.

### ***Suppliers and Creditors***

The Company supports strategic partnerships with suppliers, creditors and other business partners with honoring commitments to agreements and timely payments of contracted obligations. The Codes of Conduct promotes fair dealings with business partners including observance of confidentiality of proprietary non-public information such as contract terms or bids, that might either be harmful to its suppliers, creditors and business partners or of use to their business competitors.

The Company's capital management strategy is to ensure it maintains a strong credit rating and healthy capital ratios to support its business, maximize shareholder value and safeguard creditors' rights. This is disclosed and further discussed, together with the financial risk management objectives, risks and policies in Note 28 to Consolidated Financial Statements.

The Company's quality policy for procurement activities ensure competitive sourcing and pricing of highest quality of goods and services to support the Company's objectives. It includes procedures on accreditation, evaluation of new suppliers and re-evaluation of performance of accredited suppliers of critical materials every twelve months to ensure consistent quality of purchased products and services. Suppliers are selected and evaluated based on their track record, price, payment terms and performance on criteria such as product quality, response to problems and delivery. The Company also considers 'green' initiatives and policies on waste management, environmental and regulatory compliance certificates, child labor and human rights criteria in supplier accreditation. Canvassing procedures ensure competitive pricing, favorable terms and value-added services without compromising quality.

### ***Government***

The Company is committed to its vital role in the country's coal mining industry and related energy sector. It partners with the government in economic development through responsible citizenship, judicious use of the country's natural resources and compliance with relevant taxation, laws and regulations. Through payment of mining-specific royalties, the Company assists in providing significant and stable revenues to enable the government fulfill its fundamental objective of optimizing socio-economic benefits and welfare. Royalties paid to the Department of Energy and to the different local government units in the Province of Antique amounted to P 1.56 billion in 2013. The Company's close partnerships with local government units and key sectors also involve community-based emergency preparedness initiatives such as disaster and risk reduction management workshops and drills.

### ***Community and Environment***

The Company works in partnership with its host communities to improve the sustainability of both the community and the environment while promoting local economic empowerment with judicious use of natural resources. Its comprehensive Corporate Social Responsibility (CSR) program encompasses Five Es – Education, Environment Protection, Economic Empowerment, Employment & Livelihood and Electrification.

The Company's integrated Environment, Health and Safety (EHS) management system is built on a framework of continuous improvement of applied environmental and social responsibility performance standards. This includes a Hazard Identification and Risk Assessment process to ensure that environmental aspects associated

with the Company's coal mining activity, products and services are identified, their impact to the environment, safety and health hazards evaluated for significance and necessary control measures implemented.

The Company integrates value chain processes that minimize pollution and damage to the environment. Standard operating procedures include close monitoring of spontaneous combustion activity of coal stockpiles by continuous and thorough compaction, and inspection of stockpiles every start and middle of the operation shift. Air pollution control measures include road watering by six water trucks during dry season and hauling operation, setting truck speed limits, installation of pollution control facilities on the power plant smoke stack, use of dust-treat coagulants during product transfers and preventive maintenance program of mobile and airconditioning equipment. Waste water from the Company's Coal Washing Plant operations is channeled to settling ponds before recycling for plant watering use or to a constructed dike area for containment. The Company also established procedures in handling and containment of industrial materials and wastes, including clean-up and restoration where needed. It implemented a progressive rehabilitation program of the old Unong mine and a section of the current Panian mine. Employees are mandated to comply with the Company's EHS objectives and policies such as the conservation and promotion of the local biodiversity, ecological solid waste management that promotes proper garbage segregation and reduced consumption of electricity, water and paper, among others.

The Company's commitment toward the sustainability of Semirara Island is described in a separate CSR section of the Annual Report. This robust commitment is cascaded in its subsidiary power company's separate CSR program also discussed in the CSR annual report section.

#### **INDUSTRY ASSOCIATION**

The Company leads and actively participates in the promotion, development and growth of the coal mining industry in the country and the enhancement of ASEAN coal energy cooperation through its memberships in the Philippine Chamber of Coal Mines, Inc. and AFOC National Committee of the Philippines, Inc.

#### **WEBSITE**

The Company's organization structure, performance and significant corporate information, including disclosures may be viewed at the Company's website, [www.semiramining.com](http://www.semiramining.com).

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY  
FOR CONSOLIDATED FINANCIAL STATEMENTS**

The management of **SEMIRARA MINING CORPORATION** is responsible for the preparation and fair presentation of the consolidated financial statements for the years ended December 31, 2013 and 2012, including the additional components attached therein, in accordance with Philippine Financial Reporting Standards. This responsibility includes designing and implementing internal controls relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

The Board of Directors reviews and approves the consolidated financial statements and submits the same to the stockholders.

SyCip Gorres Velayo & Co., the independent auditors, appointed by the stockholders has examined the consolidated financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such examination.

Signed this 19<sup>th</sup> day of March 2014.

## **INDEPENDENT AUDITORS' REPORT**

The Stockholders and the Board of Directors  
Semirara Mining Corporation

We have audited the accompanying consolidated financial statements of Semirara Mining Corporation and its subsidiaries, which comprise the consolidated statements of financial position as at December 31, 2013 and 2012, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2013, and a summary of significant accounting policies and other explanatory information.

### ***Management's Responsibility for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Philippine Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Philippine Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Semirara Mining Corporation and its subsidiaries as at December 31, 2013 and 2012, and their financial performance and their cash flows for each of the three years in the period ended December 31, 2013 in accordance with Philippine Financial Reporting Standards.

# SEMIRARA MINING CORPORATION AND SUBSIDIARIES

---

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

---

### 1. Corporate Information

Semirara Mining Corporation (the Parent Company) is a corporation incorporated in the Philippines on February 26, 1980. The Parent Company's registered and principal office address is at 2nd Floor, DMCI Plaza Building, 2281 Pasong Tamo Extension, Makati City. The Parent Company is a majority-owned (56.32%) subsidiary of DMCI Holdings, Inc. (DMCI-HI), a publicly listed entity in the Philippines and its ultimate Parent Company.

The Parent Company and its subsidiaries will be collectively referred herein as "the Group".

The Group's primary purpose is to search for, prospect, explore, dig and drill, mine, exploit, extract, produce, mill, purchase or otherwise acquire, store, hold transport, use experiment with, market, distribute, exchange, sell and otherwise dispose of, import, export and handle, trade, and generally deal in, ship coal, coke, and other coal products of all grades, kinds, forms, descriptions and combinations and in general the products and by-products which may be derived, produced, prepared, developed, compounded, made or manufactured there; to acquire, own, maintain and exercise the rights and privileges under the coal operating contract within the purview of Presidential Decree No. 972, "*The Coal Development Act of 1976*", and any amendments thereto and to acquire, expand, rehabilitate and maintain power generating plants, develop fuel for generation of electricity and sell electricity to any person or entity through electricity markets among others.

The Parent Company's shares of stock are listed and are currently traded at the Philippine Stock Exchange (PSE).

The consolidated financial statements as of December 31, 2013 and 2012 and for each of the three years in the period ended December 31, 2013 were endorsed for approval by the Audit Committee on March 3, 2014 and were authorized for issue by the Executive Committee of the Board of Directors (BOD) on March 19, 2014.

---

### 2. Summary of Significant Accounting Policies

#### Basis of Preparation

The consolidated financial statements have been prepared using the historical cost basis. The consolidated financial statements are prepared in Philippine Peso (₱), which is also the Group's functional currency. All amounts are rounded off to the nearest peso, except when otherwise indicated.

The consolidated financial statements provide comparative information in respect of the previous period. In addition, the Group presents an additional statement of financial position at the beginning of the earliest period presented when there is a retrospective application of an accounting policy, a retrospective restatement, or a reclassification of items in financial statements. An additional statement of financial position as at January 1, 2012 is presented in these consolidated financial statements due to retrospective application of Philippine Accounting Standards (PAS) 19, *Employee Benefits* (Revised 2011).

### Statement of Compliance

The consolidated financial statements of the Group have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

### Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Group as of December 31, 2013 and 2012, and for each of the three years in the period ended December 31, 2013.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All significant intercompany balances and transactions, including income, expenses and dividends, are eliminated in full. Profits and losses resulting from intercompany transactions that are recognized in assets are eliminated in full.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statements of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Non-controlling interests (NCI) pertain to the equity in a subsidiary not attributable, directly or indirectly to the Parent Company. NCI represent the portion of profit or loss and net assets in subsidiaries not owned by the Group and are presented separately in consolidated statement of comprehensive income, consolidated statement of changes in equity and within equity in the consolidated statement of financial position, separately from equity holders' of the Parent Company.

Any equity instruments issued by a subsidiary that are not owned by the Parent Company are non-controlling interests including preferred shares and options under share-based transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary
- Derecognizes the carrying amount of any non-controlling interests
- Derecognizes the cumulative translation differences recorded in equity
- Recognizes the fair value of the consideration received
- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit or loss
- Reclassifies the Parent Company's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

The consolidated financial statements include the financial statements of the Parent Company and the following wholly owned subsidiaries (which are all incorporated in the Philippines):

	<b>Effective Percentages of Ownership</b>		
	<b>2013</b>	2012	2011
Sem-Calaca Power Corporation (SCPC)	<b>100.00%</b>	100.00%	100.00%
Southwest Luzon Power Generation Corporation (SLPGC)	<b>100.00</b>	100.00	100.00
SEM-Cal Industrial Park Developers, Inc. (SIPDI)	<b>100.00</b>	100.00	100.00
Semirara Claystone, Inc. (SCI)	<b>100.00</b>	100.00	-

SEM-Balayan Power Generation Corporation (SBPGC)	<b>100.00</b>	-	-
Sem-Calaca RES Corporation (SCRC)*	<b>100.00</b>	-	-

*\*Wholly owned subsidiary of SCPC*

Except for SCPC, the Parent Company's subsidiaries have not yet started commercial operations as of December 31, 2013.

#### *SCPC*

On July 8, 2009, Power Sector Assets and Liabilities Management Corporation (PSALM) selected DMCI-HI as the winning bidder for the sale of the 2 x 300 megawatt (MW) Batangas Coal-Fired Power Plant (the Power Plant) located in San Rafael, Calaca, Batangas.

On December 1, 2009, the Parent Company was authorized by the Board of Directors (BOD) to advance the amount of ₱7.16 billion for purchase of the Power Plant from PSALM, through its wholly owned subsidiary in order to meet SCPC's financial obligation under Asset Purchase Agreement (APA) and Land Lease Agreement (LLA). On March 7, 2011, the said advances were converted by the Parent Company into SCPC's common shares of 7,998.75 million.

Pursuant to the provision of the APA, PSALM, agreed to sell and transfer to DMCI-HI the Power Plant on an “as is where is” basis on December 2, 2009. The agreed Purchase Price amounted to \$368.87 million.

*SLPGC*

On August 31, 2011, SLPGC was incorporated to acquire, design, develop, construct, expand, invest in, and operate electric power plants, and engage in business of a Generation Company in accordance with RA No. 9136, otherwise known as Electric Power Industry Reform Act of 2001 (EPIRA); to invest in, operate and engage in missionary electrification as a Qualified Third Party under EPIRA and its implementing rules and regulations; and to design, develop, assemble and operate other power related facilities, appliances and devices.

*SIPDI*

On April 24, 2011, SIPDI was incorporated to acquire, develop, construct, invest in, operate and maintain an economic zone capable of providing infrastructures and other support facilities for export manufacturing enterprises, information technology enterprises, tourism economic zone enterprises, medical tourism economic zone enterprises, retirement economic zone enterprises and/or agro-industrial enterprises, inclusive of the required facilities and utilities, such as light and power system, water supply and distribution system, sewerage and drainage system, pollution control devices, communication facilities, paved road network, and administration building as well as amenities required by professionals and workers involved in such enterprises, in accordance with R.A. No. 7916, as amended by R.A. No. 8748, otherwise known as the Special Economic Zone Act of 1995.

*SCI*

On November 29, 2012, SCI was incorporated to engage in, conduct, and carry on the business of manufacturing, buying, selling, distributing, marketing at wholesale and retail insofar as may be permitted by law, all kinds of goods, commodities, wares and merchandise of every kind and description including pottery earthenware, stoneware, bricks, tiles, roofs and other merchandise produce from clay; to enter into all contracts for export, import, purchase requisition, sale at wholesale or retail and other disposition for its own account as principal or in representative capacity as manufacturer’s representative, merchandise broker, indenter, commission merchant, factors or agents, upon consignment of all goods, wares, merchandise or products natural or artificial.

*SEUI*

On February 18, 2013, SEUI was incorporated to perform Qualified Third Party (QTP) functions pursuant to Section 59 of Republic Act 9136, otherwise known as the “Electric Power Industry Reform Act of 2001 (“EPIRA”) and its Implementing Rules & Regulations”. DOE-Circular No. 2004-06-006 of the Department of Energy defines QTP as an alternative service provider authorized to serve remote and unviable areas pursuant to Section 59 of the EPIRA Law. The new company intends to act as the QTP over Barangays of Semirara, Tinogboc and Alegria, all located at Semirara Island, Caluya, Antique.

*SRPGC*

On September 10, 2013, SRPGC was incorporated to acquire, construct, erect, assemble, rehabilitate, expand, commission, operate and maintain power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell electricity to any person or entity through electricity markets, by trading, or by contract; to administer, conserve and manage the electricity generated by power-generating plants, owned by SRPGC or by a third party, to invest in or acquire corporations or entities engaged in any of the foregoing activities.

### *SBPGC*

On September 9, 2013, SBPGC was incorporated to acquire, construct, erect, assemble, rehabilitate, expand, commission, operate and maintain power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity, to sell electricity to any person or entity through electricity markets, by trading, or by contract, to administer, conserve and manage the electricity generated by power-generating plants, owned by SBPGC or by a third party, to invest in or acquire corporations or entities engaged in any of the foregoing activities.

### *SCRC*

SCRC is a stock corporation registered with SEC on September 14, 2009, primarily to sell electricity to any person or entity through electricity markets, by trading, or by contract, to administer, conserve and manage the electricity generated by power-generating plants, owned by its affiliates or by a third party, to invest in or acquire corporations or entities engaged in any of the foregoing activities.

Prior to 2013, DMCI-HI owns 100% of common shares of SCRC. However, on March 15, 2013, DMCI-HI assigned all of its 1.25 million shares in SCRC at ₱1.00 par value or in the total amount of ₱1.25 million, making it as a wholly owned subsidiary of SCPC.

On September 25, 2013, SCPC infused additional 6.75 million shares totaling ₱8.00 million as of December 31, 2013.

### Business Combination and Goodwill

Business combinations are accounted for using the acquisition method. This involves recognizing identifiable assets (including previously unrecognized intangible assets) and liabilities (including contingent liabilities and excluding future restructuring) of the acquired business at fair value. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the acquirer measures the noncontrolling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs incurred are expensed in the consolidated statement of income.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree. If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

Any contingent consideration to be transferred by the acquirer will be recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration, which is deemed to be an asset or liability, will be recognized in accordance with PAS 39 either in profit or loss or as a change to other comprehensive income. If the contingent consideration is classified as equity, it should not be remeasured until it is finally settled within equity.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash generating units or groups of cash generating units, that are expected to benefit from

the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or group of units.

Each unit or group of units to which the goodwill is allocated:

- represents the lowest level within the Group at which the goodwill is monitored for internal management purposes; and
- is not larger than a segment based on either the Group's primary or the Group's secondary reporting format determined in accordance with PFRS 8, *Operating Segment*.

Where goodwill forms part of a cash-generating unit (group of cash generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

When subsidiaries are sold, the difference between the selling price and the net assets plus cumulative translation differences and goodwill is recognized in the consolidated statement of comprehensive income.

Acquisitions of non-controlling interests are accounted for as transactions with owners in their capacity as owners and therefore no goodwill or profit or loss is recognized as a result.

Adjustments to noncontrolling interests arising from transactions that do not involve the loss of control are based on a proportionate amount of the net assets of the subsidiary.

#### Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year except for the following new and amended PFRS, PAS and Philippine Interpretations of International Financial Reporting Interpretations Committee (IFRIC) which became effective on January 1, 2013. Adoption of these changes in PFRS constitutes an additional statement of financial position at the beginning of the earliest period due to retrospective application of such amendments. Except as otherwise indicated, the adoption of these new accounting standards and amendments have no material impact on the Group's financial statements.

The nature and the impact of each new standard and amendment are described below:

- PFRS 7, *Financial instruments: Disclosures - Offsetting Financial Assets and Financial Liabilities* (Amendments)

These amendments require an entity to disclose information about rights of set-off and related arrangements (such as collateral agreements). The new disclosures are required for all recognized financial instruments that are set off in accordance with PAS 32. These disclosures also apply to recognized financial instruments that are subject to an enforceable master netting arrangement or 'similar agreement', irrespective of whether they are set-off in accordance with PAS 32. The amendments require entities to disclose, in a tabular format, unless another format is more appropriate, the following minimum quantitative information. This is presented separately for financial assets and financial liabilities recognized at the end of the reporting period:

- a) The gross amounts of those recognized financial assets and recognized financial liabilities;
- b) The amounts that are set off in accordance with the criteria in PAS 32 when determining the net amounts presented in the statement of financial position;
- c) The net amounts presented in the statement of financial position;

- d) The amounts subject to an enforceable master netting arrangement or similar agreement that are not otherwise included in (b) above, including:
    - i. Amounts related to recognized financial instruments that do not meet some or all of the offsetting criteria in PAS 32; and
    - ii. Amounts related to financial collateral (including cash collateral); and
  - e) The net amount after deducting the amounts in (d) from the amounts in (c) above.
- PFRS 10, *Consolidated Financial Statements*  
PFRS 10 replaced the portion of PAS 27, *Consolidated and Separate Financial Statements*, that addressed the accounting for consolidated financial statements. It also included the issues raised in SIC 12, *Consolidation - Special Purpose Entities*. PFRS 10 established a single control model that applied to all entities including special purpose entities. The changes introduced by PFRS 10 require management to exercise significant judgment to determine which entities are controlled, and therefore, are required to be consolidated by a parent, compared with the requirements that were in PAS 27. A reassessment of control was performed by the Parent Company on all its interest in other entities and has determined that there are no additional entities that need to be consolidated or entities to be deconsolidated.
  - PFRS 11, *Joint Arrangements*  
PFRS 11 replaced PAS 31, *Interests in Joint Ventures*, and SIC 13, *Jointly Controlled Entities - Non-Monetary Contributions by Venturers*. PFRS 11 removed the option to account for jointly controlled entities using proportionate consolidation. Instead, jointly controlled entities that meet the definition of a joint venture must be accounted for using the equity method. The new standard is effective for periods beginning on or after January 1, 2013 and has no impact on the Group's financial position or performance.
  - PFRS 12, *Disclosure of Interests in Other Entities*  
PFRS 12 sets out the requirements for disclosures relating to an entity's interests in subsidiaries, joint arrangements, associates and structured entities. The requirements in PFRS 12 are more comprehensive than the previously existing disclosure requirements for subsidiaries (for example, where a subsidiary is controlled with less than a majority of voting rights). The new standard is effective for periods beginning on or after January 1, 2013 and has no impact on the Group's financial position or performance.
  - PFRS 13, *Fair Value Measurement*  
PFRS 13 establishes a single source of guidance under PFRSs for all fair value measurements. PFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under PFRS. PFRS 13 defines fair value as an exit price. PFRS 13 also requires additional disclosures.

As a result of the guidance in PFRS 13, the Group re-assessed its policies for measuring fair values. Additional disclosures, where required, are provided in Note 30. The new standard is effective for periods beginning on or after January 1, 2013.

- PAS 1, *Presentation of Financial Statements - Presentation of Items of Other Comprehensive Income or OCI (Amendments)*  
The amendments to PAS 1 introduced a grouping of items presented in OCI. Items that will be reclassified (or "recycled") to profit or loss at a future point in time (for example, upon derecognition or settlement) will be presented separately from items that will never be

recycled. The amendments affect presentation only and have no impact on the Group's financial position or performance. The amendments are effective for periods beginning on or after July 1, 2012.

- PAS 19, *Employee Benefits* (Revised)  
On January 1, 2013, the Group adopted the Revised PAS 19.

For defined benefit plans, the Revised PAS 19 requires all actuarial gains and losses to be recognized in OCI and unvested past service costs previously recognized over the average vesting period to be recognized immediately in profit or loss when incurred.

Prior to adoption of the Revised PAS 19, the Group recognized actuarial gains and losses as income or expense when the net cumulative unrecognized gains and losses for each individual plan at the end of the previous period exceeded 10% of the higher of the defined benefit liability and the fair value of the plan assets and recognized unvested past service costs as an expense on a straight-line basis over the average vesting period until the benefits become vested. Upon adoption of the Revised PAS 19, the Group changed its accounting policy to recognize all actuarial gains and losses in OCI and all past service costs in profit or loss in the period they occur.

The Revised PAS 19 replaced the interest cost and expected return on plan assets with the concept of net interest on defined benefit liability or asset which is calculated by multiplying the net balance sheet defined benefit liability or asset by the discount rate used to measure the employee benefit liability, each as at the beginning of the annual period.

The Revised PAS 19 also amended the definition of short-term employee benefits and requires employee benefits to be classified as short-term based on expected timing of settlement rather than the employee's entitlement to the benefits. In addition, the Revised PAS 19 modifies the timing of recognition for termination benefits. The modification requires the termination benefits to be recognized at the earlier of when the offer cannot be withdrawn or when the related restructuring costs are recognized.

Changes to definition of short-term employee benefits and timing of recognition for termination benefits do not have any impact to the Group's financial position and financial performance.

The changes in accounting policies have been applied retrospectively. The effects of the adoption in the consolidated financial statements are as follows:

	As at December 31, 2013	As at December 31, 2012 (As restated)	As at January 1, 2012 (As restated)
Increase (decrease) in:			
<u>Consolidated Statements of Financial Position</u>			
Net defined benefit liability	₱12,716,015	₱30,700,336	₱7,793,626
Deferred tax assets	(3,814,808)	(9,210,105)	(2,338,088)
Remeasurement losses on pension plan	(5,876,670)	(18,465,694)	(2,072,866)
Retained earnings	(3,024,537)	(3,024,537)	(3,382,672)

	2013	2012 (As restated)	2011 (As restated)
<u>Consolidated Statements of Comprehensive Income</u>			
General and administrative expenses	₱–	(₱511,604)	(₱915,907)
Income before income tax	–	511,604	915,907
Provision for income tax	–	153,481	274,772
Net income for the year	–	358,123	641,135
Other comprehensive income			
Remeasurement losses (gains) of defined benefit obligation (Note 19)	(17,984,320)	23,418,326	2,961,237
Income tax effects	5,395,296	(7,025,498)	(888,371)
Other comprehensive income for the year, net of tax	12,589,024	(16,392,828)	(2,072,866)
Total comprehensive income for the year	₱12,589,024	(₱16,034,705)	(₱1,431,731)

The adoption did not have an impact on statement of cash flows.

- PAS 27, *Separate Financial Statements* (as revised in 2011)  
As a consequence of the issuance of the new PFRS 10 and PFRS 12, what remains of PAS 27 is limited to accounting for subsidiaries, jointly controlled entities, and associates in the separate financial statements. The adoption of the amended PAS 27 did not have a significant impact on the separate financial statements of the entities in the Group. The revised standard is effective for periods beginning on or after January 1, 2013.
- PAS 28, *Investments in Associates and Joint Ventures* (as revised in 2011)  
As a consequence of the issuance of the new PFRS 11, *Joint Arrangements*, and PFRS 12, *Disclosure of Interests in Other Entities*, PAS 28 has been renamed PAS 28, *Investments in Associates and Joint Ventures*, and describes the application of the equity method to investments in joint ventures in addition to associates. The revised standard is effective for periods beginning on or after January 1, 2013.
- Philippine Interpretation IFRIC 20, *Stripping Costs in the Production Phase of a Surface Mine*  
This interpretation applies to waste removal (stripping) costs incurred in surface mining activity, during the production phase of the mine. The interpretation addresses the accounting for the benefit from the stripping activity. Management has assessed the impact of the interpretation on its coal mining activities both for the open pit mining and the one under exploration and evaluation. Management has concluded that its existing accounting policy is consistent with the requirements of the new interpretation and therefore the adoption did not impact both the financial position and performance of the Group.
- PFRS 1, *First-time Adoption of International Financial Reporting Standards - Government Loans* (Amendments)  
The amendments to PFRS 1 require first-time adopters to apply the requirements of PAS 20, *Accounting for Government Grants and Disclosure of Government Assistance*, prospectively to government loans existing at the date of transition to PFRS. However, entities may choose to apply the requirements of PAS 39, *Financial Instruments: Recognition and Measurement*, and PAS 20 to government loans retrospectively if the information needed to do so had been obtained at the time of initially accounting for those loans. These amendments are not relevant to the Group and effective for the periods beginning on or after January 1, 2013.

*Annual Improvements to PFRSs (2009-2011 cycle)*

The *Annual Improvements to PFRSs (2009-2011 cycle)* contain non-urgent but necessary amendments to PFRSs. The Group adopted these amendments for the current year. These amendments are not relevant to the Group and effective for the periods beginning on or after January 1, 2013.

- *PFRS 1, First-time Adoption of PFRS - Borrowing Costs*  
The amendment clarifies that, upon adoption of PFRS, an entity that capitalized borrowing costs in accordance with its previous generally accepted accounting principles, may carry forward, without any adjustment, the amount previously capitalized in its opening statement of financial position at the date of transition. Subsequent to the adoption of PFRS, borrowing costs are recognized in accordance with PAS 23, *Borrowing Costs*. The amendment does not apply to the Group as it is not a first-time adopter of PFRS.
- *PAS 1, Presentation of Financial Statements - Clarification of the requirements for comparative information*  
These amendments clarify the requirements for comparative information that are disclosed voluntarily and those that are mandatory due to retrospective application of an accounting policy, or retrospective restatement or reclassification of items in the financial statements. An entity must include comparative information in the related notes to the financial statements when it voluntarily provides comparative information beyond the minimum required comparative period. The additional comparative period does not need to contain a complete set of financial statements. On the other hand, supporting notes for the third balance sheet (mandatory when there is a retrospective application of an accounting policy, or retrospective restatement or reclassification of items in the financial statements) are not required. As a result, the Group has not included comparative information in respect of the opening statement of financial position as at January 1, 2012. The amendments affect disclosures only and have no impact on the Group's financial position or performance.
- *PAS 16, Property, Plant and Equipment - Classification of servicing equipment*  
The amendment clarifies that spare parts, stand-by equipment and servicing equipment should be recognized as property, plant and equipment when they meet the definition of property, plant and equipment and should be recognized as inventory if otherwise. The amendment does not have any significant impact on the Group's financial position or performance.
- *PAS 32, Financial Instruments: Presentation - Tax effect of distribution to holders of equity instruments*  
The amendment clarifies that income taxes relating to distributions to equity holders and to transaction costs of an equity transaction are accounted for in accordance with PAS 12, *Income Taxes*. The amendment does not have any significant impact on the Group's financial position or performance.
- *PAS 34, Interim Financial Reporting - Interim financial reporting and segment information for total assets and liabilities*  
The amendment clarifies that the total assets and liabilities for a particular reportable segment need to be disclosed only when the amounts are regularly provided to the chief operating decision maker and there has been a material change from the amount disclosed in the entity's previous annual financial statements for that reportable segment. The amendment affects disclosures only and has no impact on the Group's financial position or performance.

New Standards and Interpretations Issued but not yet Effective

The Group will adopt the following standards and interpretations when these become effective. Except as otherwise indicated, the Group does not expect the adoption of these new and amended PFRS and Philippine Interpretations to have significant impact on its financial statements.

- *PAS 36, Impairment of Assets - Recoverable Amount Disclosures for Non-Financial Assets (Amendments)*  
These amendments remove the unintended consequences of PFRS 13 on the disclosures required under PAS 36. In addition, these amendments require disclosure of the recoverable amounts for the assets or cash-generating units (CGUs) for which impairment loss has been recognized or reversed during the period. These amendments are effective retrospectively for annual periods beginning on or after January 1, 2014 with earlier application permitted, provided PFRS 13 is also applied. The amendments affect disclosures only and have no impact on the Group's financial position or performance.
- *Investment Entities (Amendments to PFRS 10, PFRS 12 and PAS 27)*  
These amendments are effective for annual periods beginning on or after January 1, 2014. They provide an exception to the consolidation requirement for entities that meet the definition of an investment entity under PFRS 10. The exception to consolidation requires investment entities to account for subsidiaries at fair value through profit or loss (FVPL). The Group does not expect that this amendment would have significant financial impact in the future financial statements.
- *Philippine Interpretation IFRIC 21, Levies (IFRIC 21)*  
IFRIC 21 clarifies that an entity recognizes a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be anticipated before the specified minimum threshold is reached. IFRIC 21 is effective for annual periods beginning on or after January 1, 2014. The Group does not expect that IFRIC 21 will have significant financial impact in future financial statements.
- *PAS 39, Financial Instruments: Recognition and Measurement - Novation of Derivatives and Continuation of Hedge Accounting (Amendments)*  
These amendments provide relief from discontinuing hedge accounting when novation of a derivative designated as a hedging instrument meets certain criteria. These amendments are effective for annual periods beginning on or after January 1, 2014. The Group does not expect that this amendment would have significant financial impact in the future financial statements.
- *PAS 32, Financial Instruments: Presentation - Offsetting Financial Assets and Financial Liabilities (Amendments)*  
The amendments clarify the meaning of "currently has a legally enforceable right to set-off" and also clarify the application of the PAS 32 offsetting criteria to settlement systems (such as central clearing house systems) which apply gross settlement mechanisms that are not simultaneous. The amendments affect presentation only and have no impact on the Group's financial position or performance. The amendments to PAS 32 are to be retrospectively applied for annual periods beginning on or after January 1, 2014.
- *PAS 19, Employee Benefits - Defined Benefit Plans: Employee Contributions (Amendments)*  
The amendments apply to contributions from employees or third parties to defined benefit plans. Contributions that are set out in the formal terms of the plan shall be accounted for as

reductions to current service costs if they are linked to service or as part of the remeasurements of the net defined benefit asset or liability if they are not linked to service. Contributions that are discretionary shall be accounted for as reductions of current service cost upon payment of these contributions to the plans. The amendments to PAS 19 are to be retrospectively applied for annual periods beginning on or after July 1, 2014.

*Annual Improvements to PFRSs (2010-2012 cycle)*

The *Annual Improvements to PFRSs (2010-2012 cycle)* contain non-urgent but necessary amendments to the following standards:

- *PFRS 2, Share-based Payment - Definition of Vesting Condition*  
The amendment revised the definitions of vesting condition and market condition and added the definitions of performance condition and service condition to clarify various issues. This amendment shall be prospectively applied to share-based payment transactions for which the grant date is on or after July 1, 2014. This amendment does not apply to the Group as it has no share-based payments.
- *PFRS 3, Business Combinations - Accounting for Contingent Consideration in a Business Combination*  
The amendment clarifies that a contingent consideration that meets the definition of a financial instrument should be classified as a financial liability or as equity in accordance with PAS 32. Contingent consideration that is not classified as equity is subsequently measured at fair value through profit or loss whether or not it falls within the scope of PFRS 9 (or PAS 39, if PFRS 9 is not yet adopted). The amendment shall be prospectively applied to business combinations for which the acquisition date is on or after July 1, 2014. The Group shall consider this amendment for future business combinations.
- *PFRS 8, Operating Segments - Aggregation of Operating Segments and Reconciliation of the Total of the Reportable Segments' Assets to the Entity's Assets*  
The amendments require entities to disclose the judgment made by management in aggregating two or more operating segments. This disclosure should include a brief description of the operating segments that have been aggregated in this way and the economic indicators that have been assessed in determining that the aggregated operating segments share similar economic characteristics. The amendments also clarify that an entity shall provide reconciliations of the total of the reportable segments' assets to the entity's assets if such amounts are regularly provided to the chief operating decision maker. These amendments are effective for annual periods beginning on or after July 1, 2014 and are applied retrospectively. The amendments have no impact on the Group's financial position or performance.
- *PFRS 13, Fair Value Measurement - Short-term Receivables and Payables*  
The amendment clarifies that short-term receivables and payables with no stated interest rates can be held at invoice amounts when the effect of discounting is immaterial.
- *PAS 16, Property, Plant and Equipment - Revaluation Method - Proportionate Restatement of Accumulated Depreciation*  
The amendment clarifies that, upon revaluation of an item of property, plant and equipment, the carrying amount of the asset shall be adjusted to the revalued amount, and the asset shall be treated in one of the following ways:
  - a. The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. The accumulated depreciation at the date of

- revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account any accumulated impairment losses.
- b. The accumulated depreciation is eliminated against the gross carrying amount of the asset.

The amendment is effective for annual periods beginning on or after July 1, 2014. The amendment shall apply to all revaluations recognized in annual periods beginning on or after the date of initial application of this amendment and in the immediately preceding annual period. The amendment has no impact on the Group's financial position or performance.

- *PAS 24, Related Party Disclosures - Key Management Personnel*  
The amendments clarify that an entity is a related party of the reporting entity if the said entity, or any member of a group for which it is a part of, provides key management personnel services to the reporting entity or to the parent company of the reporting entity. The amendments also clarify that a reporting entity that obtains management personnel services from another entity (also referred to as management entity) is not required to disclose the compensation paid or payable by the management entity to its employees or directors. The reporting entity is required to disclose the amounts incurred for the key management personnel services provided by a separate management entity. The amendments are effective for annual periods beginning on or after July 1, 2014 and are applied retrospectively. The amendments affect disclosures only and have no impact on the Group's financial position or performance.
- *PAS 38, Intangible Assets - Revaluation Method - Proportionate Restatement of Accumulated Amortization*  
The amendments clarify that, upon revaluation of an intangible asset, the carrying amount of the asset shall be adjusted to the revalued amount, and the asset shall be treated in one of the following ways:
  - a. The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. The accumulated amortization at the date of revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account any accumulated impairment losses.
  - b. The accumulated amortization is eliminated against the gross carrying amount of the asset.

The amendments also clarify that the amount of the adjustment of the accumulated amortization should form part of the increase or decrease in the carrying amount accounted for in accordance with the standard.

The amendments are effective for annual periods beginning on or after July 1, 2014. The amendments shall apply to all revaluations recognized in annual periods beginning on or after the date of initial application of this amendment and in the immediately preceding annual period. The amendments have no impact on the Group's financial position or performance.

#### *Annual Improvements to PFRSs (2011-2013 cycle)*

The *Annual Improvements to PFRSs (2011-2013 cycle)* contain non-urgent but necessary amendments to the following standards:

- *PFRS 1, First-time Adoption of Philippine Financial Reporting Standards - Meaning of 'Effective PFRSs'*  
The amendment clarifies that an entity may choose to apply either a current standard or a new standard that is not yet mandatory, but that permits early application, provided either standard

is applied consistently throughout the periods presented in the entity's first PFRS financial statements. This amendment is not applicable to the Group as it is not a first-time adopter of PFRS.

- *PFRS 3, Business Combinations - Scope Exceptions for Joint Arrangements*  
The amendment clarifies that PFRS 3 does not apply to the accounting for the formation of a joint arrangement in the financial statements of the joint arrangement itself. The amendment is effective for annual periods beginning on or after July 1, 2014 and is applied prospectively.
- *PFRS 13, Fair Value Measurement - Portfolio Exception*  
The amendment clarifies that the portfolio exception in PFRS 13 can be applied to financial assets, financial liabilities and other contracts. The amendment is effective for annual periods beginning on or after July 1, 2014 and is applied prospectively. The amendment has no significant impact on the Group's financial position or performance.
- *PAS 40, Investment Property*  
The amendment clarifies the interrelationship between PFRS 3 and PAS 40 when classifying property as investment property or owner-occupied property. The amendment stated that judgment is needed when determining whether the acquisition of investment property is the acquisition of an asset or a group of assets or a business combination within the scope of PFRS 3. This judgment is based on the guidance of PFRS 3. This amendment is effective for annual periods beginning on or after July 1, 2014 and is applied prospectively. The amendment has no significant impact on the Group's financial position or performance.
- *PFRS 9, Financial Instruments*  
PFRS 9, as issued, reflects the first and third phases of the project to replace PAS 39 and applies to the classification and measurement of financial assets and liabilities and hedge accounting, respectively. Work on the second phase, which relate to impairment of financial instruments, and the limited amendments to the classification and measurement model is still ongoing, with a view to replace PAS 39 in its entirety. PFRS 9 requires all financial assets to be measured at fair value at initial recognition. A debt financial asset may, if the fair value option (FVO) is not invoked, be subsequently measured at amortized cost if it is held within a business model that has the objective to hold the assets to collect the contractual cash flows and its contractual terms give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal outstanding. All other debt instruments are subsequently measured at fair value through profit or loss. All equity financial assets are measured at fair value either through other comprehensive income (OCI) or profit or loss. Equity financial assets held for trading must be measured at fair value through profit or loss. For liabilities designated as at FVPL using the fair value option, the amount of change in the fair value of a liability that is attributable to changes in credit risk must be presented in OCI. The remainder of the change in fair value is presented in profit or loss, unless presentation of the fair value change relating to the entity's own credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. All other PAS 39 classification and measurement requirements for financial liabilities have been carried forward to PFRS 9, including the embedded derivative bifurcation rules and the criteria for using the FVO. The adoption of the first phase of PFRS 9 will have an effect on the classification and measurement of the Group's financial assets, but will potentially have no impact on the classification and measurement of financial liabilities.

On hedge accounting, PFRS 9 replaces the rules-based hedge accounting model of PAS 39 with a more principles-based approach. Changes include replacing the rules-based hedge effectiveness test with an objectives-based test that focuses on the economic relationship between the hedged item and the hedging instrument, and the effect of credit risk on that economic relationship; allowing risk components to be designated as the hedged item, not only for financial items, but also for non-financial items, provided that the risk component is separately identifiable and reliably measurable; and allowing the time value of an option, the forward element of a forward contract and any foreign currency basis spread to be excluded from the designation of a financial instrument as the hedging instrument and accounted for as costs of hedging. PFRS 9 also requires more extensive disclosures for hedge accounting.

PFRS 9 currently has no mandatory effective date. PFRS 9 may be applied before the completion of the limited amendments to the classification and measurement model and impairment methodology. The Group will not adopt the standard before the completion of the limited amendments and the second phase of the project.

In compliance with SEC Memorandum Circular No. 3, Series of 2012, the Group has conducted a study on the impact of an early adoption of PFRS 9. After careful consideration of the results on the impact evaluation, the Group has decided not to early adopt PFRS 9 for its 2013 annual financial reporting. Therefore, these consolidated financial statements do not reflect the impact of the said standard.

- Philippine Interpretation IFRIC 15, *Agreements for the Construction of Real Estate*  
This interpretation covers accounting for revenue and associated expenses by entities that undertake the construction of real estate directly or through subcontractors. The SEC and the Financial Reporting Standards Council have deferred the effectivity of this interpretation until the final Revenue standard is issued by the International Accounting Standards Board and an evaluation of the requirements of the final Revenue standard against the practices of the Philippine real estate industry is completed. Adoption of the interpretation when it becomes effective will not have any impact on the financial statements of the Group.

#### Financial Assets and Financial Liabilities

##### *Date of recognition*

The Group recognizes a financial asset or a financial liability on the consolidated statements of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

##### *Initial recognition of financial instruments*

Financial assets and financial liabilities are recognized initially at fair value. Transaction costs are included in the initial measurement of all financial assets and financial liabilities, except for financial instruments measured at fair value through profit or loss (FVPL). Financial assets in the scope of PAS 39 are classified as either financial assets at FVPL, loans and receivables, held-to-maturity (HTM) financial assets, or available-for-sale (AFS) financial assets, as appropriate.

Financial liabilities are classified as either financial liabilities at FVPL or other financial liabilities.

As of December 31, 2013 and 2012, the Group's financial assets and financial liabilities are of the nature of loans and receivables and other financial liabilities.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument or a component that is a financial liability, are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity, net of any related income tax benefits.

#### *Day 1 difference*

For transactions other than those related to customers' guaranty and other deposits, where the transaction price in a non-active market is different to the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a Day 1 difference) in the consolidated statements of comprehensive income unless it qualifies for recognition as some other type of asset. In cases where the valuation technique used is made of data which is not observable, the difference between the transaction price and model value is only recognized in the consolidated statements of comprehensive income when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the 'Day 1' difference amount.

#### *Loans and receivables*

Loans and receivables are financial assets with fixed or determinable payments and fixed maturities that are not quoted in an active market. These are not entered into with the intention of immediate or short-term resale and are not designated as AFS financial assets or financial assets at FVPL. These are included in current assets if maturity is within 12 months from the reporting date otherwise, these are classified as noncurrent assets. This accounting policy relates to the consolidated statement of financial position accounts "Cash and cash equivalents", "Receivables", "Investment in sinking fund" and "Environmental Guarantee Fund" under other noncurrent assets.

After initial measurement, the loans and receivables are subsequently measured at amortized cost using the effective interest rate (EIR) method, less allowance for impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the EIR and transaction costs. The amortization is included in "Finance income" in the consolidated statement of comprehensive income. The losses arising from impairment are recognized in the consolidated statement of comprehensive income as "Finance costs".

#### *Other financial liabilities*

Other financial liabilities pertain to issued financial instruments that are not classified or designated as financial liabilities at FVPL and contain contractual obligations to deliver cash or other financial assets to the holder or to settle the obligation other than the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

Other financial liabilities include trade and other payables, short-term loans and long-term debt. All loans and borrowings are initially recognized at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, short-term loans and long-term debts are subsequently measured at amortized cost using the EIR method.

### Deferred Financing Costs

Deferred financing costs represent debt issue costs arising from the fees incurred to obtain project financing. This is included in the initial measurement of the related debt. The deferred financing costs are treated as a discount on the related debt and are amortized using the EIR method over the term of the related debt.

### Impairment of Financial Assets

The Group assesses at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the borrower or a group of borrowers is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

### *Loans and receivables*

For loans and receivables carried at amortized cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assessed for impairment. Those characteristics are relevant to the estimation of future cash flows for groups of such assets by being indicative of the debtors' ability to pay all amounts due according to the contractual terms of the assets being evaluated. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognized are not included in a collective assessment for impairment.

For the purpose of a collective evaluation of impairment, financial assets are grouped on the basis of such credit risk characteristics as industry, customer type, customer location, past-due status and term. Future cash flows in a group of financial assets that are collectively evaluated for impairment are estimated on the basis of historical loss experience for assets with credit risk characteristics similar to those in the group. Historical loss experience is adjusted on the basis of current observable data to reflect the effects of current conditions that did not affect the period on which the historical loss experience is based and to remove the effects of conditions in the historical period that do not exist currently. The methodology and assumptions used for estimating future cash flows are reviewed regularly by the Group to reduce any differences between loss estimates and actual loss experience.

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Group will not be able to collect all of the amounts due under the original terms of the invoice.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future credit losses that have not been incurred) discounted

at the financial assets' original EIR (i.e., the EIR computed at initial recognition). If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current EIR.

The carrying amount of the asset is reduced through use of an allowance account and the amount of loss is charged to the consolidated statement of comprehensive income during the period in which it arises. Interest income continues to be recognized based on the original EIR of the asset. Receivables, together with the associated allowance accounts, are written off when there is no realistic prospect of future recovery has been realized and all collateral has been realized or has been transferred to the Group.

If, in a subsequent year, the amount of the estimated impairment loss decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed. Any subsequent reversal of an impairment loss is recognized in consolidated statement of comprehensive income, to the extent that the carrying value of the asset does not exceed its amortized cost at the reversal date.

#### Derecognition of Financial Instruments

##### *Financial assets*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the group's consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

##### *Financial liabilities*

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or has expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the consolidated statement of comprehensive income.

#### Offsetting of Financial Instruments

Financial assets and financial liabilities are only offset and the net amount is reported in the consolidated statement of financial position if, and only if, there is a legally enforceable right to set off the recognized amounts and the Group intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

### Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). NRV is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale for coal inventory or replacement cost for spare parts and supplies. Cost is determined using the weighted average production cost method for coal inventory and the moving average method for spare parts and supplies.

The cost of extracted coal includes stripping costs and other mine-related costs incurred during the period and allocated on per metric ton basis by dividing the total production cost with total volume of coal produced. Except for shiploading cost, which is a component of total minesite cost, all other production related costs are charged to production cost.

Spare parts and supplies are usually carried as inventories and are recognized in the consolidated statement of comprehensive income when consumed. Inventories transferred to property, plant and equipment are used as a component of self-constructed property, plant and equipment and are recognized as expense during useful life of that asset. Transfers of inventories to property, plant and equipment do not change the carrying amount of the inventories.

#### Exploration and Evaluation Asset

Exploration and evaluation activity involves the search for mineral resources, the determination of technical feasibility and the assessment of commercial viability of an identified resource.

Exploration and evaluation activity includes:

- Researching and analyzing historical exploration data
- Gathering exploration data through geophysical studies
- Exploratory drilling and sampling
- Determining and examining the volume and grade of the resource
- Surveying transportation and infrastructure requirements
- Conducting market and finance studies

License costs paid in connection with a right to explore in an existing exploration area are capitalized and amortized over the term of the permit.

Once the legal right to explore has been acquired, exploration and evaluation expenditure is charged to profit or loss as incurred, unless the Group's management concludes that a future economic benefit is more likely than not to be realized. These costs include materials and fuel used, surveying costs, drilling costs and payments made to contractors.

In evaluating whether the expenditures meet the criteria to be capitalized, several different sources of information are used. The information that is used to determine the probability of future benefits depends on the extent of exploration and evaluation that has been performed.

Expenditure is transferred from 'Exploration and evaluation assets' to 'Mine properties' which is a subcategory of 'Property, plant and equipment' once the work completed to date supports the future development of the property and such development receives appropriate approvals.

After transfer of the exploration and evaluation assets, all subsequent expenditure on the construction, installation or completion of infrastructure facilities is capitalized in 'Mine properties'. Development expenditure is net of proceeds from the sale of ore extracted during the development phase.

#### Stripping Costs

As part of its mining operations, the Group incurs stripping (waste removal) costs both during the development phase and production phase of its operations. Stripping costs incurred in the development phase of a mine, before the production phase commences (development stripping), are capitalized as part of the cost of mine properties and subsequently amortized over its useful life using units of production method. The capitalization of development stripping costs ceases when the mine/component is commissioned and ready for use as intended by management.

Stripping activities undertaken during the production phase of a surface mine (production stripping) are accounted for as set out below. After the commencement of production further development of the mine may require a phase of unusually high stripping that is similar in nature to development phase stripping. The costs of such stripping are accounted for in the same way as development stripping (as outlined above).

Stripping costs incurred during the production phase are generally considered to create two benefits, being either the production of inventory or improved access to the coal body to be mined in the future. Where the benefits are realized in the form of inventory produced in the period, the production stripping costs are accounted for as part of the cost of producing those inventories. Where the benefits are realized in the form of improved access to ore to be mined in the future, the costs are recognized as a noncurrent asset, referred to as a stripping activity asset, if the following criteria are met:

- Future economic benefits (being improved access to the coal body) are probable;
- The component of the coal body for which access will be improved can be accurately identified; and
- The costs associated with the improved access can be reliably measured.

If all of the criteria are not met, the production stripping costs are charged to the consolidated statements of comprehensive income as operating costs as they are incurred.

In identifying components of the coal body, the Group works closely with the mining operations department for each mining operation to analyze each of the mine plans. Generally, a component will be a subset of the total coal body, and a mine may have several components. The mine plans, and therefore the identification of components, can vary between mines for a number of reasons. These include, but are not limited to: the type of commodity, the geological characteristics of the coal body, the geographical location, and/or financial considerations.

The stripping activity asset is initially measured at cost, which is the accumulation of costs directly incurred to perform the stripping activity that improves access to the identified component of coal body, plus an allocation of directly attributable overhead costs. If incidental operations are occurring at the same time as the production stripping activity, but are not necessary for the production stripping activity to continue as planned, these costs are not included in the cost of the stripping activity asset. If the costs of the inventory produced and the stripping activity asset are not separately identifiable, a relevant production measure is used to allocate the production stripping costs between the inventory produced and the stripping activity asset. This production measure is calculated for the identified component of the coal body and is used as a benchmark to identify the extent to which the additional activity of creating a future benefit has taken place.

The stripping activity asset is accounted for as an addition to, or an enhancement of, an existing asset, being the mine asset, and is included as part of 'Mine properties' under 'Property, plant and equipment' in the consolidated statement of financial position. This forms part of the total investment in the relevant cash generating unit, which is reviewed for impairment if events or changes of circumstances indicate that the carrying value may not be recoverable.

The stripping activity asset is subsequently depreciated using the units of production method over the life of the identified component of the coal body that became more accessible as a result of the stripping activity. Economically recoverable reserves, which comprise proven and probable

reserves, are used to determine the expected useful life of the identified component of the coal body. The stripping activity asset is then carried at cost less depreciation and any impairment losses.

#### Mining Reserves

Mining reserves are estimates of the amount of coal that can be economically and legally extracted from the Group's mining properties. The Group estimates its mining reserves and mineral resources based on information compiled by appropriately qualified persons relating to the geological data on the size, depth and shape of the coal body, and require complex geological judgments to interpret the data. The estimation of recoverable reserves is based upon factors such as estimates of foreign exchange rates, commodity prices, future capital requirements, and production costs along with geological assumptions and judgments made in estimating the size and grade of the coal body. Changes in the reserve or resource estimates may impact the carrying value of exploration and evaluation assets, mine properties, property, plant and equipment, provision for decommissioning and site rehabilitation, recognition of deferred tax assets, and depreciation and amortization charges.

#### Property, Plant and Equipment

Upon completion of mine construction, the assets are transferred into property, plant and equipment. Items of property, plant and equipment except land are carried at cost less accumulated depreciation and any impairment in value.

The initial cost of property, plant and equipment also comprises its purchase price or construction cost, including non-refundable import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the fixed assets have been put into operation, such as repairs and maintenance and overhaul costs, are normally charged to operations in the year when the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment beyond its originally assessed standard of performance, and the costs of these items can be measured reliably, the expenditures are capitalized as an additional cost of the property, plant and equipment. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Equipment in transit and construction in progress, included in property, plant and equipment, are stated at cost. Construction in progress includes the cost of the construction of property, plant and equipment and, for qualifying assets, borrowing cost. Equipment in transit includes the acquisition cost of mining equipment and other direct costs.

Mine properties consists of stripping activity asset and expenditures transferred from 'Exploration and evaluation assets' once the work completed supports the future development of the property. Mine properties are depreciated or amortized on a unit-of-production basis over the economically recoverable reserves of the mine concerned.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

Depreciation of property, plant and equipment commences once the assets are put into operational use.

Depreciation of property, plant and equipment are computed on a straight-line basis over the estimated useful lives (EUL) of the respective assets as follows:

	Years
Mining, tools and other equipment	2 to 13
Power plant and buildings	10 to 25
Roads and bridges	17

The EUL and depreciation method are reviewed periodically to ensure that the period and method of depreciation are consistent with the expected pattern of economic benefits from items of property, plant and equipment.

Land is stated at historical cost less any accumulated impairment losses. Historical cost includes the purchase price and certain transactions costs.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. When assets are retired, or otherwise disposed of, the cost and the related accumulated depreciation are removed from the accounts. Any gain or loss arising on the derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the consolidated statement of comprehensive income in the year the item is derecognized.

#### Computer Software

Computer software, included under “Other noncurrent assets”, is measured on initial recognition at cost, which comprises its purchase price plus any directly attributable costs of preparing the asset for its intended use. Computer software is carried at cost less any accumulated amortization on a straight line basis over their useful lives of three (3) to five (5) years and any impairment in value.

Amortization of computer software is recognized under the “Cost of sales” in the consolidated statement of comprehensive income.

Gains or losses arising from derecognition of computer software are measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the consolidated statement of comprehensive income when the asset is derecognized.

#### Impairment of Nonfinancial Assets

The Group assesses at each reporting date whether there is an indication that its nonfinancial assets (e.g., inventories, property, plant and equipment and computer software) may be impaired. If any such indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset’s recoverable amount.

#### *Property, plant and equipment and computer software*

An asset’s recoverable amount is the higher of an asset’s or cash generating unit’s fair value less cost to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

Impairment losses of continuing operations are recognized in the consolidated statements of comprehensive income in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If any such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If such is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation or amortization, had no impairment loss been recognized for the asset in prior years.

For property, plant and equipment, reversal is recognized in the consolidated statement of comprehensive income unless the asset is carried at revalued amount, in which case, the reversal is treated as a revaluation increase. After such reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

#### *Inventories*

NRV tests are performed at least annually and represent the estimated sales price based on prevailing price at the reporting date, less estimated cost necessary to make the sale for coal inventory or replacement costs for spare parts and supplies. If there is any objective evidence that the inventories are impaired, impairment losses are recognized in the consolidated statements of comprehensive income, in those expense categories consistent with the function of the assets, as being the difference between the cost and NRV of inventories.

#### Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the consolidated statements of comprehensive income in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the consolidated statement of comprehensive income as the expense category that is consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated statement of comprehensive income when the asset is derecognized.

#### *Research and development costs*

Research costs are expensed as incurred. Development expenditures on an individual project are recognized as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development
- The ability to use the intangible asset generated

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. Amortization is recorded in cost of sales of the consolidated statements of comprehensive income. During the period of development, the asset is tested for impairment annually.

The Group has assessed the useful life of the development costs based on the expected usage of the asset. The useful life of capitalized development costs is twenty (20) years.

#### Current and Noncurrent Classification

The Group presents assets and liabilities in consolidated statement of financial position based on current/noncurrent classification. An asset is current when it is either:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within 12 months after reporting date; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after reporting date.

All other assets are classified as noncurrent.

A liability is current when either:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within 12 months after reporting date; or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after reporting date.

The Group classifies all other liabilities as noncurrent.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

#### Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the

consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty. The Group assesses its revenue arrangements against specific criteria in order to determine if it is acting as principal or agent. The Group has concluded that it is acting as principal in all of its revenue arrangements. The following specific recognition criteria must also be met before revenue is recognized:

*Sale of coal*

Revenue from coal sales is recognized upon acceptance of the goods delivered when the significant risks and rewards of ownership of the goods have passed to the buyer and the amount of revenue can be measured reliably. Revenue from local and export coal sales are denominated in Philippine Peso and US Dollar, respectively.

*Contract energy sales*

Revenue from contract energy sales are derived from providing and selling electricity to customers of the generated and purchased electricity. Revenue is recognized based on the actual energy received or actual energy nominated by the customer, net of adjustments, as agreed upon between parties.

*Spot electricity sales*

Revenue from spot electricity sales derived from the sale to the spot market of excess generated electricity over the contracted energy using price determined by the spot market, also known as Wholesale Electricity Spot Market (WESM), the market where electricity is traded, as mandated by Republic Act (RA) No. 9136 of the Department of Energy (DOE).

*Finance income*

Finance income is recognized as it accrues (using the EIR method that is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial assets).

*Other income*

Other income is recognized when earned.

Cost of Sales

*Cost of coal*

Cost of coal includes directly related production costs such as cost of fuel and lubricants, materials and supplies, depreciation and other related costs. These costs are recognized when incurred.

*Cost of power*

Cost of power includes costs directly related to the production and sale of electricity such as cost of coal, fuel, depreciation and other related costs. Cost of coal and fuel are recognized at the time the related coal and fuel inventories are consumed for the production of electricity.

Cost of power also includes electricity purchased from the spot market and its related market fees. These costs are recognized when the Group receives the electricity and simultaneously sells to its customers.

Operating Expenses

Operating expenses are expenses that arise in the course of the ordinary operations of the Group. These usually take the form of an outflow or decrease of assets or incurrence of liabilities that result in decrease in equity, other than those relating to distribution to equity participants. Expenses are recognized in the consolidated statements of comprehensive income as incurred.

### Borrowing Costs

Borrowing costs directly relating to the acquisition, construction or production of a qualifying capital project under construction are capitalized and added to the project cost during construction until such time the assets are considered substantially ready for their intended use i.e., when they are capable of commercial production. Where funds are borrowed specifically to finance a project, the amount capitalized represents the actual borrowing costs incurred. Where surplus funds are available for a short term out of money borrowed specifically to finance a project, the income generated from the temporary investment of such amounts is also capitalized and deducted from the total capitalized borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalized is calculated using a weighted average of rates applicable to relevant general borrowings of the Group during the period. All other borrowing costs are recognized in the consolidated statement of comprehensive income in the period in which they are incurred.

### Pension Costs

The Group has a noncontributory defined benefit plan. The net defined benefit liability or asset is the aggregate of the present value of the defined benefit liability at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plan is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- Service costs
- Net interest on the net defined benefit liability or asset
- Remeasurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in consolidated statements of comprehensive income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuary.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in the consolidated statements of comprehensive income.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods. All remeasurements recognized in OCI account "Remeasurement gains (losses)" on pension plan are not reclassified to another equity account in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market

price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related liabilities). If the fair value of the plan assets is higher than the present value of the defined benefit liability, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit liability is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

*Termination benefit*

Termination benefits are employee benefits provided in exchange for the termination of an employee's employment as a result of either an entity's decision to terminate an employee's employment before the normal retirement date or an employee's decision to accept an offer of benefits in exchange for the termination of employment.

A liability and expense for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of those benefits and when the entity recognizes related restructuring costs. Initial recognition and subsequent changes to termination benefits are measured in accordance with the nature of the employee benefit, as either post-employment benefits, short-term employee benefits, or other long-term employee benefits.

*Employee leave entitlement*

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly within twelve months after the end of the annual reporting period is recognized for services rendered by employees up to the end of reporting date.

Income Tax

*Current tax*

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at reporting date.

*Deferred tax*

Deferred tax is provided on all temporary differences, with certain exceptions, at reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences with certain exception. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefit of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforward benefits of unused tax credits from MCIT and NOLCO can be utilized.

Deferred tax assets are not recognized when they arise from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of transaction, affects neither the accounting income nor taxable income or loss. Deferred tax liabilities are not provided

on nontaxable temporary differences associated with investments in domestic subsidiaries, associates and interests in joint ventures.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rate that is expected to apply to the period when the asset is realized or the liability is settled, based on tax rate and tax laws that have been enacted or substantially enacted at financial reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets relate to the same taxable entity and the same taxation authority.

#### Provisions

Provisions are recognized only when the Group has: (a) a present obligation (legal or constructive) as a result of a past event; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

#### *Provision for decommissioning and site rehabilitation*

The Group records the present value of estimated costs of legal and constructive obligations required to restore operating locations in the period in which the obligation is incurred. The nature of these restoration activities includes dismantling and removing structures, rehabilitating mines and tailings dams, dismantling operating facilities, closure of plant and waste sites, and restoration, reclamation and re-vegetation of affected areas.

The obligation generally arises when the asset is installed or the ground environment is disturbed at the production location. When the liability is initially recognized, the present value of the estimated cost is capitalized by increasing the carrying amount of the related mining assets. Over time, the discounted liability is increased for the change in present value based on the discount rates that reflect current market assessments and the risks specific to the liability. The periodic unwinding of the discount is recognized in the consolidated statements of comprehensive income as a finance cost. Additional disturbances or changes in rehabilitation costs will be recognized as additions or charges to the corresponding assets and rehabilitation liability when they occur. For closed sites, changes to estimated costs are recognized immediately in the consolidated statement of comprehensive income.

#### Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at inception date. It requires consideration as to whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset. A reassessment is made after inception of the lease only if one of the following applies:

- a. There is a change in contractual terms, other than a renewal or extension of the arrangement;

- b. A renewal option is exercised or extension granted, unless the term of the renewal or extension was initially included in the lease term;
- c. There is a change in the determination of whether fulfillment is dependent on a specified asset; or
- d. There is a substantial change to the asset.

Where a reassessment is made, lease accounting shall commence or cease from the date when the change in circumstances gave rise to the reassessment for scenarios (a), (c) or (d) and at the date of the renewal or extension period for scenario (b).

A lease is classified as an operating lease if it does not transfer substantially all of the risks and rewards incidental to ownership. Operating lease payments are recognized in cost of coal sales under "Outside Services" in the consolidated statements of comprehensive income on a straight line basis over the lease term.

#### Foreign Currency Transactions and Translation

The Group's financial statements are presented in Philippine peso, which is also the functional currency. Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rate at reporting date. All differences are taken to the consolidated statement of comprehensive income.

#### Equity

The Group records common stocks at par value and amount of contribution in excess of par value is accounted for as an additional paid-in capital. Incremental costs incurred directly attributable to the issuance of new shares are deducted from proceeds.

Retained earnings represent accumulated earnings of the Group less dividends declared, if any. Dividends on common stocks are recognized as a liability and deducted from equity when they are declared. Dividends for the year that are approved after reporting date are dealt with as an event after reporting date. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

#### Earnings per Share

Basic earnings per share (EPS) is computed by dividing the net income for the year attributable to common shareholders (net income for the period less dividends on convertible redeemable preferred shares) by the weighted average number of common shares issued and outstanding during the year and adjusted to give retroactive effect to any stock dividends declared during the period.

Diluted EPS is computed by dividing the net income for the year attributable to common shareholders by the weighted average number of common shares outstanding during the year adjusted for the effects of dilutive convertible redeemable preferred shares. Diluted EPS assumes the conversion of the outstanding preferred shares. When the effect of the conversion of such preferred shares is anti-dilutive, no diluted EPS is presented.

#### Operating Segments

The Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit

that offers different products and serves different markets. The Group generally accounts for intersegment revenues and expenses at agreed transfer prices. Income and expenses from discontinued operations are reported separate from normal income and expenses down to the level of income after taxes. Financial information on operating segments is presented in Note 33 to the consolidated financial statements.

#### Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but disclosed when an inflow of economic benefits is probable.

#### Events after Reporting Date

Post year-end events up to the date of the auditors' report that provides additional information about the Group's position at reporting date (adjusting events) are reflected in the consolidated financial statements. Any post year-end event that is not an adjusting event is disclosed when material to the consolidated financial statements.

---

### **3. Significant Accounting Judgments, Estimates and Assumptions**

The preparation of the accompanying consolidated financial statements in conformity with PFRS requires management to make judgments, estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The judgments, estimates and assumptions used in the accompanying consolidated financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the consolidated financial statements. Actual results could differ from such estimates.

#### Judgment

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations which have the most significant effect on the amounts recognized in the consolidated financial statements:

*a. Determining functional currency*

The Group, based on the relevant economic substance of the underlying circumstances, has determined its functional currency to be the Philippine Peso. It is the currency of the economic environment in which the Group primarily operates.

*b. Operating lease commitments - the Group as lessee*

The Group has entered into various contract of lease for space, and mining and transportation equipment. The Group has determined that all significant risks and benefits of ownership on these properties will be retained by the lessor. In determining significant risks and benefits of ownership, the Group considered the substance of the transaction rather than the form of the contract (See Note 31).

*c. Exploration and evaluation expenditure*

The application of the Group's accounting policy for exploration and evaluation expenditure requires judgment to determine whether future economic benefits are likely, from either future exploitation or sale, or whether activities have not reached a stage that permits a reasonable assessment of the existence of reserves.

*d. Stripping costs*

The Group incurs waste removal costs (stripping costs) during the development and production phases of its surface mining operations. During the production phase, stripping costs (production stripping costs) can be incurred both in relation to the production of inventory in that period and the creation of improved access and mining flexibility in relation to ore to be mined in the future. The former are included as part of the costs of inventory, while the latter are capitalized as a stripping activity asset, where certain criteria are met. Significant judgment is required to distinguish between development stripping and production stripping and to distinguish between the production stripping that relates to the extraction of inventory and what relates to the creation of a stripping activity asset.

Once the Group has identified its production stripping for each surface mining operation, it identifies the separate components of the coal bodies for each of its mining operations. An identifiable component is a specific volume of the coal body that is made more accessible by the stripping activity. Significant judgment is required to identify and define these components, and also to determine the expected volumes of waste to be stripped and coal body to be mined in each of these components. These assessments are undertaken for each individual mining operation based on the information available in the mine plan. The mine plans and, therefore, the identification of components, will vary between mines for a number of reasons. These include, but are not limited to, the type of commodity, the geological characteristics of the coal body, the geographical location and/or financial considerations.

Judgment is also required to identify a suitable production measure to be used to allocate production stripping costs between inventory and any stripping activity asset(s) for each component. The Group considers that the ratio of the expected volume of waste to be stripped for an expected volume of ore to be mined for a specific component of the coal body, is the most suitable production measure.

Furthermore, judgments and estimates are also used to apply the units of production method in determining the depreciable lives of the stripping activity asset.

*e. Contingencies*

The Group is currently involved in various legal proceedings. The estimate of the probable costs for the resolution of these claims has been developed in consultation with outside counsel handling the Group's defense in these matters and is based upon an analysis of potential results. The Group currently does not believe that these proceedings will have a material adverse effect on its financial position. It is possible, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings (see Note 28).

Management's Use of Estimates and Assumptions

The key assumptions concerning the future and other sources of estimation uncertainty at reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

*a. Revenue recognition*

The Group's revenue recognition policies require management to make use of estimates and assumptions that may affect the reported amounts of the revenues and receivables.

The Group's coal sales arrangement with its customers includes reductions of invoice price to take into consideration charges for penalties and bonuses. These price adjustments depend on the estimated quality of the delivered coal. These estimates are based on final coal quality analysis on delivered coal using American Standards for Testing Materials.

There is no assurance that the use of estimates may not result in material adjustments in future periods.

The amounts of revenue from coal sales are disclosed in Note 33.

*b. Estimating allowance for doubtful accounts*

The Group maintains an allowance for doubtful accounts at a level considered adequate to provide for potential uncollectible receivables. The level of this allowance is evaluated by management on the basis of factors that affect the collectibility of the accounts. These factors include, but are not limited to debtors' ability to pay all amounts due according to the contractual terms of the receivables being evaluated, historical experience and any regulatory actions. The Group regularly performs a review of the age and status of receivables and identifies accounts that are to be provided with allowance.

The amount and timing of recorded impairment loss for any period would differ if the Group made different judgments or utilized different estimates. An increase in the allowance for doubtful accounts would increase the recorded operating expenses and decrease the current assets.

The above assessment resulted to an additional allowance of ₱443.65 million in 2013 and reversal of ₱9.56 million in 2012.

The allowance for doubtful accounts for Receivables is disclosed in Notes 5.

*c. Estimating stock pile inventory quantities*

The Group estimates the stock pile inventory by conducting a topographic survey which is performed by in-house surveyors and third-party surveyors. The survey is conducted on a monthly basis with a reconfirmatory survey at year end. The process of estimation involves a predefined formula which considers an acceptable margin of error of plus or minus 3%. Thus, an increase or decrease in the estimation threshold for any period would differ if the Group utilized different estimates and this would either increase or decrease the profit for the year.

The amount of coal pile inventory is disclosed in Note 6.

*d. Estimating allowance for obsolescence in spare parts and supplies*

The Group estimates its allowance for inventory obsolescence in spare parts and supplies based on periodic specific identification. The Group provides 100% allowance for obsolescence on items that are specifically identified as obsolete.

The amount and timing of recorded inventory obsolescence for any period would differ if the Group made different judgments or utilized different estimates. An increase in the allowance for inventory obsolescence would increase the Group's recorded operating expenses and decrease its current assets.

The carrying amount of spare parts and supplies is disclosed in Note 6.

e. *Estimating development costs*

Development costs are capitalized in accordance with the accounting policy. Initial capitalization of costs is based on management's judgment that technological and economical feasibility is confirmed. In determining the amounts to be capitalized, management makes assumptions regarding the expected future cash generation of the project, discount rates to be applied and the expected period of benefits.

Capitalized development costs are disclosed in Note 11.

f. *Estimating decommissioning and site rehabilitation costs*

The Group is legally required to fulfill certain obligations under its Department of Environment and Natural Resources (DENR) issued Environmental Compliance Certificate when it abandons depleted mine pits and under Section 8 of the Land Lease Agreement upon its termination or cancellation. Significant estimates and assumptions are made in determining the provision for decommissioning and site rehabilitation as there are numerous factors that will affect the ultimate liability. These factors include estimates of the extent and costs of rehabilitation activities, technological changes, regulatory changes, cost increases, and changes in discount rates. Those uncertainties may result in future actual expenditure differing from the amounts currently provided. An increase in decommissioning and site rehabilitation costs would increase the production cost and increase noncurrent liabilities. The provision at reporting date represents management's best estimate of the present value of the future rehabilitation costs required. Assumptions used to compute the decommissioning and site rehabilitation costs are reviewed and updated annually.

The estimated provision for decommissioning and site rehabilitation is disclosed in Note 15.

g. *Estimating useful lives of property, plant and equipment and computer software (except land)*

The Group estimated the useful lives of its property, plant and equipment and computer software based on the period over which the assets are expected to be available for use. The Group reviews annually the estimated useful lives of property, plant and equipment and computer software based on factors that include asset utilization, internal technical evaluation, and technological changes, environmental and anticipated use of the assets. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned.

In 2013, management has determined that components of Unit 2 of its power plant will have to be dismantled and repaired in the first quarter of 2014. These components have original useful lives of 2-15 years in the books. Because of the planned activity, management has accelerated the depreciation of these components and recognized an additional depreciation of ₱1.11 billion in 2013.

The carrying values of the property, plant and equipment and computer software are disclosed in Notes 8 and 11, respectively.

h. *Estimating impairment for nonfinancial assets*

The Group assesses impairment on property, plant and equipment, computer software and input VAT withheld whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

The factors that the Group considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

As described in the accounting policy, the Group estimates the recoverable amount as the higher of the assets fair value and value in use. In determining the present value of estimated future cash flows expected to be generated from the continued use of the assets, the Group is required to make estimates and assumptions that can materially affect the consolidated financial statements.

The carrying values of the property, plant and equipment, computer software and input VAT withheld are disclosed in Notes 8 and 11, respectively.

*i. Deferred tax assets*

The Group reviews the carrying amounts of deferred tax assets at each reporting date. Deferred tax assets, including those arising from unutilized tax losses require management to assess the likelihood that the Group will generate taxable earnings in future periods, in order to utilize recognized deferred tax assets. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Group to realize the net deferred tax assets recorded at reporting date could be impacted.

In 2013 and 2012, the Group has various deductible temporary differences from which no deferred tax assets have been recognized as these are expected to be reversed within the period of the operating activities (see Note 25).

*j. Estimating pension and other employee benefits*

The cost of defined benefit pension plan and the present value of the pension liabilities are determined using actuarial valuations. The actuarial valuation involves making various assumptions. These assumptions are described in Note 19 and include among others, the determination of the discount rates and future salary increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

In determining the appropriate discount rate, management considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. Future salary increases are based on expected future inflation rates and other relevant factors.

The mortality rate is based on publicly available mortality tables for the specific country and is modified accordingly with estimates of mortality improvements. Future salary increases and pension increases are based on expected future inflation rates.

#### 4. Cash and Cash Equivalents

This account consists of:

	2013	2012
Cash on hand and in banks	<b>₱3,302,824,538</b>	₱520,098,757
Cash equivalents	<b>1,516,482,727</b>	14,292,017
	<b>₱4,819,307,265</b>	₱534,390,774

Cash in banks earns interest at the respective bank deposit rates. Cash equivalents include short-term placements made for varying periods of up to three months depending on the immediate cash requirements of the Group and earn interest at the respective prevailing short-term placement rates ranging from 1.00% to 4.63% in 2013 and 2012, respectively.

In 2013, 2012 and 2011, total interest income earned from cash and cash equivalents amounted to ₱13.77 million, ₱63.70 million and ₱123.35 million, respectively (see Note 23).

#### 5. Receivables

This account consists of:

	2013	2012
Trade receivables - outside parties	<b>₱4,393,716,197</b>	₱3,447,400,981
Trade receivables - related parties (Note 18)	<b>75,553,612</b>	90,003,952
Others	<b>65,371,369</b>	103,777,943
	<b>4,534,641,178</b>	3,641,182,876
Less allowance for doubtful accounts	<b>502,989,241</b>	59,339,161
	<b>₱4,031,651,937</b>	₱3,581,843,715

##### *Trade receivables - outside parties*

Receivables from electricity sales are claims from power distribution utilities, spot market and other customers for the sale of contracted energy and spot sales transactions. These are generally on a 30-day credit term and are carried at original invoice amounts less discounts and rebates.

Receivables from coal sales are noninterest-bearing and generally have 30 - 45 days' credit terms.

- Export sales - coal sold to international market which is priced in US Dollar.
- Local sales - coal sold to domestic market which is priced in Philippine Peso.

##### *Trade receivables - related parties*

Receivables from related parties are noninterest-bearing and collectible over a period of one year.

##### *Others*

Others include advances to site contractors, officers, employees and receivable from sale of fly ashes. These are generally non-interest bearing and are collectible over a period of one year.

Movements in the allowance for doubtful accounts are as follows:

	2013		
	Trade receivables - outside parties	Other Receivables	Total
At January 1	₱53,523,802	₱5,815,359	₱59,339,161
Provision (Note 21)	443,650,080	–	443,650,080
At December 31	₱497,173,882	₱5,815,359	₱502,989,241
Individual impairment	₱497,173,882	₱5,815,359	₱502,989,241
Gross amounts of individually impaired receivables	₱497,173,882	₱5,815,359	₱502,989,241

Provision for doubtful accounts is included in the “Operating Expenses” in the consolidated statements of comprehensive income (see Note 21).

	2012		
	Trade receivables - outside parties	Other Receivables	Total
At January 1	₱53,523,802	₱15,367,488	₱68,891,290
Reversals (Note 24)	–	(9,552,129)	(9,552,129)
At December 31	₱53,523,802	₱5,815,359	₱59,339,161
Individual impairment	₱53,523,802	₱5,815,359	₱59,339,161
Gross amounts of individually impaired receivables	₱53,523,802	₱5,815,359	₱59,339,161

In 2012, the Group directly wrote-off trade receivables amounting to ₱59.36 million and recorded this as part of provision for doubtful accounts (see Note 21).

## 6. Inventories

This account consists of:

	2013	2012
Coal pile inventory at cost	₱1,938,051,785	₱2,404,009,092
Spare parts and supplies at NRV	2,691,508,783	3,255,580,261
	<b>₱4,629,560,568</b>	<b>₱5,659,589,353</b>

During 2013, the Group provided allowance for inventory obsolescence for nonmoving spare parts and supplies amounting to ₱4.12 million. None was recorded in 2012. As of December 31, 2013 and 2012, allowance for inventory obsolescence amounted to ₱57.41 million and ₱53.27 million, respectively. Provision for inventory obsolescence is recorded under “Materials and supplies” of cost of coal sales (see Note 20).

Coal pile inventory are stated at cost, which is lower than NRV. The cost of coal inventories recognized as cost of goods sold in the consolidated statements of comprehensive income amounted to ₱8.66 billion, ₱9.83 billion and ₱11.10 billion for each of the three years for the period ended December 31, 2013, 2012 and 2011, respectively (see Note 20).

Spare parts and supplies transferred to Construction in Progress under “Property, plant and equipment” in the consolidated statements of financial position amounted to nil and ₱0.22 billion in 2013 and 2012, respectively (see Note 8). Coal pile inventory at cost included capitalized depreciation of ₱0.12 billion and ₱0.19 billion in 2013 and 2012, respectively (see Note 8).

## 7. Other Current Assets

This account consists of:

	2013	2012
Advances to suppliers	₱743,277,544	₱1,378,306,258
Creditable withholding tax	505,361,225	495,459,369
Prepaid rent (Notes 11 and 31)	4,544,839	4,510,890
Others	66,502,130	57,653,561
	<b>₱1,319,685,738</b>	<b>₱1,935,930,078</b>

### *Advances to suppliers*

Advances to suppliers account represent payments made in advance for the construction in progress and acquisition of materials and supplies. These advances are applied against supplier billing which normally occurs within one year from the date the advances have been made.

### *Creditable withholding tax*

Creditable withholding tax pertains to the amount withheld by the Group’s customers from their income payment. This will be claimed as tax credit and will be used against future income tax payable.

### *Others*

Others include prepayments on insurance and taxes.

## 8. Property, Plant and Equipment

The rollforward of this account follow:

	2013						
	Land	Mining, Tools and Other Equipment	Power Plant and Buildings	Roads and Bridges	Equipment in Transit and Construction in Progress	Mine Properties (Note 15)	Total
<b>At Cost</b>							
At January 1	₱376,605,100	₱15,029,849,283	₱18,285,364,211	₱365,683,504	₱5,758,633,831	₱-	₱39,816,135,929
Additions	206,369	1,107,543,469	166,401,954	-	7,623,590,853	133,188,944	9,030,931,589

Equipment in transit and construction in progress accounts mostly contains purchased mining equipments that are in transit and various buildings and structures that are under construction as of December 31, 2013 and 2012. In 2013 and 2012, construction in progress includes capitalized rehabilitation costs for Units 1 and 2 of SCPC's power plant and construction of SLPGC's 2 x 150 megawatt (MW) coal-fired thermal power plant. The rehabilitation of Unit 1 of SCPC power plant was completed in January 2013 and the rehabilitation of Unit 2 of SCPC power plant is expected to be completed in the first quarter of 2014.

The capitalized borrowing cost included in the construction in progress account amounted to ₱101.38 million and ₱11.01 million on December 31, 2013 and 2012, respectively. The average capitalization rate is 3.36% and 3.50% in 2013 and 2012 (see Note 13).

Mine properties pertain to the expected decommissioning and site rehabilitation costs of Panian minesite and dismantling of mining machineries and conveyor belts at the end of its life (see Note 15).

In 2013, 2012 and 2011, the Group sold various equipment at a gain amounting to ₱0.14 million, ₱127.49 million and ₱53.55 million, respectively (see Note 24).

The Group incurred a loss from property, plant and equipment writedown due to the replacement of generation units and retirement of mining equipment amounting to ₱0.45 billion and ₱0.34 billion in 2013 and 2012, respectively (see Note 21).

The cost of fully depreciated assets that are still in use amounted to ₱11.30 billion and ₱7.59 billion as of December 31, 2013 and 2012, respectively.

As security for timely payment, discharge, observance and performance of the loan provisions, SCPC creates, establishes, and constitutes in favor of the Security Trustee, for the benefit of all secured parties, a first ranking real estate and chattel mortgage on present and future real assets and chattels owned by SCPC with carrying values of ₱14.72 billion and ₱16.46 billion as of December 31, 2013 and 2012, respectively.

The construction of SLPGC's coal-fired power plant commenced in the early part of 2012. As of December 31, 2013, the Group expects to spend ₱17.70 billion to complete the power plant in the early part of 2015.

## 9. Investment in Sinking Fund

In a special meeting of the BOD of SCPC held on March 9, 2010, the BOD authorized SCPC to establish, maintain, and operate trust and investment management accounts with Banco de Oro Unibank, Inc. (BDO), - Trust and Investment Group. The Omnibus Agreement provided that the Security Trustee shall invest and reinvest the monies on deposit in Collateral Accounts (see Note 13). All investments made shall be in the name of the Security Trustee and for the benefit of the Collateral Accounts. BDO Unibank, Inc. - Trust and Investment Group made an Investment in Sinking Fund amounting ₱517.60 million and ₱508.04 million as of December 31, 2013 and 2012, respectively.

Interest from sinking fund amounted to ₱12.17 million, ₱17.21 million and ₱5.53 million in 2013, 2012 and 2011, respectively (see Note 23).

## 10. Exploration and Evaluation Asset

In 2013, the Parent Company incurred costs related to exploratory drilling and activities in Bobog minesite amounting to ₱348.15 million.

## 11. Other Noncurrent Assets and Other Noncurrent Liabilities

### Other Noncurrent Assets

	2013	2012
Input VAT	<b>₱974,897,425</b>	₱180,511,524
Advances to contractors (Note 18)	<b>354,321,064</b>	826,341,454
Five percent (5%) input value-added tax (VAT) withheld - net of allowance for impairment losses of ₱25.98 million in 2013 and ₱87.52 million in 2012	<b>164,526,094</b>	102,976,730
Prepaid rent (Note 31)	<b>94,450,487</b>	98,930,629

Others	<b>8,522,345</b>	31,905,807
	<b>1,639,861,187</b>	1,244,543,911
Less current portion of prepaid rent (Note 7)	<b>4,544,839</b>	4,510,890
	<b>₱1,635,316,348</b>	₱1,240,033,021

#### *Input VAT*

Input VAT represents VAT imposed on the Group by its suppliers and contractors for the acquisition of goods and services required under Philippine taxation laws and regulations. Input VAT is applied against Output VAT. The balance is recoverable in future periods.

#### *Advances to contractors*

Advances to contractors account represent payments made in advance for the ongoing construction. The advances shall be settled through recoupment against the contractors' billings.

#### *Five percent (5%) input VAT withheld*

As a result of the enactment of RA No. 9337 effective November 1, 2005, National Power Corporation (NPC) started withholding the required 5% input VAT on the VAT exempt coal sales. On March 7, 2007, the Parent Company obtained a ruling from the Bureau of Internal Revenue (BIR) which stated that the sale of coal remains exempt from VAT. In 2007, the Parent Company filed a total claim for refund of ₱190.50 million from the BIR representing VAT erroneously withheld by NPC from December 2005 to March 2007, which eventually was elevated to the Court of Tax Appeals (CTA). On October 13, 2009, CTA granted the Parent Company's petition for a refund on erroneously withheld VAT initially on December 2005 sales amounting to ₱11.85 million. The Commissioner of BIR moved for reconsideration of the CTA's Decision. On November 21, 2009, the Parent Company filed its comment thereon. On August 10, 2010, the CTA issued a Writ of Execution on its decision dated October 13, 2009 and was served to BIR on August 13, 2010.

In 2011, the CTA rendered a decision granting the Parent Company's petition for refund or issuance of tax credit certificate (TCC) in the total amount of ₱178.65 million. The Commissioner of BIR filed a motion for reconsideration which was denied in a Resolution executed by the CTA. The Commissioner of BIR filed for a Petition for Review with the CTA En Banc.

In 2012, CTA En Banc rendered a decision dismissing the petition for review for the lack of merit on ₱163.36 million refund.

In 2012, management has estimated that the refund will be recovered after ten (10) to fifteen (15) years. Consequently, the claim for tax refund was provided with provision for impairment losses amounting to ₱47.15 million (see Note 21).

On January 30, 2013, the Supreme Court denied the BIR Commissioner's Petition for Review. Subsequently, the latter filed a Motion for Reconsideration with the Supreme Court. On June 19, 2013, the Supreme Court denied such petition of Motion for Consideration with finality. On September 18, 2013, Entry of Judgment was issued by the Supreme Court in GR No. 203621. On January 21, 2014, a "Notice of Resolution" was received from the Court of Tax Appeals citing that "It is appearing that the Resolution of the Supreme Court dated January 30, 2013 has already become final and executory and Entry of Judgment was already issued by the Supreme Court on September 19, 2013, herein the Parent Company is entitled as a matter of right to a writ of execution. It, therefore, becomes the ministerial duty of CTA to issue a writ of execution".

Because of the above developments, management reassessed the timeline of collection to be in 5 years (instead of 15 years). A re-estimation of the realizable value was made by the management using discounted cash flows with the assumption of collection in 5 years and discount rate of 2.91%. This resulted to a reversal of ₱61.55 million provision for impairment loss reflected as "Other income" in the consolidated statements of comprehensive income (see Note 24.)

Movements in allowance for impairment losses of the 5% input VAT withheld:

	2013	2012
At January 1	<b>₱87,525,052</b>	₱40,374,335
Provision (Note 21)	-	47,150,717
Reversal (Note 24)	<b>(61,549,364)</b>	-
At December 31	<b>₱25,975,688</b>	₱87,525,052

*Capitalized development costs*

In 2013, SCI has capitalized development expenditures amounting to ₱37.96 million. Development costs for goods, commodities, wares and merchandise including potter earthenware, stoneware, bricks, tiles, roofs and other merchandise produce from clay are recognized as an intangible asset.

*Prepaid rent*

Prepaid rent under other noncurrent assets pertain to the long-term portion of rent of SCPC to PSALM on December 2, 2009 for the 25 years lease of land. Long-term portion of the prepaid rent amounted to ₱89.91 million and ₱94.42 million in 2013 and 2012, respectively (see Note 31).

*Computer software - net*

Movements in computer software account follow:

	2013	2012
<b>At Cost</b>		
At January 1	₱24,847,737	₱23,795,671
Additions	4,936,722	1,052,066

<b>Accumulated Amortization</b>		
At January 1	22,469,970	18,062,712
Amortization (Note 20)	3,633,560	4,407,258
At December 31	<b>26,103,530</b>	22,469,970
<b>Net Book Value</b>	<b>₱3,680,929</b>	₱2,377,767

*Environmental Guarantee Fund*

Environmental guarantee fund represents the funds designated to cover all costs attendant to the operation of the Multi-partite Monitoring Team of the Group's environmental unit.

*Others*

Others include various types of deposits and prepaid taxes which are recoverable over more than one year.

Other Noncurrent Liabilities

Other noncurrent liabilities pertain to the retention contract payment that is being withheld from the contractors as guaranty for any claims against them. As of December 31, 2013 and 2012, retention payable amounted to ₱723.35 million and ₱57.94 million, respectively.

**12. Short-term Loans**

Short-term loans represent various unsecured promissory notes from local banks with interest rates ranging from 1.17% to 3.00% and 1.04% to 1.18% in 2013 and 2012, respectively, and are payable within one year.

The carrying amount of these short-term loans as of December 31, 2013 and 2012 amounted to ₱1.66 billion and ₱0.18 billion, respectively.

The interest expense on these short-term loans recognized under "Finance Cost" amounted to ₱101.83 million, ₱30.14 million and ₱30.48 million in 2013, 2012 and 2011, respectively (see Note 22).

### 13. Long-term Debt

This account consists of long-term debt availed by the Group as follows:

	2013	2012
Mortgage payable	<b>₱11,017,948,783</b>	₱7,404,190,124
Bank loans	<b>4,790,697,568</b>	4,775,083,552
	<b>15,808,646,351</b>	12,179,273,676

	<b>2,151,158,019</b>	5,182,961,376
	<b>₱13,657,488,332</b>	₱6,996,312,300

#### Mortgage Payable

##### *SLPGC*

On February 4, 2012, SLPGC entered into an ₱11.50 billion Omnibus Agreement with Banco de Oro, Unibank (BDO), Bank of the Philippine Island (BPI) and China Banking Corporation (CBC) as Lenders. As security for the timely payment of the loan and prompt observance of all the provision of the Omnibus Agreement, the 67% of issued and outstanding shares of SLPGC owned by the Parent Company were pledged on this loan. The proceeds of the loan are used for the engineering, procurement and construction of 2 x 150 MW coal-fired thermal power plant.

Breakdown of the syndicated loan is as follows:

BDO	₱6,000,000,000
BPI	3,000,000,000
CBC	2,500,000,000
	<b>₱11,500,000,000</b>

Details of the loan follow:

- a. Interest: At applicable interest rate (PDST-F + Spread or BSP Overnight Rate, whichever is higher). Such interest shall accrue from and including the first day of each interest period up to the last day of such interest period. The Facility Agent shall notify all the Lenders of any adjustment in an interest payment date at least three banking days prior to the adjusted interest payment date.
- b. Repayment: The principal amount shall be paid in twenty-seven equal consecutive quarterly installments commencing on the fourteenth quarter from the initial borrowing date. Final repayment date is ten (10) years after initial borrowing.

The first drawdown was made on May 24, 2012 amounting to ₱550.00 million. While in April and November of 2013, second and third drawdowns were made which amounted to ₱2.89 billion and ₱2.26 billion, respectively. As of December 31, 2013 and 2012, amortization of debt issuance cost recognized as part of "Property, plant and equipment" account in the consolidated statements of financial position amounted to ₱2.33 million and ₱0.24 million, respectively.

Rollforward of debt issuance cost follows:

	2013	2012
At January 1	<b>₱2,505,839</b>	₱-
Additions	<b>25,757,187</b>	2,750,000
Amortization	<b>(2,326,784)</b>	(244,161)
At December 31	<b>₱25,936,242</b>	<b>₱2,505,839</b>

Mortgage payable by SLPGC provide certain restrictions and requirements with respect to, among others, maintain and preserve its corporate existence, comply with all of its material obligations under the project agreements, maintain at each testing date a Debt-to-Equity ratio not exceeding two times, grant loans or make advances and disposal of major property. These restrictions and requirements were complied with by SLPGC as of December 31, 2013 and 2012.

Provision in the loan indicates that the borrower shall pay to the lenders, a commitment fee equivalent to one-half (1/2%) per annum of any portion of a scheduled drawdown amount that remains undrawn after the lapse of the relevant scheduled drawdown month. As of December 31, 2013 and 2012, SLPGC has paid commitment fee amounting to ₱6.99 million and ₱2.30 million, respectively and these were recognized under the “Finance costs” account in the consolidated statements of comprehensive income.

The amount of undrawn borrowing facilities that maybe available in the future amounts to ₱5.80 billion.

#### *SCPC*

On May 20, 2010, SCPC entered into a ₱9.60 billion Omnibus Loan Security Agreement (“Agreement”) with BDO, BPI and Philippine National Bank (PNB) as Lenders, the Parent Company as Guarantor, BDO Capital and Investment Corporation as Lead Arranger and Sole

Bookrunner, BPI Capital Corporation and PNB Capital and Investment Corp. as Arrangers, and BDO Unibank, Inc., Trust and Investments Group as Security Trustee, Facility Agent and Paying Agent. The loan was fully drawn by SCPC on the same date.

Mortgage payable by SCPC was collateralized by all monies in the Collateral accounts, supply receivables, proceeds of any asset and business continuity insurance, project agreements and first-ranking mortgage on present and future real assets. Further, 67% of issued and outstanding shares in SCPC owned by the Parent Company were also pledged on this loan.

Breakdown of the syndicated loan is as follows:

BDO Unibank	₱6,000,000,000
BPI	2,000,000,000
PNB	1,600,000,000
	<b>₱9,600,000,000</b>

The Agreement was entered into to finance the payments made to PSALM pursuant to the APA and LLA, and ongoing plant rehabilitation and capital expenditures.

Details of the loan follow:

- a. Interest: At a floating rate per annum equivalent to the three (3) months Philippine Dealing System Treasury-Fixing (PDST-F) benchmark yield for treasury securities as published on the PDEX page of Bloomberg (or such successor electronic service provider at approximately 11:30 a.m. (Manila Time) on the banking day immediately preceding the date of initial borrowing or start of each interest period, as applicable, plus a spread of 175 basis points.
- b. Repayment: The principal amount shall be payable in twenty-five equal consecutive quarterly installments commencing on the twelfth month from the initial borrowing date. Final repayment date is seven (7) years after initial borrowing.

Rollforward of the deferred finance cost follows:

	2013	2012
At January 1	₱55,304,037	₱82,427,224
Amortization	(21,751,583)	(27,123,187)
At December 31	₱33,552,454	₱55,304,037

Amortization of debt finance cost recognized under “Finance cost” account in the consolidated statements of comprehensive income amounted to ₱21.75 million, ₱27.12 million and ₱22.42 million for the years 2013, 2012 and 2011, respectively (see Note 22).

As of December 31, 2013, there is no more available borrowing facility that can be drawn.

#### 14. Trade and Other Payables

This account consists of:

	2013	2012
Trade:		
Payable to suppliers and contractors	<b>₱3,256,554,439</b>	₱4,417,579,065
Related parties (Note 18)	<b>878,822,345</b>	709,496,525
Payable to DOE and local government units (LGU) (Note 27)	<b>877,947,530</b>	1,007,849,324
Output VAT Payable	<b>738,950,745</b>	489,766,685
Accrued expenses and other payables	<b>432,381,485</b>	188,453,616
	<b>₱6,184,656,544</b>	<b>₱6,813,145,215</b>

*Trade payable to suppliers and contractors*

Trade payable to contractors arises from progress billings of completed work. Trade payables to suppliers and contractors include liabilities amounting to ₱317.93 million (US\$7.75 million) and ₱468.08 million (US\$10.68 million) as of December 31, 2013 and 2012, respectively, to various foreign suppliers for open account purchases of equipment and equipment parts and supplies.

Trade payables are noninterest-bearing and are normally settled on 30- to 60-day credit terms.

*Payable to DOE and LGU*

Payable to DOE and LGU represent the share of DOE and LGU in the gross revenue of the Parent Company's coal production computed in accordance with the Coal Operating Contract (COC) between the Parent Company, DOE and LGU dated July 11, 1977 and as amended on January 16, 1981 (see Note 27).

*Output VAT*

Output VAT pertains to the VAT due on the sale of electricity.

*Accrued expenses and other payables*

Details of the accrued expenses and other payables account follow:

	2013	2012
Withholding and other taxes	₱93,592,713	₱57,750,472
Shipping cost	89,536,340	-
Interest	63,514,926	47,372,794
Financial benefit payable	43,588,841	13,590,642
Salaries and wages	31,682,830	11,641,106
Rental (Note 18)	27,933,675	15,259,799
Professional fees	3,279,972	8,538,640
Real property tax	-	12,745,030
Others	79,252,188	21,555,133
	<b>₱432,381,485</b>	<b>₱188,453,616</b>

Accrued expenses and other payables are noninterest-bearing and are normally settled on a 30- to 60-day terms.

*Financial benefit payable*

As mandated by the R.A. 9136 or the Electric Power Industry Reform Act (EPIRA) of 2001 and the Energy Regulations No. 1-94, issued by Department of Energy (DOE), the BOD authorized the Group on June 10, 2010 to enter and execute a Memorandum of Agreement with the DOE relative to or in connection with the establishment of Trust Accounts for the financial benefits to the host communities equal to ₱0.01 per kilowatt hour generated.

*Others*

Others include accruals on contracted services, utilities, supplies and other administrative expenses.

## 15. Provision for Decommissioning and Site Rehabilitation

	2013	2012
At January 1	₱62,448,101	₱47,582,228
Additions (Note 8)	133,188,944	5,265,925
Accretion of interest (Note 22)	867,006	9,599,948
At December 31	<b>₱196,504,051</b>	<b>₱62,448,101</b>

Discount rates used by the Group to compute for the present value of liability for decommissioning and site rehabilitation cost are from 5.79% to 8.77% in 2012 and 3.63% to 4.63% in 2013.

Additions pertain to the effects of changes in estimates as to the extent and costs of rehabilitation activities, cost increases and changes in discount rates based on relative prevailing market rates.

## 16. Capital Stock

The details of the Parent Company's capital stock as of December 31, 2013 and 2012 are as follows:

	Shares	Amount
Capital stock - ₱1 par value		
Authorized	1,000,000,000	₱1,000,000,000
Issued and outstanding		
Balance at beginning and end of year	356,250,000	356,250,000

On November 28, 1983, the SEC approved the issuance and public offering of 55.00 billion common shares of the Parent Company at an offer price of ₱0.01 per share. Additional public offering was also approved by SEC on February 4, 2005 for 46.87 million common shares at an offer price of ₱36.00 per share.

As of December 31, 2013, the Parent Company has 356.25 million common shares issued and outstanding which were owned by 663 shareholders.

### *Capital Stock*

The Parent Company's track record of capital stock is as follows:

	Number of shares registered	Issue/offer price	Date of approval	Number of holders as of year - end
At January 1, 2001	1,630,970,000	₱1/share		
Add (deduct):				
Additional issuance	19,657,388	₱1/share	July 2, 2004	
Conversion of preferred shares to common shares	225,532	₱1/share	July 2, 2004	
Decrease in issued and outstanding common shares from capital restructuring	(1,625,852,920)			
Share dividends	225,000,000	₱1/share	July 2, 2004	
Public offering additional issuance	46,875,000	₱36/share	February 4, 2005	
December 31, 2010	296,875,000			632
Add: Share rights offering	59,375,000	₱74/share	June 10, 2010	7

(Forward)

	Number of shares registered	Issue/offer price	Date of approval	Number of holders as of year - end
December 31, 2011	356,250,000			639
Add: Movement	-			24
December 31, 2012	356,250,000			663
Add: Movement	-			-
December 31, 2013	356,250,000			663

#### Share Rights Offering

On June 10, 2010, the Parent Company offered for subscription 59.38 million Rights Shares to eligible existing common shareholders at the Offer Price of ₱74.00 per share. The Rights Shares were issued from the Parent Company's authorized but unissued shares of stock. Each eligible stockholder was entitled to subscribe to one Rights Share for every five Common Shares held as of the Record Date at an Offer Price of ₱74.00 per Rights Share. Net proceeds from the share rights offering amounted to about ₱4.39 billion. The amount representing excess of offer price over the par value of the share offering amounting to about ₱4.33 billion was credited to additional paid-in capital for the year ended December 31, 2010.

#### Deposit on Future Stock Subscriptions

On December 1, 2009, DMCI-HI and Dacon Corporation (Dacon) advanced deposits on future stock subscriptions which aggregated to ₱5.40 billion. These advances were used in the reissuance of treasury shares on April 8, 2010 and share rights offering on June 10, 2010.

#### Shares Held in Treasury

The number of shares held in treasury is 19.30 million amounting to ₱528.89 million as of December 31, 2009. On April 8, 2010, the Parent Company reissued all of its treasury shares to Dacon at ₱67.00 per share or a total of ₱1.29 billion. The excess of the proceeds over the total cost of the treasury is included under additional paid-in capital in the amount of ₱764.36 million.

On July 7, 2005, the BOD approved the buyback of the Parent Company's shares aggregating 40.00 million shares which begun on August 15, 2005 until December 31, 2005. On January 11, 2006, the BOD approved to extend its buyback program for a period of 60 days starting January 12, 2006 under the same terms and conditions as resolved by the BOD last July 7, 2005, provided that the total number of shares to be reacquired shall in no case exceed 15.00 million shares.

## **17. Retained Earnings**

Retained earnings amounting to ₱13.10 billion and ₱9.86 billion as of December 31, 2013 and 2012, respectively, include the accumulated equity in undistributed net earnings of subsidiaries. The amounts are not available for dividends until declared by the subsidiaries.

In accordance with SEC Memorandum Circular No. 11 issued in December 2008, the Parent Company's retained earnings available for dividend declaration as of December 31, 2013 amounted to ₱5.10 billion.

#### Cash Dividends

On April 30, 2013, the BOD authorized the Parent Company to declare and distribute cash dividends of ₱12.00 per share or ₱4.28 billion to stockholders of record as of May 17, 2013. The said cash dividends were paid on May 29, 2013.

On April 30, 2012, the BOD authorized the Parent Company to declare and distribute cash dividends of ₱12.00 per share or ₱4.28 billion to stockholders of record as of May 29, 2012. The said cash dividends were paid on June 25, 2012.

On April 27, 2011, the BOD authorized the Parent Company to declare and distribute cash dividends of ₱10.00 per share or ₱3.56 billion to stockholders of record as of May 27, 2011. The said cash dividends were paid on June 22, 2011.

Appropriations

On August 8, 2013, the BOD approved the appropriation of ₱1.60 billion from the unappropriated retained earnings as of December 31, 2012, as additional capital expenditure and investment in power expansion projects of the Parent Company. This appropriation is intended for the ongoing construction of 2 X 150 MW coal-fired power plant in Calaca, Batangas owned by SLPGC (a wholly subsidiary of the Parent Company). The project is expected to be completed on the first quarter of 2015.

On March 12, 2013, the BOD ratified the remaining ₱700.00 million appropriation to partially cover new capital expenditures for the Group's mine operation for the years 2013 to 2015.

---

**18. Related Party Transactions**

The Group in its regular conduct of business has entered into transactions with related parties. Parties are considered to be related if, among others, one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making the financial and operating decisions, the parties are subject to common control or the party is an associate or a joint venture.

Except as indicated otherwise, the outstanding accounts with related parties shall be settled in cash. The transactions are made at terms and prices agreed upon by the parties.

The significant transactions with related parties follow:

	2013			
	Amount/ Volume	Receivable (Payable)	Terms	Conditions
<u>Trade receivables (see Note 5)</u>				
<i>Entities under common control</i>				
a.) Transfer of materials and reimbursement of shared expenses	₱2,218,766	₱66,138,357	non-interest bearing, due and demandable	Unsecured, no impairment

- a. Due from DMCI Power Corporation (DMCI-PC) pertains to materials issuances, contracted services and various services provided by the Parent Company. All outstanding balances from DMCI-PC are included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.

SCPC engaged DMCI-PC for the management, operation and maintenance of the power plant. The agreement was entered into in 2011 and is effective for a period of 10 years from January 1, 2011 and maybe renewed for another 10 years.

- b. Due from DMCI Mining Corporation (DMCI-MC) pertains to the contracted services incurred by DMCI-MC during the year, which are initially paid by the Parent Company. All outstanding balance from DMCI-MC is included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.
- c. Due from DMCI Masbate Power Corporation (DMCI-MPC) pertains to the security contracted services incurred during the year, which are initially paid by the Parent Company. The outstanding balance from DMCI-MPC is included in receivables under “Trade receivable - related parties” in the consolidated statements of financial position.
- d. Dacon Corporation, a shareholder of DMCI-HI, provided maintenance of the Parent Company’s accounting system, Navision, to which related expenses are included in operating expenses under “Office expenses” in the consolidated statements of comprehensive income (see Note 21).

All outstanding balances to Dacon Corporation are included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

D.M. Consunji, Inc. (DMCI) had transactions with the Parent Company representing rentals of office, building and equipments and other transactions such as transfer of equipment, hauling and retrofitting services. The related expenses are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income (see Note 20).

The Parent Company engaged the services of DMCI for the construction of its 1 x 15 MW Power Plant located at Semirara Island, to which the related cost are capitalized as part of property, plant and equipment in the consolidated statements of financial position. The Parent Company also engaged the service of DMCI for the construction of various projects in compliance with its Corporate Social Responsibility (CSR) such as the mine rehabilitation, construction of covered tennis courts, track and field, perimeter fence and others to which related expenses are included in cost of sales “Outside services” in the consolidated statements of comprehensive income (see Note 20). All outstanding balances to DMCI are lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

SCPC engaged DMCI in the ongoing rehabilitation of the power plant. Cost of construction services provided by DMCI is capitalized as part of property, plant and equipment “Equipment in transit and construction in progress” account and outstanding balance are included in the “Trade payable - related parties” account.

SCPC also engaged DMCI for transfer of equipment and hauling services. The said rentals are included in the operating expenses of the consolidated statements of comprehensive income.

SLPGC engaged DMCI in the construction of the 2 x 150 MW coal-fired power plant. Advance payments for construction and retention payable are recorded under “Advances to contractors” and “Other noncurrent liabilities”, respectively. Outstanding balances to DMCI are included under “Trade payable - related parties” account.

- e. DMC-Construction Equipment Resources, Inc. (DMC-CERI) had transactions with the Parent Company for services rendered relating to the Parent Company’s coal operations. These include services for the confirmatory drilling for coal reserve and evaluation of identified potential areas, exploratory drilling of other minerals within Semirara Island, dewatering well drilling along cut-off wall of Panian mine and fresh water well drilling for industrial and domestic supply under an agreement. Expenses incurred for said services are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income (see Note 20).

DMC-CERI also provides the Parent Company marine vessels for use in the delivery of coal to its various customers. The coal freight billing is on a per metric ton basis plus demurrage charges for delays in loading and unloading of coal cargoes. Expenses incurred for these services are included in cost of sales under “Hauling and shiploading costs” in the consolidated statements of comprehensive income (see Note 20).

Furthermore, DMC-CERI provides the Parent Company labor services relating to coal operations including those services rendered by consultants. Expenses incurred for said services are included in cost of sales under “Direct labor” in the consolidated statements of comprehensive income (see Note 20).

Labor costs related to manpower services rendered by DMC-CERI represent actual salaries and wages covered by the period when the services were rendered to Parent Company in its coal operations. Under existing arrangements, payments of said salaries and wages are given directly to personnel concerned.

All outstanding balances to DMC-CERI are included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

- f. Prominent Fruits, Inc. supplies various office supplies and refreshments to the Parent Company. The outstanding balance to Prominent Fruits, Inc. is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

M&S Company, Inc. (M&S) supplies various supplies and materials to the Parent Company. Outstanding balance is included in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

- g. Asia Industries Inc. had transactions with the Parent Company for the rental of parking space to which related expenses are included in operating expenses under “Office expenses” in the consolidated statements of comprehensive income (see Note 21). The outstanding balance to Asia Industries, Inc. is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

DMC Urban Property Developers, Inc. (DMC-UPDI) had transactions with the Parent Company representing long-term lease on office space and other transactions rendered to the Parent Company necessary for the coal operations. Office rental expenses are included in cost of sales under “Outside services” in the consolidated statements of comprehensive income

(see Note 20). The outstanding balance to DMC-UPDI is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

- h. Royal Star Aviation Inc. transports the Parent Company’s visitors and employees from Manila to Semirara Island and vice versa and bills the related party for the utilization costs of the aircrafts. The related expenses are included in cost of sales under “Production overhead” in the consolidated statements of comprehensive income (see Note 20). The outstanding balance to Royal Star Aviation, Inc. is lodged in trade and other payables under “Trade payable - related parties” in the consolidated statements of financial position.

*Terms and conditions of transactions with related parties*

There have been no guarantees and collaterals provided or received for any related party receivables or payables. These accounts are noninterest-bearing and are generally unsecured. Impairment assessment is undertaken each financial year through a review of the financial position of the related party and the market in which the related party operates. As of December 31, 2013 and 2012, there were no impairment losses recognized on related party balances.

Compensation of key management personnel of the Group by benefit type follows:

	2013	2012	2011
Short-term employee benefits	₱127,093,393	₱108,719,349	₱93,866,643
Post-employment benefits	4,018,829	3,434,897	2,346,104
	<b>₱131,112,222</b>	₱112,154,246	₱96,212,747

There are no other agreements between the Group and any of its directors and key officers providing for benefits upon termination of employment, except for such benefits to which they may be entitled under the Group’s pension plan.

---

## 19. Pension Plan

The Group has a funded, noncontributory defined benefit plan covering substantially all of its regular employees. The date of the latest actuarial valuation is December 31, 2013.

The Group accrues retirement costs (included in “Pension Liabilities” in the Group’s consolidated statements of financial position) based on an actuarially determined amount using the projected unit credit method.

The funds are administered by a trustee bank under the supervision of the Board of Directors of the plan. The Board of Directors is responsible for the investment of the assets. It defines the investment strategy as often as necessary, at least annually, especially in the case of the significant market developments or changes to the structure of the plan participants. When defining the investment strategy, it takes account of the plan’s objectives, benefit obligation and risk capacity. The investment strategy is defined in the form of a long-term target structure (investment policy). The Board of Directors delegates the implementation of the investment policy in accordance with the investment strategy as well as various principles and objectives to an Investment Committee, which also consists of members of the Board of Directors, Vice-President for Treasury and Chief Finance Officer. The Vice-President for Treasury and Chief Finance Officer oversee the entire investment process.

Under the existing regulatory framework, Republic Act 7641 requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan.

Provisions for pension liabilities are established for benefits payable in the form of retirement pensions. Benefits are dependent on years of service and the respective employee's final compensation. The Group updates the actuarial valuation every year by hiring the services of a third party professionally qualified actuary.

There are no plan amendments, curtailments or settlements.

The cost of defined benefit pension plans and the present value of the pension liabilities are determined using actuarial valuations. The actuarial valuation involves making various assumptions. The principal assumptions used in determining pension and post-employment medical benefit liabilities for the defined benefit plans are shown below:

	<b>2013</b>	2012	2011
Discount rate	<b>4.26% - 5.07%</b>	4.69%	6.75%
Salary increase rate	<b>3.00%</b>	3.00%	3.00%

The following table summarizes the components of pension expense in the consolidated statements of comprehensive income:

	<b>2013</b>	2012 (As restated)	2011 (As restated)
Current service cost	<b>₱18,225,767</b>	₱7,778,179	₱5,597,830
Interest expense related to the defined benefit liability	<b>4,722,795</b>	4,371,758	4,405,686
Interest income related to plan assets	<b>(3,008,719)</b>	(3,863,820)	(3,473,150)
	<b>₱19,939,843</b>	₱8,286,117	₱6,530,366

The above pension expense is included in operating expenses under "Personnel costs" in the consolidated statements of comprehensive income (see Note 21).

The following tables provide analyses of the movement in the net asset (liability) recognized on consolidated statements of financial position:

	December 31	January 1	
	<b>2013</b>	2012 (As restated)	2012 (As restated)
Defined benefit liability at beginning of year	<b>₱100,699,245</b>	₱64,766,789	₱54,391,181
Current service cost	<b>18,225,767</b>	7,778,179	5,597,830
Interest expense	<b>4,722,795</b>	4,371,758	4,405,686
Remeasurement of defined benefit liability:			
Arising from changes in financial assumptions	<b>(1,300,506)</b>	3,592,053	2,711,835
Experience gains (losses)	<b>(11,453,532)</b>	23,625,344	(2,339,743)
Benefits paid	<b>(6,857,636)</b>	(3,434,878)	-
Defined benefit liability at end of year	<b>₱104,036,133</b>	₱100,699,245	₱64,766,789

	December 31	January 1
	2013	2012
	(As restated)	(As restated)
Fair value of plan assets		
at beginning of year	<b>₱64,151,770</b>	₱57,994,669
Return on plan assets (excluding amounts included in interest income)	<b>5,230,282</b>	3,799,071
Interest income	<b>3,008,719</b>	3,863,820
Employer contributions	-	-
Benefits paid	-	(1,505,790)
Fair value of plan assets at end of year	<b>₱72,390,771</b>	₱64,151,770

	December 31	January 1
	2013	2012
	(As restated)	(As restated)
Net pension liability at beginning of year	<b>₱36,547,475</b>	₱6,772,120
Net periodic pension cost	<b>19,939,843</b>	8,286,117
Amounts recognized in other comprehensive income	<b>(17,984,320)</b>	23,418,326
Employer contributions	-	-
Benefit payments	<b>(6,857,636)</b>	(1,929,088)
Net pension liability at end of year	<b>₱31,645,362</b>	₱6,772,120

The Group does not expect any contribution into the pension fund in 2014.

The composition and fair value of plan assets as at the end of reporting date are as follows:

	December 31	January 1
	2013	2012
	(As restated)	(As restated)
Cash and cash equivalents	<b>₱8,067,400</b>	₱880,539
Equity instruments		
Financial institutions	-	1,552,500
Debt instruments		
Government securities	<b>56,597,922</b>	52,542,707
Not rated debt securities	<b>6,664,858</b>	8,106,243
Interest receivable	<b>1,060,591</b>	1,069,781
Fair value of plan assets	<b>₱72,390,771</b>	₱64,151,770

Trust fee in 2013 and 2012 amounted to ₱35,878 and ₱32,220, respectively.

The composition of the fair value of the Fund includes:

*Investment in debt securities - government securities* - include investment in Philippine Retail Treasury Bonds and Fixed Rate Treasury Notes

*Investments in debt securities - not rated* - include investment in long-term debt notes and retail bonds

*Cash and cash equivalents* - include savings and time deposit with affiliated bank and special deposit account with Bangko Sentral ng Pilipinas

*Investment in equity securities* - includes investment in common and preferred shares traded in the Philippine Stock Exchange

*Interest receivables* - pertain to interest and dividends receivable on the investments in the fund

The management performs a study of how to match its existing assets versus the pension liabilities to be settled. The overall investment policy and strategy of the Group's defined benefit plans is guided by the objective of achieving an investment return which, together with contributions, ensures that there will be sufficient assets to pay pension benefits as they fall due while also mitigating the various risk of the plans. The Group's current strategic investment strategy consists of 88% of debt instruments, 11% cash and 1% others.

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit liability as of the end of reporting date, assuming if all other assumptions were held constant:

	Increase (Decrease)	Effect on Defined Benefit Liability
Discount rates	+0.5% to 1%	(₱2,711,720)
	-0.5% to 1%	3,182,044
Future salary increases	+1%	3,890,344
	-1%	(3,566,847)

Shown below is the maturity analysis of the undiscounted benefit payments:

	2013	2012
Less than 1 year	<b>₱26,914,286</b>	₱3,434,897
More than 1 year to 5 years	<b>19,898,958</b>	43,940,115
More than 5 years to 10 years	<b>62,951,470</b>	65,824,599
	<b>₱109,764,714</b>	₱113,199,611

The Group has no other transactions with the fund.

## 20. Cost of Sales

Cost of coal sales consists of:

	2013	2012	2011
Materials and supplies (Note 18)	<b>₱3,025,232,354</b>	₱3,120,735,226	₱4,121,638,177
Fuel and lubricants	<b>2,453,660,298</b>	3,043,331,610	3,257,328,929
Depreciation and amortization (Notes 8 and 11)	<b>1,114,654,804</b>	1,322,458,941	1,299,404,980
Outside services (Note 18)	<b>739,853,180</b>	966,478,901	842,386,090
Direct labor (Note 18)	<b>502,288,609</b>	450,134,214	419,722,649
Hauling and shiploading costs (Note 18)	<b>456,329,361</b>	547,620,380	802,772,100
Production overhead (Note 18)	<b>372,852,892</b>	374,395,481	357,901,033
	<b>₱8,664,871,498</b>	₱9,825,154,753	₱11,101,153,958

Cost of power sales consists of:

	2013	2012	2011
Coal	<b>₱3,761,855,398</b>	₱3,304,807,016	₱2,883,154,698
Depreciation (Note 8)	<b>1,015,838,969</b>	928,981,130	776,589,421
Bunker	<b>230,027,758</b>	238,254,696	234,071,851
Spot purchases	<b>229,196,883</b>	130,367,456	1,500,978,204
Diesel	<b>79,255,223</b>	115,632,253	113,440,407
Market fees	<b>54,891,500</b>	24,796,252	22,015,982
Lube	<b>42,361,584</b>	25,721,138	22,661,500
Imported coal	<b>22,785,241</b>	44,523,109	–
Coal handling expense	<b>3,868,304</b>	864,921	2,107,676
Others	<b>5,543,770</b>	4,838,132	4,445,765
	<b>₱5,445,624,630</b>	₱4,818,786,103	₱5,559,465,504

In 2013, 2012 and 2011, SCPC purchased power from the spot market in the amount of ₱0.23 billion, ₱0.13 billion and ₱1.50 billion, respectively.

The cost of depreciation that was charged to cost of coal and cost of power amounted to ₱1.11 billion and ₱1.02 billion, respectively, in 2013, ₱1.32 billion and ₱0.93 billion, respectively, in 2012, ₱1.30 billion and ₱0.78 billion, respectively, in 2011 (see Note 8).

The cost of coal on power sales consists of:

	2013	2012	2011
Materials and supplies (Note 18)	<b>₱1,240,351,874</b>	₱1,089,654,743	₱1,081,921,445

Repairs and maintenance	<b>648,067,215</b>	148,671,287	52,485,703
Loss on disposal and writedown of property, plant and equipment (Note 8)	<b>449,910,879</b>	341,146,346	–
Provision for doubtful accounts (Note 5)	<b>443,650,080</b>	59,360,961	5,004,512
Operation and maintenance (Note 18)	<b>379,359,691</b>	437,180,259	500,743,201
Taxes and licenses	<b>230,472,304</b>	237,515,006	334,393,508
Personnel costs (Notes 18 and 19)	<b>204,402,527</b>	133,222,394	193,593,533
Office expenses (Note 18)	<b>104,302,257</b>	75,703,636	62,589,739
Insurance and bonds	<b>59,270,251</b>	56,282,680	61,394,404

(Forward)

	2013	2012 (As restated)	2011 (As restated)
Professional fees	₱42,424,740	₱46,893,228	₱29,987,831
Marketing	40,214,509	81,102,894	36,359,343
Entertainment, amusement and recreation	23,676,815	35,484,183	16,542,752
Transportation and travel	21,248,174	15,885,235	34,221,417
Provision for impairment losses (Note 11)	–	47,150,717	–
Others	150,377,541	79,915,264	10,738,564
	<b>₱5,264,517,633</b>	<b>₱3,398,375,301</b>	<b>₱2,856,258,209</b>

Others pertain to various expenses such as advertising and utilities.

## 22. Finance Costs

	2013	2012	2011
Interest on:			
Long-term debt (Note 13)	₱256,780,451	₱434,421,267	₱428,635,398
Amortization of debt issuance cost (Note 13)	21,751,583	27,123,187	22,415,490
Short-term loans (Note 12)	101,830,303	30,135,631	30,478,806
Accretion of cost of decommissioning and site rehabilitation (Note 15)	867,006	9,599,948	1,758,087
	<b>₱381,229,343</b>	<b>₱501,280,033</b>	<b>₱483,287,781</b>

## 23. Finance Income

	2013	2012	2011
Interest on:			
Cash in banks (Note 4)	₱7,103,842	₱14,611,540	₱14,959,769
Cash equivalents and temporary investments (Note 4)	6,667,777	49,090,080	108,389,881
Investment in sinking fund (Note 9)	12,173,043	17,214,589	5,525,696
Accretion on security deposits (Note 31)	–	–	168,856
Others	859,904	1,228,108	5,832,479
	<b>₱26,804,566</b>	<b>₱82,144,317</b>	<b>₱134,876,681</b>

## 24. Other Income

	2013	2012	2011
Reversal of allowance for impairment losses (Note 11)	₱61,549,364	₱–	₱–
Recoveries from insurance claims	10,632,170	41,545,855	35,179,622
Gain on sale of equipment (Note 8)	135,073	127,491,090	53,547,507
Reversal of allowance for doubtful accounts (Note 5)	–	9,552,129	7,892,343
Miscellaneous	208,892,151	139,859,194	3,285,825
	<b>₱281,208,758</b>	<b>₱318,448,268</b>	<b>₱99,905,297</b>

### *Recoveries from insurance claims*

Recoveries from insurance claims pertain to the amount reimbursable from insurer on insured equipment.

*Miscellaneous*

Miscellaneous income includes revenue derived from sale of fly ashes, by-product of coal combustion, and from selling excess electricity produced by the Group to the neighboring communities.

**25. Income Tax**

The provision for income tax consists of:

	<b>2013</b>	2012 (As restated)	2011 (As restated)
Current	<b>₱11,708,917</b>	₱8,733,128	₱1,749,743
Final	<b>5,074,275</b>	15,412,170	21,011,803
Deferred	<b>(134,621,496)</b>	15,458,968	(44,656,060)
	<b>(₱117,838,304)</b>	₱39,604,266	(₱21,894,514)

The reconciliation of the provision for income tax computed at the statutory income tax rate to the provision for income tax shown in the consolidated statements of comprehensive income follows:

	<b>2013</b>	2012	2011
Statutory income tax rate	<b>30.00%</b>	30.00%	30.00%
Adjustments for:			
Nondeductible expense	<b>0.07</b>	0.03	0.16
Nondeductible interest expense	<b>0.03</b>	0.08	0.19
Movement in unrecognized deferred tax assets	<b>0.90</b>	0.52	0.26
Interest income already subjected to final tax at a lower rate - net of nondeductible interest expense	<b>(0.03)</b>	(0.14)	(0.29)
Tax-exempt income	<b>(33.81)</b>	(29.97)	(30.68)
Movement in unrecognized deferred tax liabilities	<b>1.25</b>	-	-
Derecognized deferred tax assets	-	0.10	-
Effective income tax rate	<b>(1.59%)</b>	0.62%	(0.36%)

The components of net deferred tax assets as of December 31, 2013 and 2012 follow:

	<b>2013</b>	2012
Unrealized foreign exchange loss	<b>₱91,779,812</b>	₱-
Allowance for inventory obsolescence	<b>17,222,137</b>	-
Pension liabilities	<b>10,943,912</b>	9,210,105
Allowance for doubtful accounts	<b>10,667,586</b>	-
Allowance for impairment losses	<b>7,792,706</b>	-
Provision for decommissioning and site rehabilitation	<b>1,518,675</b>	1,518,675
NOLCO	<b>32,524</b>	19,363
	<b>₱139,957,352</b>	₱10,748,143

In 2013 and 2012, the Group has the following deductible temporary differences that are available for offset against future taxable income or tax payable for which deferred tax assets have not been recognized:

	2013	2012
Allowance for doubtful accounts	<b>₱467,430,619</b>	₱118,700,123
Allowance for impairment losses	-	87,525,052
Allowance for inventory obsolescence	-	53,286,925
Provision for decommissioning and site rehabilitation	-	51,738,030
NOLCO	<b>72,444,443</b>	23,920,970
Pension liability	-	29,738,312
Organizational costs	-	20,170
	<b>₱539,875,062</b>	<b>₱364,929,582</b>

The breakdown of the Group's NOLCO as of December 31, 2013 follows:

Year incurred	Amount	Utilized	Balance	Year of Expiration
2013	₱48,523,473	₱-	₱48,523,473	2016
2012	23,890,970	-	23,890,970	2015
2011	30,000	-	30,000	2014
	<b>₱72,444,443</b>	<b>₱-</b>	<b>₱72,444,443</b>	

The above NOLCO pertains to SLPGC.

#### Board of Investments (BOI) Incentives

##### *Parent Company*

On September 26, 2008, BOI issued in favor of the Parent Company a Certificate of Registration as an Expanding Producer of Coal in accordance with the provisions of the Omnibus Investments Code of 1987. Pursuant thereto, the Parent Company shall be entitled to the following incentives, among others:

- a. ITH for six (6) years from September 2008 or actual start of commercial operations, whichever is earlier, but in no case earlier than the date of registration. For purposes of availment of ITH, a base figure of 2,710,091 metric tons (MT) representing the Parent Company's average sales volume for the past three (3) years prior to the expansion shall be used.

The Parent Company shall initially be granted a four (4) year - ITH. The additional two (2) year ITH shall be granted upon submission of completed or on-going projects in compliance with its Corporate Social Responsibility (CSR), which shall be submitted before the lapse of its initial four (4) year - ITH. The Parent Company's ITH of 6 years is expected to lapse in September 2014. The Parent Company has a pending application with BOI for another extension, the period of which is still to be determined.

- b. Employment of foreign nationals. This may be allowed in supervisory, technical or advisory positions for five (5) years from the date of registration. The president, general manager and treasurer of foreign-owned registered companies or their equivalent shall not be subject to the foregoing limitations.

Date of filing: Application shall be filed with the BOI Incentives Department before assumption to duty of newly hired foreign nationals and at least one (1) month before expiration of existing employment for renewal of visa.

- c. Simplification of Customs procedures for the importation of equipment, spare parts, raw materials and supplies.

On August 19, 2009, BOI granted the Parent Company's request for a reduced base figure from 2,710,091 MT to 1,900,000 MT representing the average sales volume for the past eight (8) years (2000 to 2007) prior to registration with BOI.

The Parent Company availed of tax incentive in the form of ITH on its income under registered activities amounting to ₱1.48 billion, ₱1.47 billion and ₱1.35 billion in 2013, 2012 and 2011, respectively.

#### *SCPC*

On April 19, 2010, SCPC was registered with the BOI as New Operator of the 600-MW Calaca Coal-Fired Power Plant on a Non-Pioneer Status in accordance with the provisions of the Omnibus Investments Code of 1987. Pursuant thereto, SCPC shall be entitled to the following incentives, among others:

- a. SCPC shall enjoy income tax holiday for four (4) years from April 2011 or actual start of commercial operations, whichever is earlier, but in no case earlier than the date of registration. Other incentives with no specific number of years of entitlement may be enjoyed for a maximum period of ten (10) years from the start of commercial operation and/or date of registration. The ITH incentives shall be limited to the revenue generated from the sales of electricity of the 600 MW Batangas Coal-Fired Power Plant.
- b. For the first five (5) years from the date of registration, SCPC shall be allowed an additional deduction from taxable income of 50% of the wages corresponding to the increment in the number of direct labor for skilled and unskilled workers in the year of availment as against the previous year if the project meets the prescribed ratio of capital equipment to the number of workers set by the BOI of \$10,000 to one worker and provided that this incentive shall not be availed of simultaneously with the ITH.
- c. Employment of foreign nationals. This may be allowed in supervisory, technical or advisory positions for five (5) years from the date of registration. The president, general manager and treasurer of foreign-owned registered companies or their equivalent shall not be subject to the foregoing limitations.
- d. Importation of consigned equipment for a period of ten (10) years from the date of registration, subject to the posting of re-export bond.

On January 7, 2011, BOI approved SCPC's request for an earlier application of the ITH to be effective January 1, 2010.

On December 17, 2013, BOI approved SCPC's request for the extension for one (1) year of the ITH for the period January 1 to December 31, 2014.

SCPC availed of tax incentive in the form of ITH on its income under registered activities amounting to ₱5.02 billion and ₱2.53 billion in 2013 and 2012, respectively.

*SLPGC*

On June 21, 2012, the application for registration of SLPGC as new operator of 300 MW (Phase 1) Batangas Coal Fired Power Plant on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226) was approved. Pursuant thereto, SLPGC shall be entitled to the following incentives, among others:

- a. ITH for four (4) years from January 2015 or actual start of commercial operations, whichever is earlier but in no case earlier than the date of registration;
- b. For the first five (5) years from date of registration, the enterprise shall be allowed an additional deduction from taxable income of fifty percent (50%) of the wages corresponding to the increment in number of direct labor for skilled and unskilled workers in the year of availments as against the previous year if the project meets the prescribed ratio of capital equipment to the number of workers set by the Board and provided that this incentive shall not be availed of simultaneously with the ITH;
- c. Importation of consigned equipment for a period of ten (10) years from date of registration, subject to posting of re-export bond;
- d. Employment of foreign nationals. This may be allowed in supervisory, technical or advisory positions for five (5) years from date of registration; and
- e. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

---

**26. Basic/Diluted Earnings Per Share**

The following table presents information necessary to calculate earnings per share:

	2013	2012 (As restated)	2011 (As restated)
Net income	<b>₱7,519,591,282</b>	₱6,358,640,007	₱6,031,777,710
Divided by the weighted average number of common shares outstanding	<b>356,250,000</b>	356,250,000	356,250,000
Basic/diluted earnings per share	<b>₱21.11</b>	₱17.85	₱16.93

There have been no other transactions involving common shares or potential common shares between the reporting date and the date of authorization of these financial statements.

---

**27. Coal Operating Contract with DOE**

On July 11, 1977, the Government, through its former Energy Development Board, awarded a 35-year COC to a consortium led by Vulcan Industrial & Mineral Exploration Corporation and Sulu Sea Oil Development Corporation that subsequently assigned said COC to the Parent Company on April 7, 1980. On July 27, 1977, Presidential Decree (PD) 972 was amended by PD 1174: (a) increasing coal operators' maximum cost recovery from an amount not exceeding 70% to 90% of the gross proceeds from production, and (b) increasing the amount of a special allowance for Philippine corporations from an amount not exceeding 20% to 30% of the balance of the gross income, after deducting all operating expenses. As a result, the Parent Company's COC was subsequently amended on January 16, 1981 reflecting said changes.

On June 8, 1983, the Ministry of Energy (now DOE), issued a new COC to the Parent Company, incorporating the foregoing assignment and amendments. The COC gives the Parent Company the exclusive right to conduct exploration, development and coal mining operations on Semirara Island until July 13, 2012. On May 13, 2008, the DOE granted the Parent Company's request for an extension of its COC for another 15-year or until July 14, 2027.

On November 12, 2009, the COC was amended further, expanding its contract area to include portions of Caluya and Sibay islands, Antique, covering an additional area of 5,500 hectares and 300 hectares, respectively.

On April 29, 2013, the DOE issued a new COC to the Parent Company, which grants the Parent Company the exclusive right to conduct exploration, development and coal mining operations in the municipality of Bulalacao, province of Oriental Mindoro, up to a maximum of 36 years from its effective date. The COC covers two coal-bearing parcels of land covering areas of 2,000 and 5,000 hectares, respectively.

On June 7, 2013, the DOE issued a new COC to the Parent Company, which grants the Parent Company the exclusive right to conduct exploration, development and coal mining operations in the municipalities of Maitum and Kiamba, province of Sarangani, up to a maximum of 36 years from its effective date. The COC covers a coal-bearing parcel of land covering area of 5,000 hectares.

In return for the mining rights granted to the Parent Company, the Government is entitled to receive annual royalty payments consisting of the balance of the gross income after deducting operating expenses, operator's fee and special allowance. The Parent Company's provision for DOE's share under this contract and to the different LGU in the province of Antique, under the provisions of the Local Government Code of 1991, amounted to ₱1.30 billion, ₱1.56 billion and ₱1.48 billion in 2013, 2012 and 2011, respectively, included under "Operating expenses" in the consolidated statements of comprehensive income (see Note 21). The liabilities, amounting to ₱0.88 billion and ₱1.01 billion as of December 31, 2013 and 2012 are included under the "Trade and other payables" account in the consolidated statements of financial position (see Note 14).

The DOE, through the Energy Resources Development Bureau, approved the exclusion of coal produced and used solely by the Parent Company to feed its power plant in determining the amount due to DOE.

---

## 28. Contingencies and Commitments

### a. Provision for Billing Disputes

On October 20, 2010, SCPC filed a Petition for dispute resolution ("Petition") before the Energy Regulatory Commission (ERC) against NPC and PSALM involving over-nominations made by NPC during the billing periods January to June 2010 beyond the 169,000 kW Manila Electric Company (MERALCO) allocation of SCPC, as provided under the Schedule W of the APA.

In its Petition, SCPC sought to recover the cost of energy (a) sourced by SCPC from WESM in order to meet NPC's nominations beyond the 169,000 kW MERALCO contracted demand, or (b) procured by NPC from the WESM representing energy nominated by NPC in excess of the 169,000 kW limit set in Schedule W, cost of which was charged by PSALM against SCPC. In relation to this, NPC withheld the payments of MERALCO and remitted to SCPC the collections, net of the cost of the outsourced energy.

SCPC has likewise sought to recover interest on the withheld MERALCO payments collected by PSALM that is unpaid to SCPC as of due date, to be charged at the rate of 11% computed from the date of the SCPC's extrajudicial demand until full payment by PSALM.

During the preliminary conference scheduled on November 25, 2010, the ERC's hearing officer directed the parties to explore the possibility of settling the dispute amicably. As the parties failed to arrive at a compromise during the prescribed period, hearings resumed with the conduct of preliminary conference on February 23, 2011, without prejudice to the result of any further discussions between the parties for amicable settlement. The ERC set the next hearing for the presentation of witnesses on March 22 and 23, 2011.

In 2010, SCPC made a provision for the total amount withheld by NPC, which amounted to ₱383.29 million. Though a provision has already been made, SCPC has not waived its right to collect the said amount in case the outcome of the dispute resolution would be a favorable settlement for SCPC. The provision will be reversed and an income would be recognized in the "Other income" account upon collection of the said receivable.

On July 6, 2011, the ERC rendered its Decision in favor of SCPC and directed the parties, among others to submit the reconciled computation of the over-nominations and other MERALCO payments withheld by PSALM during the periods January 2010 to June 2010, and for PSALM to return to SCPC the amount computed and reconciled, including the interests thereon a rate of 6% per annum. PSALM filed a Motion for Reconsideration on the Decision which is denied by ERC in an order dated February 13, 2012 due to the lack of merit.

On April 24, 2012, SCPC and PSALM each filed their Compliance submitting the reconciled computations of the over-nominations and other MERALCO payments withheld by PSALM, as agreed upon by the parties, in the principal amount of ₱476 million.

On December 4, 2013, SCPC filed a Motion for Issuance of Writ of Execution praying for the issuance of a Writ of Execution directing PSALM to remit the Principal Amount, including interest of 6% per annum computed from August 4, 2010 until the date of actual payment, as well as the value added tax collected by PSALM from Meralco, pursuant to the ERC's Decision dated July 6, 2011 and Order dated February 13, 2012.

On December 18, 2013, PSALM filed its Comment to SCPC's Motion for Issuance of Writ of Execution essentially arguing that the Commission on Audit must first verify and confirm, through the proper proceeding, the claim against PSALM before PSALM can remit the Principal Amount pursuant to the ERC's judgment.

As of December 31, 2013, decision of Supreme Court regarding the case is still pending resolution.

*PSALM's Petition for Review before the Court of Appeals and Supreme Court of the Philippines*

Meanwhile, PSALM filed a Petition for Review with Prayer for Temporary Restraining Order and/or Preliminary Injunction with the Court of Appeals on March 30, 2012, questioning the ERC's decision dated July 6, 2011 and Order dated February 13, 2012. On September 4, 2012, the Court of Appeals rendered a Decision, denying PSALM's petition and affirming the related Decision and Order previously issued.

PSALM subsequently filed a Motion for Reconsideration dated September 26, 2012 and seeking the reconsideration of the Decision dated September 4, 2012. SCPC filed its Opposition to PSALM's Motion for Reconsideration on November 5, 2012. Subsequently, the Court of Appeals issued a Resolution denying the Motion for Reconsideration filed by PSALM on November 27, 2012.

On December 27, 2012, PSALM filed a Petition for Review on Certiorari with Prayer for Issuance of Temporary Restraining Order and/or Preliminary Injunction with the Supreme Court.

Subsequently the Supreme Court issued a Resolution dated January 21, 2013 requiring SCPC to file a Comment to PSALM's Petition. Thus, on March 25, 2013, SCPC filed its Comment.

PSALM filed a Motion for Extension to file reply on July 25, 2013, requesting for an additional period of ten (10) days from July 25, 2013, or until August 4, 2013, within which to file its Reply. PSALM subsequently filed its Reply on August 2, 2013.

In a Resolution dated September 30, 2013, the Supreme Court granted PSALM's Motion for Extension to File Reply and noted the filing of PSALM's Reply.

PSALM's Petition has not yet been resolved as of December 31, 2013.

b. Operating Lease Commitment - as a Lessee

As discussed in Notes 7 and 10, SCPC entered into a LLA with PSALM for the lease of land with which the plant is situated, for the period of 25 years, renewable for another 25 years with the mutual agreement of both parties. In 2009, SCPC paid US\$3.19 million or its peso equivalent ₱150.57 million as advance rental for the 25-year land lease.

Provisions of the LLA include that SCPC has the option to buy the Option Assets upon issuance of an Option Existence Notice (OEN) by the lessor. Option assets are parcels of land that form part of the leased premises which the lessor offers for sale to the lessee.

SCPC was also required to deliver and submit to the lessor a performance security amounting to ₱34.83 million in the form of Stand-by Letter of Credits. The Performance Security shall be maintained by SCPC in full force and effect continuously without any interruption until the Performance Security expiration date. The Performance Security initially must be effective for the period of one year from the date of issue, to be replaced prior to expiration every year thereafter and shall at all times remain valid.

In the event that the lessor issues an OEN and SCPC buy the option assets in consideration for the grant of the option, the land purchase price should be equivalent to the highest of the following and/or amounts: (i) assessment of the Provincial Assessors of Batangas Province; (ii) the assessment of the Municipal or City Assessor having jurisdiction over the particular portion of the leased premises; (iii) the zonal valuation of Bureau of Internal Revenue or, (iv) 21.00 per square meter (dollar). Valuation basis for (i) to (iii) shall be based on the receipt of PSALM of the option to exercise notice.

The exchange rate to be used should be the Philippine Dealing Exchange rate at the date of receipt of PSALM of the option to exercise notice.

On July 12, 2010, PSALM issued an Option Existence Notice and granted SCPC the “Option” to purchase parcels of land (Optioned Assets) that form part of the leased premises. SCPC availed of the “Option” and paid the Option Price amounting to US\$0.32 million (₱14.72 million) exercisable within one year from the issuance of the Option Existence Notice (see Note 7).

On April 28, 2011, SCPC sent a letter to PSALM requesting for the assignment of the option to purchase a lot with an area of 82,740 sqm in favor of its Parent Company. On May 5, 2011, PSALM approved the assignment. On June 1, 2011, SCPC exercised the land lease option at a purchase price of ₱292.62 million and is included as part of “Property, plant and equipment” (see Note 8).

On October 12, 2011, SCPC reiterated its proposal to purchase the remainder of the Leased Premises not identified as Optioned Assets. One of the salient features of the proposal included the execution of Contract to Sell (CTS) between SCPC and PSALM.

On February 13, 2012, PSALM held off the approval of the proposal to purchase the portion of Calaca Leased Premises not identified as Optioned Assets, subject to further studies. On the same date, PSALM Board has approved SCPC’s request to sub-lease a portion of the Calaca Leased Premises to SLPGC for the purpose of constructing and operating a power plant.

On February 24, 2012, SCPC sent a letter to PSALM for its proposal to handle the titling of Calaca Land.

As of the December 31, 2013, PSALM is pending for any response in connection therewith.

*Provision for probable legal claims*

The Group is contingently liable with respect to certain other lawsuits and other claims which are being contested by management, the outcome of which are not presently determinable. Management believes that the final resolution of these claims will not have a material effect on the consolidated financial statements.

The information usually required by PAS 37, *Provision, Contingent Liabilities and Contingent Assets* is not disclosed as it will prejudice the outcome of the lawsuits and claims.

---

## **29. Financial Risk Management Objectives and Policies**

The Group has various financial assets such as cash and cash equivalents, receivables, investment in sinking fund and environmental guarantee fund, which arise directly from operations.

The Group’s financial liabilities comprise trade and other payables, short-term loans and long-term debt. The main purpose of these financial liabilities is to raise finance for the Group’s operations.

The main risks arising from the Group’s financial instruments are price risk, interest rate risk, liquidity risk, foreign currency risk and credit risk. The BOD reviews and approves policies for managing each of these risks which are summarized below.

The sensitivity analyses have been prepared on the following basis:

- Price risk - movement in one-year historical coal prices
- Interest rate risk - market interest rate on loans
- Foreign currency risk - yearly movement in the foreign exchange rates

The assumption used in calculating the sensitivity analyses of the relevant income statement item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at December 31, 2013 and 2012.

*Price risk*

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The price that the Group can charge for its coal is directly and indirectly related to the price of coal in the world coal market. In addition, as the Group is not subject to domestic competition in the Philippines, the pricing of all of its coal sales is linked to the price of imported coal. World thermal coal prices are affected by numerous factors outside the Group's control, including the demand from customers which is influenced by their overall performance and demand for electricity. Prices are also affected by changes in the world supply of coal and may be affected by the price of alternative fuel supplies, availability of shipping vessels as well as shipping costs. As the coal price is reset on a periodic basis under coal supply agreements, this may increase its exposure to short-term coal price volatility.

There can be no assurance that world coal prices will be sustained or that domestic and international competitors will not seek to replace the Group in its relationship with its key customers by offering higher quality, better prices or larger guaranteed supply volumes, any of which would have a materially adverse effect on the Group's profits.

To mitigate this risk, the Group continues to improve the quality of its coal and diversify its market from power industry, cement industry, other local industries and export market. This will allow flexibility in the distribution of coal to its target customers in such manner that minimum target average price of its coal sales across all its customers will still be achieved (i.e. domestic vs local). Also, in order to mitigate any negative impact resulting from price changes, it is the Group's policy to set minimum contracted volume for customers with long term supply contracts for each given period (within the duration of the contract) and pricing is negotiated on a monthly basis to even out the impact of any fluctuation in coal prices, thus, protecting its target margin. The excess volumes are allocated to spot sales which may command different price than those contracted already since the latter shall follow pricing formula per contract. Nevertheless, on certain cases temporary adjustments on coal prices with reference to customers following a certain pricing formula are requested in order to recover at least the cost of coal if the resulting price is abnormally low vis-à-vis cost of production (i.e. abnormal rise in cost of fuel, foreign exchange).

Below are the details of the Group's coal sales to the domestic market and to the export market (as a percentage of total coal sales volume):

	<b>2013</b>	2012
Domestic market	<b>55.43%</b>	55.83%
Export market	<b>44.57</b>	44.17

The following table shows the effect on income before income tax should the change in the prices of coal occur based on the inventory of the Group as of December 31, 2013 and 2012 with all other variables held constant. The change in coal prices used in the simulation assumes fluctuation from the lowest and highest price based on 1-year historical price movements in 2013 and 2012.

Change in coal price	Effect on income before income tax	
	2013	2012
<i>Based on ending coal inventory</i>		
Increase by 42% in 2013 and 30% in 2012	<b>₱1,022,494,329</b>	₱1,053,008,837
Decrease by 42% in 2013 and 30% in 2012	<b>(1,022,494,329)</b>	(1,053,008,837)
<i>Based on coal sales volume</i>		
Increase by 42% in 2013 and 30% in 2012	<b>5,643,685,176</b>	4,335,046,600
Decrease by 42% in 2013 and 30% in 2012	<b>(5,643,685,176)</b>	(4,335,046,600)

*Interest rate risk*

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debts with floating interest rates. The Group's policy is to manage its interest cost using a mix of fixed and variable rate debts. The Group's policy is to maintain a balance of Peso-denominated and United States Dollar (US\$)-denominated debts.

The following table shows the information about the Group's financial instruments that are exposed to cash flow (floating rate instrument) and fair value (fixed rate instrument) interest rate risks and presented by maturity profile:

		2013					Carrying Value
	Interest	Within 1 year	1-2 years	2-3 years	3-4 years	More than 4 years	
		(In Thousands)					
<b>Cash in banks and cash equivalents</b>	<b>1.00% to 4.63%</b>	<b>₱4,812,938</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱-</b>	<b>₱4,812,938</b>
<b>Foreign long-term debt at floating rate</b>

<b>Mortgage payable at floating rate</b>	<b>PDST-F benchmark yield for three-month treasury securities + 1.00%</b>	<b>(5,029)</b>	<b>206,150</b>	<b>840,161</b>	<b>840,907</b>	<b>3,793,311</b>	<b>5,675,500</b>
	<b>PDST-F benchmark yield for 3-month treasury securities +1.75%</b>	<b>1,519,639</b>	<b>1,525,049</b>	<b>1,530,478</b>	<b>767,281</b>	<b>-</b>	<b>5,342,447</b>
		<b>₱2,146,129</b>	<b>₱3,149,753</b>	<b>₱5,111,265</b>	<b>₱1,608,188</b>	<b>₱3,793,311</b>	<b>₱15,808,646</b>

		2012						Carrying
		Interest	Within 1 year	1-2 years	2-3 years	3-4 years	More than 4 years	Value
		(In Thousands)						
<b>Cash in banks and cash equivalents</b>	1.25% to 4.62%	₱520,353,153	₱-	₱-	₱-	₱-	₱-	₱520,353,153
<b>Foreign long-term debt at floating rate</b>								
\$23.08 million loan (USD)	1.32-1.95% p.a. payable semi-annually, to be repriced every 3 months	₱631,604	₱315,938	₱-	₱-	₱-	₱-	₱947,542
\$5.62 million loan (USD)	1.80% p.a. for 92 days, to be repriced every 30 to 180 days	-	230,404	-	-	-	-	230,404
\$62.29 million loan (USD)	1.16-1.61% p.a., to be repriced every 3 months	1,996,833	560,028	-	-	-	-	2,556,861
\$25.34 million loan (USD)	1.03%-1.10% payable in 3-4 months, principal to be paid at maturity	1,040,276	-	-	-	-	-	1,040,276
<b>Mortgage payable at floating rate</b>	PDST-F benchmark yield for three-month treasury securities + 1.00%	-	-	20,230	81,118	446,147	-	547,495
	PDST-F benchmark yield for 3-month treasury securities +1.75%	1,514,248	1,519,639	1,525,049	1,530,478	767,281	-	6,856,695
		₱5,182,961	₱2,626,009	₱1,545,279	₱1,611,596	₱1,213,428	₱-	₱12,179,273

The following table demonstrates the sensitivity of the Group's income before tax to a reasonably possible change in interest rates on December 31, 2013 and 2012, with all variables held constant, through the impact on floating rate borrowings.

Basis points (in thousands)	Effect on Income Before Tax	
	2013	2012
+100	<b>(₱158,086)</b>	(₱121,793)
-100	<b>158,086</b>	121,793

The assumed movement in basis points for interest rate sensitivity analysis is based on the Group's historical changes in market interest rates on bank loans.

There was no effect on the equity other than those affecting the income before tax.

#### *Liquidity risk*

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans. The Group's policy is to maintain a level of cash that is sufficient to fund its monthly cash requirements, at least for the next four to six months. Capital expenditures are funded through a mix of suppliers' credit, letters of credit, trust receipts and long-term debt, while operating expenses and working capital requirements are funded through cash collections. A significant part of the Group's financial assets that are held to meet the cash outflows include cash equivalents and trade receivables. Although trade receivables are contractually collectible on a short-term basis, the Group expects continuous cash inflows through continuous production and sale of coal and power generation. In addition, although the Group's short-term deposits are collectible at a short notice, the deposit base is stable over the long term as deposit rollovers and new deposits can offset cash outflows.

Moreover, the Group considers the following as mitigating factors for liquidity risk:

- It has available lines of credit that it can access to answer anticipated shortfall in sales and collection of receivables resulting from timing differences in programmed inflows and outflows.
- It has very diverse funding sources.
- It has internal control processes and contingency plans for managing liquidity risk. Cash flow reports and forecasts are reviewed on a weekly basis in order to quickly address liquidity concerns. Outstanding trade receivables are closely monitored.

As part of its liquidity risk management, the Group regularly evaluates its projected and actual cash flows. It also continuously assesses conditions in the financial markets for opportunities to pursue fund raising activities. Fund raising activities may include obtaining bank loans.

The tables below summarize the maturity profile of the Group's financial assets and liabilities as of December 31, 2013 and 2012 based on undiscounted contractual payments:

	2013					Total
	Less than 6 months	6-12months	1-2 years	2-3 years	More than 3 years

\*excludes advances for liquidation

\*\*excludes statutory liabilities

*Foreign currency risk*

Majority of the Group's revenue are generated in Philippine peso, however, substantially all of capital expenditures are in US\$.

The Group manages this risk by matching receipts and payments in the same currency and monitoring. Approximately, 26.66% and 29.03% of the Group's sales in 2013 and 2012, respectively, were denominated in US\$ whereas approximately 25.55% and 38.65% of debts as of December 31, 2013 and 2012, respectively, were denominated in US\$.

Information on the Group's foreign currency-denominated monetary assets and liabilities and their Philippine peso equivalents follow:

	December 31, 2013		Yen	December 31, 2012	
	U.S. Dollar	Peso Equivalent		U.S. Dollar	Peso Equivalent
<b>Assets</b>					
Cash and cash equivalents	\$18,318,751	₱813,260,942	¥-	\$129,885	₱5,331,779
Trade receivables	10,654,649	473,013,142	-	15,120,837	620,710,340
<b>Liabilities</b>					
Trade payables	(21,816,839)	(968,558,569)	(44,264,786)	(7,745,053)	(339,123,523)
Short-term loans	(32,367,091)	(1,436,937,001)	-	(4,278,837)	(175,646,271)
Long-term debt (including current portion)	(107,910,746)	(4,790,697,569)	-	(116,323,594)	(4,775,083,533)
<b>Net exposure</b>	<b>(\$133,121,276)</b>	<b>(₱5,909,919,055)</b>	<b>(¥44,264,786)</b>	<b>(\$113,096,762)</b>	<b>(₱4,663,811,208)</b>

The exchange rates used were ₱44.40 to \$1 and ₱41.05 to \$1 and ₱0.48 to ¥1 in 2013 and 2012, respectively.

The following table demonstrates the sensitivity to a reasonably possible change in foreign exchange rates, with all variables held constant, of the Group's income before tax (due to changes in the fair value of monetary assets and liabilities) on December 31, 2013 and 2012.

Reasonably possible change in the Philippine peso-US dollar exchange rate	Increase (decrease) in income before tax	
	2013	2012
₱2	(₱266,242,552)	(₱226,193,524)
(₱2)	266,242,552	226,193,524

There is no impact on the Group's equity other than those already affecting profit or loss. The movement in sensitivity analysis is derived from current observations on movement in dollar average exchange rates.

The Group recognized ₱481.00 million net foreign exchange loss, ₱391.00 million net foreign exchange gain and ₱38.32 million net foreign exchange loss for the years ended December 31, 2013, 2012 and 2011, respectively, arising from the translation of the Group's cash and cash equivalents, trade receivables, trade payables, short-term loans and long-term debt.

*Credit risk*

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Group manages and controls credit risk by doing business with recognized, creditworthy third parties, thus, there is no requirement for collateral. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. The Group evaluates the financial condition of the local customers before deliveries are made to them.

On the other hand, export sales are covered by sight letters of credit issued by foreign banks subject for the Group's approval, hence, mitigating the risk on collection. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to doubtful accounts is not significant. The Group generally bills 80% of coal delivered payable within 30 days upon receipt of billing and the remaining 20% payable within 15 days after receipt of final billing based on final analysis of coal delivered. The Group's exposure to credit risk from trade receivables arise from the default of the counterparty with a maximum exposure equal to their carrying amounts.

With respect to the credit risk arising from the other financial assets of the Group, which comprise cash and cash equivalents, other receivables, environmental guarantee fund and investment in sinking fund, the exposure to credit risk arises from default of the counterparty with a maximum exposure to credit risk equal to the carrying amount of the financial assets as of reporting date. The Group does not hold any collateral or other credit enhancement that will mitigate credit risk exposure. The Group transacts only with institutions or banks and third parties that have proven track record in financial soundness. The management does not expect any of these institutions to fail in meeting their obligations.

The credit risk is concentrated to the following markets:

	2013	2012
Trade receivables - outside parties	<b>96.65%</b>	94.75%
Trade receivables - related parties	<b>1.87</b>	2.52
Others	<b>1.48</b>	2.73
	<b>100.00%</b>	100.00%

As of December 31, 2013 and 2012, the credit quality per class of financial assets is as follows:

	2013				
	Neither Past Due nor Impaired		Substandard Grade	Past due and/or Individually Impaired	Total
	Grade A	Grade B			
Cash in banks and cash equivalents	₱4,812,937,791	₱-	₱-	₱-	₱4,812,937,791

<b>Total</b>	<b>₱3,038,130,837</b>	<b>₱1,307,946,327</b>	<b>₱-</b>	<b>₱325,000,054</b>	<b>₱4,671,077,218</b>

Cash in banks and cash equivalents are short-term placements and working cash fund placed, invested or deposited in foreign and local banks belonging to top ten (10) banks in the Philippines in terms of resources and profitability. These financial assets are classified as Grade A due to the counterparties' low probability of insolvency. Due from related parties are considered Grade A due to the Group's positive collection experience. Environmental guarantee fund is assessed as Grade A since this is deposited in a reputable bank, which has a low probability of insolvency.

Grade A are accounts considered to be of high credit rating and are covered with coal supply and power supply contracts. The counterparties have a very remote likelihood of default and have consistently exhibited good paying habits.

Grade B accounts are active accounts with minimal instances of payment default, due to collection issues. These accounts are typically not impaired as the counterparties generally respond to credit actions and update their payments accordingly. The Group determines financial assets as impaired when probability of recoverability is remote evidenced by the counterparty's financial difficulty.

Substandard grade accounts are accounts which have probability of impairment based on historical trend. Accounts under this group show possible future loss to the Group as a result of default in payment of the counterparty despite of the regular follow-up actions and extended payment terms.

In the Group's assessment, there are no financial assets that will fall under the category substandard grade due to the following reasons:

- Receivables from electricity and local coal sales - transactions are entered into with reputable and creditworthy companies.
- Receivables from export coal sales - covered by irrevocable letter of credit at sight from a reputable bank acceptable to the Group.

As of December 31, 2013 and 2012, the aging analyses of the Group's past due and/or impaired receivables presented per class are as follows:

	2013			
	Past Due but not Impaired		Impaired Financial Assets	Total
	<45 days	45-135 days		
<i>Receivables</i>				
Trade receivables - outside parties	₱205,773,956	₱59,175,268	₱497,173,882	₱762,123,106
Others	-	-	5,815,359	5,815,359
<b>Total</b>	<b>₱205,773,956</b>	<b>₱59,175,268</b>	<b>₱502,989,241</b>	<b>₱767,938,465</b>

	2012			
	Past Due but not Impaired		Impaired Financial Assets	Total
	<45 days	45-135 days		
<i>Receivables</i>				
Trade receivables - outside parties	₱229,925,118	₱35,735,775	₱53,523,802	₱319,184,695
Others	-	-	5,815,359	5,815,359
<b>Total</b>	<b>₱229,925,118</b>	<b>₱35,735,775</b>	<b>₱59,339,161</b>	<b>₱325,000,054</b>

#### *Capital management*

The primary objective of the Group's capital management strategy is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders or issue new shares.

The Group is not subject to externally imposed capital requirements. No changes were made in the objectives, policies and processes from the previous years.

The Group manages its capital using Debt-to-Equity ratio, which is interest-bearing loans divided by equity, and EPS. The following table shows the Group's capital ratios as of December 31, 2013 and 2012.

	2013	2012 (As restated)
Interest-bearing loans	₱15,808,646,351	₱12,179,273,676
Total equity	20,127,511,704	16,870,331,398
Debt-to-Equity ratio	78.54%	72.19%
EPS (Note 26)	₱21.11	₱17.85

The aggressive expansion and investment strategies of the Group resulted to higher Debt-to-Equity ratios in 2013 and 2012. The Debt-to-Equity ratio is carefully matched with the strength of the Group's financial position, such that when a good opportunity presents itself, the Group can afford further leverage.

The following table shows the component of the Group's capital as of December 31, 2013 and 2012:

	2013	2012
Total paid-up capital	₱7,031,777,411	₱7,031,777,411
Remeasurement losses on pension plan	(5,876,670)	(18,465,694)
Retained earnings - unappropriated	10,801,610,963	9,157,019,681
Retained earnings - appropriated	2,300,000,000	700,000,000
	<b>₱20,127,511,704</b>	<b>₱16,870,331,398</b>

### 30. Fair Values

#### Fair Value Information

Cash and cash equivalents, receivables, environmental guarantee fund, investment in sinking fund, trade payables, accrued expenses and other payables, and short-term loans carrying amounts approximate fair value due to the relatively short-term nature of the transactions.

#### *Long-term debt*

The carrying values approximated the fair value because of recent and regular repricing of interest rates (e.g. monthly, quarterly, semi-annual or annual basis) based on current market conditions. As of December 31, 2013 and 2012, interest rate ranges from 1.00% to 3.00% and 1.03% to 4.00%, respectively.

#### Fair Value Hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data

As of December 31, 2013 and 2012, the Group does not have financial instruments measured at fair value.

---

### 31. Lease Commitments

#### *Equipment Rental Agreement*

On various dates in 2009 and 2008, the Parent Company entered into Equipment Rental Agreement (the Agreement) with Banco de Oro Rental, Inc. (the Lessor) for the rental of various equipment for a period of twenty (20) months starting on various dates. The Agreement requires for the payment of a fixed monthly rental. The Agreement also requires the Parent Company to pay security deposit which shall be held by the lessor as security for the faithful and timely performance by the Parent Company of all its obligations. Upon termination of the Agreement, the lessor shall return to the Parent Company the security deposit after deducting any unpaid rental and/or other amounts due to lessor. The equipment are, at all times, shall be and remain the sole and exclusive equipment of the lessor, and no title shall pass to the Parent Company.

As of December 31, 2013, the Agreement with the Lessor is terminated.

#### *LLA*

As discussed in Notes 8, 28 and 34, SCPC entered into a LLA with PSALM for the lease of land in which the plant is situated, for a period of 25 years, renewable for another 25 years with the mutual agreement of both parties. SCPC paid US\$3.19 million or its peso equivalent of ₱150.57 million as payment for the 25 years of rental.

As part of the agreement, SCPC has the option to buy the parcels of land that form part of the leased premises upon issuance of an Option Existence Notice. On July 12, 2010, PSALM issued an Option Existence Notice and granted the SCPC the "Option" to purchase parcels of land (Optioned Assets) that form part of the leased premises. SCPC availed of the "Option" and paid the Option Price amounting to US\$0.32 million or a peso equivalent of ₱14.72 million exercisable within one year from the issuance of the Option Existence Notice.

On May 5, 2011, PSALM granted SCPC's request to assign portion of its option to the Parent Company to buy the 82,740 square meters lot covered by TCT No. 115804.

On June 1, 2011, the Parent Company and SCPC exercised its option to purchase the Option Asset and subsequently entered into a Deed of Absolute Sale with PSALM for the total consideration of ₱376.61 million.

On October 12, 2011, SCPC reiterated its proposal to purchase the remainder of the Leased Premises not identified as Optioned Assets. One of the salient features of the proposal included the execution of Contract to Sell (CTS) between SCPC and PSALM. This included the proposal of SCPC to assign its option to purchase and sub-lease in favor of Southwest Luzon Power Generation (SLPGC).

On February 13, 2012, PSALM held off the approval of the proposal to purchase the portion of Calaca Leased Premises not identified as Optioned Assets, subject to further studies. On the same date, PSALM Board has approved SCPC's request to sub-lease a portion of the Calaca Leased Premises to SLPGC for the purpose of constructing and operating a power plant.

On February 24, 2012, SCPC sent a letter to PSALM for its proposal to handle the titling of Calaca Land.

As of the December 31, 2013, PSALM is pending for any response in connection therewith.

---

### 32. Notes to Consolidated Statements of Cash Flow

Supplemental disclosure of noncash investing and financing activities follows:

	2013	2012	2011
Increase in property, plant and equipment and liabilities arising from adjustments relating to decommissioning (Note 8)	<b>₱133,188,944</b>	₱275,903,977	₱226,731,248

Transfers from inventory to property, plant and equipment (Note 8)	–	223,519,372	1,607,455,720
Adjustments to provision for decommissioning and site rehabilitation (Note 15)	–	5,265,923	–

---

### 33. Operating Segments

#### Segment Information

For management purposes, the Group is organized into business units based on their products and activities. Segment revenues, cost and operating expenses, profit or loss, segment assets and segment liabilities assume measurement under PFRS. Reportable operating segments are as follows:

- Mining - engaged in surface open cut mining of thermal coal;
- Power - involved in generation of energy available for sale thru bilateral contracts, electricity markets and trading; and
- Others - other investing activities.

No operating segments have been aggregated to form the above reportable operating segments.

The chief operating decision maker (CODM) monitors the operating results of the Group for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on revenue, operating profit and pretax income which are measured similarly in the consolidated financial statements. Transactions between operating segments are made at terms and prices agreed upon by the parties.

1. Intersegment revenues, other income, cost and expenses are eliminated in the consolidation.					
2. Segment assets exclude deferred tax assets amounting to ₱139.96 million, ₱10.75 million and ₱19.75 million in 2013, 2012 and 2011, respectively.					
3. Segment liabilities exclude deferred tax liabilities amounting to ₱31.65 million, ₱36.55 million and ₱6.77 million in 2013, 2012 and 2011. Long term bank loans are no longer included as these are managed on a group basis.					
4. Significant noncash items charged to comprehensive income include loss on property, plant and equipment writedown and depreciation and amortization.					
5. Capital expenditures consist of additions of property, plant and equipment.					
6. All noncurrent assets other than financial instruments are located in the Philippines.					

Total power energy sold to MERALCO amounted to ₱10.73 billion, ₱6.14 billion and ₱5.18 billion in 2013, 2012 and 2011, respectively.

#### Geographic Information

##### *Revenues from external customers*

The financial information about the operation of the Group as of December 31, 2013, 2012 and 2011 reviewed by the management follows:

	2013	2012	2011
<b>Revenue:</b>			
Local coal sales	<b>₱5,287,388,411</b>	₱7,440,134,295	₱9,041,167,716
Export coal sales	<b>7,286,180,834</b>	7,010,021,039	7,160,712,695
	<b>₱12,573,569,245</b>	₱14,450,155,334	₱16,201,880,411

Substantially all revenues from external customer are from open cut mining and sales of thermal coal. Local and export classification above is based on the geographic location of the customer.

Customers on the export sales are significantly to China.

All revenues from power are derived from the Philippine market.

### 34. Other Matters

#### a. Electric Power Industry Reform Act (EPIRA)

In June 2001, the Congress of the Philippines approved and passed into law R.A. No. 9136, otherwise known as the EPIRA, providing the mandate and the framework to introduce competition in the electricity market. EPIRA also provides for the privatization of the assets of NPC, including its generation and transmission assets, as well as its contract with Independent Power Producers (IPPs). EPIRA provides that competition in the retail supply of electricity and open access to the transmission and distribution systems would occur within three years from EPIRA's effective date. Prior to June 2002, concerned government agencies were to establish WESM, ensure the unbundling of transmission and distribution wheeling rates and remove existing cross subsidies provided by industrial and commercial users to

residential customers. The WESM was officially launched on June 23, 2006 and began commercial operations for Luzon. The ERC has already implemented a cross subsidy removal scheme. The inter-regional grid cross subsidy was fully phased-out in June 2002. ERC has already approved unbundled rates for Transmission Company (TRANSCO) and majority of the distribution utilities.

Under EPIRA, NPC's generation assets are to be sold through transparent, competitive public bidding, while all transmission assets are to be transferred to TRANSCO, initially a government-owned entity that was eventually being privatized. The privatization of these NPC assets has been delayed and is considerably behind the schedule set by the DOE. EPIRA also created PSALM, which is to accept transfers of all assets and assume all outstanding obligations of NPC, including its obligations to IPPs. One of PSALM's responsibilities is to manage these contracts with IPPs after NPC's privatization. PSALM is also responsible for privatizing at least 70% of the transferred generating assets and IPP contracts within three years from the effective date of EPIRA.

In August 2005, the ERC issued a resolution reiterating the statutory mandate under the EPIRA law for the generation and distribution companies, which are not publicly listed, to make an initial public offering (IPO) of at least 15% of their common shares. Provided, however, that generation companies, distribution utilities or their respective holding companies that are already listed in the Philippine Stock Exchange (PSE) are deemed in compliance. SCPC was already compliant with this requirement given that the Parent Company is a publicly listed company.

#### *WESM*

With the objective of providing competitive price of electricity, the EPIRA authorized DOE to constitute an independent entity to be represented equitably by electric power industry participants and to administer and operate WESM. WESM will provide a mechanism for identifying and setting the price of actual variations from the quantities transacted under contracts between sellers and purchasers of electricity.

In addition, the DOE was tasked to formulate the detailed rules for WESM which include the determination of electricity price in the market. The price determination methodology will consider accepted economic principles and should provide a level playing field to all electric power industry participants. The price determination methodology was subject to the approval of the ERC.

In this regard, the DOE created Philippine Electricity Market Corporation (PEMC) to act as the market operator governing the operation of WESM. On June 26, 2006, WESM became operational in the Luzon grid and adopts the model of a "gross pool, net settlement" electricity market.

#### b. Power Supply Agreement with Manila Electric Company (MERALCO)

On December 20, 2011, SCPC entered into a new power supply agreement with MERALCO, a distributor of electric power, which took effect in December 26, 2011 and shall have a term of seven (7) years, which may be extended by the parties for another three (3) years.

SCPC will be providing MERALCO with an initial contracted capacity of 210 MW and will be increased to 420 MW upon the commercial operation of the plant's Unit 1.

On March 12, 2012, MERALCO filed an application for the *Approval of the Power Supply Agreement (PSA) between MERALCO and SCPC, with a Prayer for Provisional Authority*, docketed as ERC Case No. 2011-037 RC.

In the said application, MERALCO alleged and presented on the following: a.) the salient provisions of the PSA; b.) payment structure under the PSA; c.) the impact of the approval of the proposed generation rates on MERALCO's customers; and d.) the relevance and urgent need for the implementation of the PSA.

On December 17, 2012, the Commission (ERC) issued a Decision approving with modification of the ERC Case No. 2012-037 RC.

c. Clean Air Act

On November 25, 2000, the Implementing Rules and Regulations (IRR) of the Philippine Clean Air Act (PCAA) took effect. The IRR contains provisions that have an impact on the industry as a whole and on SCPC in particular, that need to be complied with within 44 months (or until July 2004) from the effectivity date, subject to the approval by DENR. The power plant of SCPC uses thermal coal and uses a facility to test and monitor gas emissions to conform with Ambient and Source Emissions Standards and other provisions of the Clean Air Act and its IRR. Based on SCPC's initial assessment of its power plant's existing facilities, SCPC believes that it is in full compliance with the applicable provisions of the IRR of the PCAA.

d. Contract for the Fly Ash of the Power Plant

On October 20, 1987, NPC and Pozzolanic Australia Pty, Ltd. ("Pozzolanic") executed the Contract for the Purchase of Fly Ash of the Power Plant (the "Pozzolanic Contract"). Under the Pozzolanic Contract, Pozzolanic was given the right to sell, store, process, remove or otherwise dispose of all fly ash produced at the first unit of the Power Plant. It was also granted the first option to purchase fly ash, under similar terms and conditions, from the second unit of the Power Plant that NPC may construct. It may also exercise the exclusive right of first refusal to purchase fly ash from any new coal-fired power plants which will be put up by NPC.

The Pozzolanic Contract is effective for a period of five consecutive five-year terms from its signing, or a period of 25 years from October 20, 1987 or until 2012, subject to cancellation by NPC upon default or any breach of contract by Pozzolanic. At the end of each five-year term, the parties will agree to assess and evaluate the Pozzolanic Contract, and if necessary, revise, alter, modify the same upon their mutual consent.

The Philippine Government has determined the provision of the Pozzolanic Contract which grants Pozzolanic the exclusive right of first refusal to purchase fly ash from the second unit of the Power Plant and from any coal-fired power plant put up by NPC after the execution of the Pozzolanic Contract as invalid. This is the subject of a case filed by Pozzolanic and pending before the regional trial court of Quezon City as of December 31, 2011. On April 30, 2012, the Company and Pozzolanic sealed its new contract valid and effective for a period of fifteen (15) years beginning February 1, 2012. Pozzolanic, as agreed, shall purchase One Hundred (100 %) percent of fly ashes produced or generated by the Power Plant.

e. Temporary Restraining Order on MERALCO

On December 23, 2013, the Supreme Court (SC) issued a temporary restraining order (TRO) to MERALCO enjoining it from increasing the generation rates it charges to its consumers arising from the increased generation costs from its suppliers for the supply month of November 2013. The said TRO also enjoined the Energy Regulatory Commission (ERC) from implementing its December 9, 2013 Order authorizing MERALCO to stagger the collection of its increased generation costs for the supply month of November 2013. The TRO was for a period of 60 days from December 23, 2013 to February 21, 2014.

On January 10, 2014, the SC impleaded MERALCO's suppliers of generation costs, including PEMC, the operator of the wholesale electricity supply market (WESM), as parties-respondents in the cases.

On February 18, 2014, the SC extended the TRO for another 60 days up to April 22, 2014.

As a result of the TRO, MERALCO has not been able to fully bill its consumers for the generation costs for the supply month of November 2013; and in turn, it has not been able to fully pay its suppliers of generation costs, including PEMC.

On March 11, 2014, the ERC released its ERC Order (Case No 2014-021MC, dated March 3, 2014) voiding the Luzon WESM prices during the November and December 2013 supply months and declaring the imposition of regulated prices in lieu thereof. PEMC was hereby directed within 7 days from receipt of the Order to calculate these regulated prices and implement the same in the revised WESM bills of the concerned distribution utilities in Luzon for the November and December 2013 supply months for their immediate settlement, except for MERALCO whose November 2013 WESM bill shall be maintained in compliance with the TRO issued by the SC.

Pending PEMC's actions and/or recalculation of the WESM prices for the November and December 2013 supply months in accordance with the ERC Order, and its effect on each generation company that trade in the WESM, the Company estimated its exposure to the said ERC order. Please see judgments and estimates in Note 3.

---

**35. Events after Reporting Date**

On March 6, 2014, the Parent Company's BOD approved the following matters, during their regular meeting, which are subject to approval of stockholders in their upcoming annual meeting on May 5, 2014:

- Stock dividends declaration amounting to ₱712,500,000, divided into 712,500,000 shares at the par value of ₱1.00 per share, or two (2) common shares for every one common share held, from the unrestricted retained earnings of the Parent Company as of December 31, 2013, and to be issued from the increase in the authorized capital stock of the Parent Company with delegation to the President of the power to determine the record date and payment dates;
- Change in corporate name to Semirara Mining and Power Corporation;
- Increase in authorized capital stock from ₱1,000,000,000 to ₱3,000,000,000;

- Change in principal office address from “Metro Manila” to “2/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City, Metro Manila” in compliance to SEC Memorandum Circular No. 6, Series of 2014; and
- Ratification of the Parent Company’s authority to execute the required securities and corporate guarantee in relation to the procurement of project debt facility by its wholly owned subsidiary, St. Raphael Power Generation Corporation (SRPGC) to fund Phase 2 of its power expansion at Calaca, Batangas, with capacity of up to 400MW and project cost of up to
- USD600 million, of which 70% shall be funded by debt, and the 30% equity requirement shall be funded by the Parent Company. The Parent Company pledged 67% voting shares and interim corporate suretyship in SRPGC for the project debt facility.
